No. 5440—*R.* 1778, *dated 20th December* 1897.

The Government of Mysore are pleased to direct that the following additions and alterations be made in paras 26 and 28 of the Rules for the grant of Loans under the Land Improvement Loans Regulation, issued under Notification No. D. 70 A, dated 4th January 1892:—

(1) After the word "payments" in the 2nd line of para 26, add "on or before the 30th June "of each year, the first annual payment being made on the 30th June following the "period in which the payment falls due."

(2) At the end of para 26, add "Provided, however, that if default is made in the payment "of any instalment as above, interest shall be charged thereon at the rate of 5 per "cent as fixed in para 24 above."

(3) After the word "commence" in line 2, para 28, substitute for the words "at the end" the words "on or before the 30th June following the close."

(4) In the same para and in lines 9 and 10 substitute for the words "at the end of," "on or "before the 30th June following."

(5) At the end of para 28 add the following proviso :—"Provided, however, that interest on "the said loan for the 1st year of such interval, shall be calculated from the date of "the grant of the last instalment of the loan up to 30th June following it."

(6) In the example given in the same para, alter "1st April 1893," "1st April 1894," "1st April 1895" and "1st April 1896" into "on or before the 30th June," and the 1st "Rs. 24" into "20+interest for additional three months," and the last three "Rs. 24" into "20" throughout.

(7) In lines 1 and 3 of the sub-para to para 28, substitute for "1st April" "on or before the "30th June," and in line 2, substitute "12·950" for "13·586," and "51-12-10" for "54-5-6."

2. Paras 26 and 28 modified as above will read as follows :—

"26. The loan with interest from the date fixed as per last preceding rule shall be repaid by the borrower by means of fixed annual payments, on or before the 30th June of each year, the 1st annual payment being made on the 30th June following the period in which the payment falls due. The number and amounts of such payments shall be determined by the Deputy Commissioner with reference to the convenience of the applicant and the necessities of the case, but so as not to exceed the maximum limits specified below :—

	Maximum Period.
	Years.
For loans up to Rs. 500 ..	10
Do from Rs. 500 to Rs. 1,000 ..	15
Do Rs. 1,000 and upwards ..	20

If, in any special case, a longer period for repayment is desirable, the special sanction of Government shall be obtained on a full report of the circumstances of the case. Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above."

"28. Repayment of loan by means of annual payments fixed under the last two preceding rules may, if the Deputy Commissioner so directs, commence on or before the 30th June following the close of the 2nd year from the date from which interest is calculable under Rule 25; but, if, in any special case, the Deputy Commissioner considers that the work for which the loan is given is such that a longer time must elapse before it yields a return, a longer interval not exceeding five years in any case may be allowed for the commencement of the repayment. If, under this rule, the Deputy Commissioner allows an interval of two or more years for the commencement of repayment, the annual interest on the whole of the loan shall be paid on or before the 30th June following each year of such interval, excepting the last of such years, on or before the 30th June following which shall be paid the first payment towards repayment. Provided, however, that interest on the said loan for the 1st year of such interval, shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it.

"*Example.*—Suppose the amount of the loan is Rs. 400, and the rate of interest five per cent, and the loan is paid to the borrower in instalments as follows :—Rs. 100 on 1st January 1892, Rs. 100 on 1st February 1892, Rs. 100 on 1st March 1892 and Rs. 100 on 1st April 1892, and suppose also that the Deputy Commissioner allows an interval of five years for the commencement of the repayment, and directs that the repayment shall be in ten years by means of annuities. Then under Rule 25, interest is chargeable on the loan only from 1st April 1892, and the borrower shall pay as interest on the whole loan under Rule 28, for the years of the five years' interval, *excepting the last*, as follows :—

				Rs.
On or before the 30th June		1893	.. ..	20+interest for additional 3 months.
Do	do	1894	.. ..	20
Do	do	1895	.. ..	20
Do	do	1896	.. ..	20

The repayment will commence on or before the 30th June 1897. The annual payment towards such repayment under Table E will be 4×12·950=51-12-10. The first of such annual payments must be made on or before the 30th June 1897, and the tenth and last annual payment will extinguish the loan on or before the 30th June 1906."

No. 5904—*R.* 1926, *dated 4th January* 1898.

Under Article 171 of the Mysore Service Regulations, C. Nageswara Iyer, Deputy Amildar of the Koratagere sub-taluk, Tumkur district, was granted casual leave of absence for five days, with effect from the 20th December 1897, the Amildar of Maddagiri being in charge of the sub-taluk in addition to his own duties during the absence of C. Nageswara Iyer on leave or until further orders.

The petition box kept at the Dewan's Office, Bangalore, will be cleared at 12 noon every day by the Secretary to Government, General and Revenue Departments, and, in his absence from Bangalore, by the Under-Secretary.

MYSORE GEOLOGICAL DEPARTMENT.

Notification No. 88 M—1897-98, *dated* 17*th November* 1897.

The Government of Mysore hereby directs the addition, to Form No. 4 (Mining Lease) appended to Notification (Geological Department) No. 46 M, dated the 13th of October 1897, of the following provision for renewal of the lease—

4. Renewal of lease.

"Provided also, and it is hereby agreed and declared, that if the said term of thirty years hereby granted shall not, prior to the termination thereof by lapse of time, have been determined under the provisions hereinbefore contained, and if the lessee shall be desirous of obtaining a renewed lease of the mining block for a further term of thirty years from the expiration of the term hereby granted and of such desire shall give to the lessors one year's previous notice in writing and shall pay the liabilities under this lease and perform and observe the several covenants and agreements herein contained and on the part of the lessee to be performed and observed up to the expiration of the term hereby granted, then and in such case the lessors will, upon the request and at the expense of the lessee, sign and deliver to the lessee a renewed lease of the mining block for the further term of thirty years in such form and subject to such royalty and other payments and such covenants, agreements and conditions, as the lessors may prescribe, and the lessee shall at the same time sign and deliver to the lessors a counterpart of such renewed lease."

No. 94—M, *dated, Bangalore, the* 9*th of December* 1897.

In exercise of the powers conferred by Sections 11 and 28 of the Regulation III of 1897 (The Mysore Mines Regulation, 1897) the Government of Mysore hereby prescribe the following rules :—

By Order of the Government of Mysore,

JOHN W. EVANS,

Secretary to the Govt. of Mysore,
Geological Department.

I—Preliminary.

1. In these Rules the word "Regulation" shall mean the Mysore Mines Regulation, 1897, and all words defined in that Regulation shall have the same meaning as in these Rules.

2. In these Rules—

(1) "Chief Inspector of Mines" means the senior Inspector of Mines for the time being.

(2) "Agent" means the agent or manager of the Mining Proprietor and the managing director or the directors if the Proprietor is a company, but not any one having the actual superintendence of mining operations.

(3) "Chief Underground Agent" is the officer of the mine who is in charge of the whole of the underground portion thereof.

(4) "Assistant Underground Agent" is an officer whose duty it is to assist the Chief Underground Agent.

(5) "Chief Engineer" is the officer in charge of all the machinery of the mine.

(6) "Assistant Engineer" is an officer whose duty it is to assist the Chief Engineer.

(7) "Mining Officer" includes the Superintendent, Chief Underground Agent, Chief Engineer, Accountant, Assayer and Cashier and their respective Assistants, and others holding posts of equal importance.

(8) "Underground foreman" is a subordinate official of the mine to whom the detailed execution of part of the duties of a Chief or Assistant Underground Agent is delegated.

(9) "Head timberman" means a miner whose duty it is to see that the fixing of timber is done in a proper and workmanlike manner.

(10) "Workman" includes every person working above or below ground and inferior in position to an underground foreman or head timberman.

(11) "Working place" is any portion of the underground workings where work is being carried on, including any winze, pass, way or other means of access thereto which is not used for general travelling purposes.

(12) "Working party" means a party of two or more men working at the same working place.

(13) "Mestri" means any workman in charge of a working party.

(14) "Contractor" is a person who contracts to drive, sink, or stope, clear dirt or do any other work for a consideration calculated on the work performed and who employs workmen who are paid by him and are not in the direct employment of the company.

(15) "Contractor's mestri" means any mestri in charge of a working party working under a contractor.

(16) The "immediate superior" of any person employed in a mine is the person, whether a Mining Officer or foreman or head timberman or contractor or mestri, from whom he takes orders. In the case of a workman other than a mestri, it will generally be the person in charge of his working place.

(17) "Medical Officer" is the duly qualified man appointed by the Proprietor to have medical charge of the persons employed. Any person with the qualification required for an Assistant Surgeon in the Mysore Medical Service or any superior qualification shall be considered duly qualified for the purpose of these rules. If no Medical Officer shall be appointed by the Proprietor, the Civil or Assistant Surgeon of the District shall be the Medical Officer of the mine for the purpose of these rules.

(18) "Shaft" shall include a shaft, or adit, or any incline which forms an entrance to a mine.

(19) A "Sinking shaft" is a shaft or part of a shaft exclusively devoted to its depth being increased.

(20) "Timber work" shall include masonry, iron-work or other means of securing ground.

(21) The expression "these rules" includes any general or special rules prescribed by the Government of Mysore under Sections 11, 12 or 28 of the Mysore Mines Regulation, 1897.

II—Protection of the Surface.

3. Places where mining operations have caused large cracks and falls of earth on the surface, or where such are likely to occur, must be properly fenced in.

4. For the protection of public squares, roads, railways, cemeteries, rivers, water-rights, buildings and other property on the surface, the reefs, or other mineral deposits must be left intact for such depth below them and for such horizontal distance as an Inspector of Mines shall prescribe.

5. The top and side entrances of all shafts and all holes and surface workings that are more than 10 feet deep must be kept securely fenced except so far as may be necessary to allow of mining operations being efficiently carried on. The fence may be removed for necessary work if due precautions are taken.

6. When any shaft or other excavation more than 10 feet deep made in the course of mining operations is or has been abandoned or the working thereof discontinued, at whatever time the abandonment or discontinuance occurs, the Proprietor thereof and every other person interested in the land in which such excavation is situated shall without delay either fill up such shaft or other excavation after obtaining the permission of an Inspector of Mines or protect the same by a substantial stone barrier on all sides at least 3 feet, 6 inches high and 2 feet thick.

7. In digging prospecting trenches or other workings not more than ten feet deep, the earth excavated must be used to form more or less regular ridges on all sides.

8. Prospecting trenches must be filled up within six months after being made except where a deposit of commercial value has been exposed.

9. Inadvertent access to water which contains poisonous or injurious chemicals used in extracting gold must be prevented by fencing or other effectual means, and, if necessary, notices must be put up in suitable places warning persons against using such water.

10. The remaining rules do not apply to excavations not exceeding 10 feet in depth nor any open working not more than 50 feet deep in which not more than 50 persons are employed in any one day nor any mine in which not more than 5 persons are employed in any one day.

III—Workmen.

11. Registers shall be kept at every mine of the names of (1) all persons directly employed by the Proprietor; (2) all contractors with the number of men they respectively employ; (3) all mestris, blasters and engine-drivers (if any) employed by contractors; (4) all females engaged in mining operations; (5) all persons below the age of twelve years engaged in mining operations.

The registers shall also state whether such persons are employed above or below ground.

12. Every mestri, blaster, and winding-engine-driver is required to hold a certificate in that capacity from an Inspector of Mines or one of his subordinates.

13. Any person who engages a workman who is new to the mine must arrange that he is properly looked after until he is acquainted with the mine.

14. Any workman sending a substitute in his place shall first obtain the permission of his immediate superior and shall at the same time inform him whether the substitute is acquainted with the mine. If he is not, the person so informed shall see that he is properly looked after. In the case of a substitute for a mestri or blaster the consent of an Underground Agent and in the case of a substitute for an engine-driver the consent of an Engineer must be obtained.

15. At every mine a room must be provided, proportionate in size to the numbers of persons employed and likely to require such a room, where underground workmen can change and dry their clothes. Engine and boiler rooms must not be used for this purpose.

16. No person shall be employed underground or in attendance on machinery who is under the age of twelve years.

IV—Underground Workings.

17. Every working place where work is being carried on shall be placed under the charge of an underground foreman or head timberman in the direct employment of the company or a certified mestri or blaster who shall be responsible for the safety of such place and must be present. Every other place underground where men are stationed or pass must be placed in the charge of an underground foreman or head timberman or certified mestri, in the direct employment of the company.

18. The person in charge of a working place or place where men are stationed or pass shall take all precautions to ascertain if the place is safe. If there is reason to suppose that there is any danger to persons working, stationed, or passing therein, he shall proceed at once to remove the source of danger, and if he is unable to do so himself, he shall inform an Underground Agent or other Mining Officer or (unless he is himself an underground foreman or head timberman) an underground foreman or head timberman of the fact as soon as possible and in any case before leaving the mine. He shall, in the meantime, stop all work or access to such working place except for the purpose of making

the place safe or saving life. A foreman or head timberman who receives information, under this rule, of danger to a working place shall be then considered in charge of such working place.

19. Arrangements shall be made for promptly supplying skilled assistance to the person in charge of any place where danger may exist.

20. Every working place and place where persons are stationed or pass shall be inspected at least once on every day when work goes on there during the morning shift and as far as practicable at least once a week in each of the other shifts by an Underground Agent or underground foreman or head timberman who shall satisfy himself that the place is in a safe condition and he shall report to the Superintendent any case of serious neglect on the part of the person in charge.

21. The examination under the above rules of any shaft by which men enter or leave a mine must be made by an Underground Agent or specially selected underground foreman, or head timberman, and the result of one such examination in every week must be entered in a book to be kept on the mine.

22. All shafts in use and all underground workings in which the ground is not sufficiently firm must be made secure with suitable timber work, and such timber work must be renewed as often as necessary to ensure the safety of the workmen and until so secured or renewed no person shall travel or work therein, except for the purpose of exploring or fixing or repairing timber. When it is absolutely necessary to work below ground suspected to be unsafe which cannot be removed or permanently timbered at once, temporary supports shall where practicable be employed.

23. Where timbering whether permanent or temporary is done by the workmen employed in other mining work, suitable timber shall be provided in sufficient quantity in the working place or in the immediate vicinity thereof.

24. In timbering a shaft care shall be taken that the wood employed in places where the ground is dry shall not be of an easily inflammable nature or the timber shall be coated with non-inflammable paint or solution.

25. All underground work shall be so far as possible carried on in such a manner as to avoid the danger of sudden collapses or heavy falls of ground.

26. Every person shall frequently and carefully and especially after any fall of ground, however slight, examine the place where he is working and see that it is safe in every respect; and no person shall work or remain in any part that is not secure and safe unless for the purpose of securing and making it safe; and if any person at any time finds that the place where he is working is not perfectly safe, he shall either secure it or leave the place, and in the latter case he shall at once inform his immediate superior.

27. Where a place is likely to contain a dangerous accumulation of water, a working approaching it shall not at any point within 40 yards exceed 8 feet in width, and 8 feet in height and there shall be constantly kept at sufficient distance, not being less than 5 feet 6 inches, in advance, at least one bore-hole near the centre of the working and sufficient flank bore-holes on each side.

28. In all underground mining operations the ground on the inside of the boundary lines must be left intact for a width of 6 feet from such boundaries, but the working, cutting through or removing these boundary pillars is allowed by agreement between the representatives of the adjoining mines.

V—Prevention of Falls of Things and Persons.

29. Tools, wood, stones, or any other loose articles shall not be put down or allowed to be in such a position in or near shafts or winzes, whether vertical or inclined, or openings into stopes where work is going on, as may result in their falling into them. When a shaft, winze, rise or stope leads directly into a travelling road or place where persons are stationed or at work, the traffic at such places must be guarded against danger from falling articles.

30 The top and all entrances between the top and bottom of shafts, winzes, shoots, or sliding holes and any opening into a stope more than 10 feet deep below a drive and other dangerous openings, except openings for ladder-ways, shall be provided with a permanent or removeable barrier in order to prevent persons or things from falling into them.

31. Every ladder-way-opening in any travelling road or place where men are stationed or pass shall be provided with a door for the purpose of closing the same when occasion requires. The door shall be closed when any work is being carried on which renders it possible that any person or thing might fall through such opening if it were not closed.

32. No person, in climbing ways that are used as shoots or passes, shall cast down any material, until he has made himself sure that no person is in the way.

33. Men engaged in sinking must be protected by a suitable covering from objects falling from above. The ladder-way may form part of such covering.

VI—Shafts and Outlets.

34. No Proprietor, Agent, or Superintendent of a mine shall employ any person in a mine, or permit any person to be in a mine for the purpose of employment therein, unless—

(*a*) There are at least two shafts or outlets with which all the underground workings of the mine have communication, so that such shafts or outlets afford separate and efficient means of ingress and egress available to all persons employed in the mine, whether the shafts or outlets belong to the same mine or to more than one mine:

Provided also, that such shafts or outlets must not at any point be nearer to one another than 30 feet: and that there is between two such shafts or outlets, a communication in the mine not less that 4 feet high and 4 feet wide and that sufficient means of ingress and egress are provided at each shaft.

35. The provisions of these rules shall not apply—

(1) To any shaft which is actually being sunk.

(2) To any work for the purpose of opening up communication, or

(3) To any work for the purpose of opening out the mine or proving or searching for minerals which does not continue for more than one year or does not extend for more than 50 feet from the shaft.

36. The provisions of these rules shall also not apply—

(1) To any other work for the purpose of opening out the mine or proving or searching for minerals.

(2) In case of an accident to a shaft.

(3) If the mineral would not repay the cost of a second shaft.

(4) In other cases where the circumstances of the case would render the provision of two shafts not reasonably practicable and where the rock is firm and there is no reason to apprehend danger from water or noxious gases;

Provided that the consent of an Inspector of Mines is previously obtained.

37. Where there is only one shaft and it exceeds 100 feet in depth and is not merely a sinking shaft, it shall be provided both with ladders and with other means of raising or lowering men.

VII—Inclines.

38. Every underground plane on which persons travel on foot, which is self-acting, (that is to say, the motive power is the weight of the load in the waggons), or worked by an engine windlass or gin, shall be provided (if exceeding 30 yards in length) with some proper means of communicating distinct and definite signals between the stopping places and the ends of the plane and shall be provided in every case with sufficient man-holes or places of refuge at intervals of not more than 20 yards. No person shall be allowed to travel on foot on any such plane, if there is not room for a person to stand between the tracks and one of the walls.

39. Every man-hole and space for a place of refuge shall be constantly kept clear and no person shall place anything in a man-hole or such space so as to prevent access thereto.

VIII—Hoisting Generally.

40. When hoisting is effected by means of an engine, the drums must be provided with an adequate brake so arranged that it can be easily controlled by the person in charge of the engine from his position at the starting gear.

41. In hauling, the bucket or skip, or any waggon in the cage must not be filled up to such a height that any of the contents can fall out, and the bottom of the same must be kept clean. If it be necessary the shaft must be provided with guides for the buckets.

42. In hoisting or lowering tools, wood, etc., ends projecting over the top of the cage, skip or bucket must be securely fastened to the hauling rope.

43. In vertical shafts where hauling is regularly effected with a bucket, the mouth of the shaft must be provided with a counterpoised or other devised door, waggon or jetty for preventing materials or persons falling down.

44. Entering a division in the hoisting compartment of a shaft, when hoisting is going on in that division, is prohibited except in cases of necessity.

45. If two skips work in the same inclined shaft, one must have a bell attached to it to distinguish it from the other, when in motion.

46. Windlasses, whims and whips in use at shafts and winzes must be provided with a stopper, lynch-peg or other reliable holder.

47. Care must be taken that the hooking on and off of buckets is done without danger to the workmen.

48. The connection between rope and bucket or skip must be of such a character that no accidental disconnection can take place.

49. Before an unguided bucket is raised or lowered it must be steadied.

50. The shaft and the rope, shackle and all other parts of the hoisting gear or apparatus connected therewith shall be carefully examined by a competent Mining Officer or foreman or head timberman once in every twenty-four hours.

IX—Raising or Lowering Persons by Machinery.

51. Ascending or descending in a sling of the hauling rope or an empty bucket or without guides or signals is only permitted in sinking to a depth not exceeding 150 feet, or with the consent of an Inspector of Mines.

52. Complete casing close to the bucket-way on two or more contiguous sides will be considered to be in the nature of guides in the case of a sinking shaft.

53. None but a thoroughly reliable and experienced engine-driver must be employed, when persons are being raised or lowered. He must be at least 21 years of age. The Chief Engineer must see that this rule is carried out.

54. Ropes used in raising and lowering persons and all cappings or sockets and shackles must be of the best manufacture and kept in good condition. The working load shall not be more than one-tenth of the breaking strain of the rope when new.

55. A similar spare rope must always be kept in reserve at mines where re is only one hoisting shaft.

56. The rope shall be securely fastened to the drum; and there shall be at least two turns of the ro e on the drum when the cage, skip, or bucket is at the bottom.

57. The diameter of the drum and the pulleys or sheaves on the head-gear, poppet-head or head-stock, shall not be less than 60 times the diameter of the rope used on them if persons are lowered or raised.

58. Before the commencement of or during each shift the cages or skips must be run up and down the shaft at least once before any person is raised or lowered.

59. In any mine where the winding apparatus, when used to raise persons, is not provided with some contrivance to prevent overwinding, the cage, skip or bucket shall not be wound up at a speed exceeding three miles an hour after it has reached a point in the shaft 50 feet from the surface landing, when men are being raised.

60. Every engine used in raising or lowering persons must be pr ovde with a brake acting on the drum so arranged that it can be easily controlled by the person in charge of the machine from his position at the starting gear, also a depth indicator (in addition to any marks on the rope) in order to show the engine-driver the position of the cage in the shaft. Provided that shafts not exceeding 150 feet in depth need not have an indicator.

61. Cages or skips used in raising and lowering persons must be provided with a top covering, and as a precaution against the breaking of the rope, with safety clutches.

62. Where skips, buckets or other appliances are not ordinarily used for raising persons, a person may in exceptional cases be raised without the precautions provided for in these rules, but the previous consent of the Superintendent or an Under-ground Agent shall, if practicable, be obtained. All available precautions must be adopted and every case must be separately recorded by the watchman in a book kept for the purpose and the reason which rendered it necessary must be expressly stated.

63. Every person who ascends or descends by a skip shall ride in it and not outside or on the edge. This does not apply to a timberman who is slowly lowered or raised in a shaft in order to examine it.

64. Arrangements shall be made to securely close any space between a cage by which persons ride and the side of the shaft by which persons leave or enter the cage. This rule also applies to a skip or bucket when used for raising or lowering persons.

65. Every cage shall be approved by an Inspector of Mines, who shall determine the maximum number of persons to travel in it. This number shall be stated in a notice at the top of the shaft. Any man who shall enter the cage after the maximum number are already there, shall be guilty of an offence against these rules. A watchman shall be stationed to prevent the infringement of this rule.

66. Arrangements shall be made to provide gates at the surface and every landing stage in a vertical shaft. These gates shall as far as practicable be self-acting and every workman shall be excluded from the landing stage compartment except for the purpose of ascending or descending or executing repairs.

67. A competent Mining Officer or foreman or head timberman appointed by the Superintendent for the purpose, shall frequently and in any case at least once in every twenty-four hours examine the state of the external parts of the machinery, the state of the shaft, of the guides and conductors in the shaft, and the state of the head-gear, ropes, sockets, shackles, chains, engine-brakes and other similar appliances in any way connected with the arrangements for raising or lowering persons, and shall make a true report of the result of one such examination once a week; and every such

report shall be recorded without delay in a book to be kept at the mine for the purpose, and shall be signed by the person who made the inspection.

68. If any dangerous defect shall be discovered during any inspection or at any other time, the person making such inspection or otherwise discovering such defect shall at once give notice to the engine-driver who shall cease raising and lowering persons until the defect is remedied.

69. A single linked chain shall not be used for lowering or raising persons in any working shaft or plane.

70. There shall be on the drum of every machine used for lowering or raising persons, such flanges or horns or such other appliances as may be sufficient to prevent the rope from slipping and the engine-driver shall see that these flanges or horns project beyond the outer coil of the rope or chain.

71. The engine-driver shall not leave the engine while any person is being raised or lowered. He shall not allow any one else to handle the engine, unless with the order or permission of one of the Chief or Assistant Engineers.

72. No one is allowed to ascend or descend a shaft on the top of a loaded bucket or skip, nor in the deck of a cage with a loaded waggon or other load.

73. When a mine is more than 600 feet in vertical depth and there are more than 300 persons working at the same time below that depth for each ladder way by which they have access to the mine, arrangements shall be made to lower and raise them by means of a cage. An Inspector of Mines shall have power to suspend the operation of this rule and, when it would be necessary to sink a new shaft in order to comply with this rule, shall take into account the financial condition of the mine.

X—Signals.

74 In all hoisting shafts proper signalling arrangements must be provided to enable signals by distinct and definite signs to be transmitted from the various landing places to the top of the shaft. Where men are lowered or raised by machinery arrangements shall also be made for return signals.

75. The shaft-top must likewise be connected with the engine-room by some efficient means of signalling.

76. The knocker or other sounding apparatus shall be so placed or arranged as to be heard both by the lander and by the engine-driver. The engine-driver shall act at once on the signal to stop, but shall not hoist or lower until the proper signal is given him by the lander at the shaft-top.

77. The lander shall not give any signal that will affect the position or movement of the cage, skip or bucket when it is in the shaft at such a distance as to be beyond his own supervision, without having first received a definite signal from those in charge of the cage, skip or bucket; but he may, when he believes that something is wrong, give the signal to stop.

78. No unauthorised person is allowed to give a signal. A special suspense signal shall be provided for cases where it is important to prevent the skip from being set in motion while special work is going on. If this signal be sounded the skip shall not be moved by the lander whatever signals are received till the receipt of another, releasing, signal, which shall only be given from the same station as the original suspense signal.

79. The first three or principal signals used must be the same in all mines and shall be as follows:—

Code of shaft signals.

One—to stop.
Two—to lower.
Three—to hoist.

80. The other signals will be prescribed by the Superintendent of the mine, but they must be in addition to and must not interfere with the foregoing code.

81. In case any signal is doubtful the lander or engine-driver shall not act upon it, unless he believes it may possibly be the signal to stop.

82. Notices explaining the meaning of all signals must be posted up in the engine-room, at the shaft-top, and at all signal stations and all other reasonable means must be taken to make the persons employed acquainted with them.

XI—Ladder-ways.

83. In ladder-shafts, making an angle of 25° or less with the vertical, platforms or sollars (resting places) must be provided at intervals not exceeding 30 feet. The hole for the ladder-way below the sollar shall, unless with the consent of an Inspector of Mines, be behind and not in front of the upper ladder. Ladders must be fixed at an inclination to the vertical of not less than 1 foot horizontal for every 10 feet vertical.

84. In shafts where the slope is less than 65° and more than 30° with the horizontal, sollars shall be placed at intervals of not more than 55 feet along the underlie or slope of the shaft.

85. All platforms and sollars shall be fenced so as to prevent accidents.

86. The ladders must be securely fastened to the timbering of the shaft, and maintained in proper repair.

87. The placing of ladders in a vertical or over-hanging position or at a steeper inclination than is laid down in Rule 83 is strictly prohibited; but when exceptional circumstances require it, ladders may be fixed perpendicularly or at any steep angle with the consent of an Inspector of Mines. This consent is not necessary for the lowest 30 feet of a sinking shaft.

88. Ladders must project at least 3 feet above the shaft-top and above every platform and sollar, or strong holdfasts must be provided at these places at distances of not more than 20 inches.

89. Only those ladder-ways shall be used in ascending or descending which are provided for the purpose, and the use of other shafts or shaft compartments as a means of ingress or egress is permitted only to those persons who are charged with the duty of making inspections or repairs.

90. A ladder-way, which is a compartment of a shaft used also for other purposes, must be closed off from the other compartments to such an extent as to prevent injury to workmen passing up and down the ladder-way

91. Carrying tools up or down a ladder-way in shafts at an angle of less than 20° with the vertical is prohibited except when required to repair the shaft itself. When tools are carried in a ladder-way they must be secured in a sling.

92. Temporary ladders or other means of climbing or keeping a footing while at work must be provided in sinks, winzes, rises, stopes, and other places where they are needed.

XII—Ventilation, Lighting, &c.

93. Sufficient ventilation must be provided to render all working places and travelling roads in a mine, under ordinary circumstances, in a fit condition for working and as far as possible free from fumes, smoke, dust or noxious gases.

94. A working place shall not be deemed to be in a fit condition for working in, if a candle will not burn erect when shielded from a draught.

95. Minerals, stone, rubbish or other material shall not be accumulated in drives, crosscuts or other underground works so as to interfere with ventilation. This expressly applies to ends driven by hand labor.

96. Every person who shall pass any door which is required to be kept shut for the production or promotion of ventilation in the mine shall take care to shut it closely when he has passed it.

97. When rock-drills are worked in dry ground the holes must so far as practicable be kept moist to prevent the atmosphere from being charged with dust.

98. Underground works (especially shafts, winzes and under-hand stopes) which have been abandoned or have been unused for some time must be ex-

amined by lowering a naked light into them, before being again used, in order to ascertain whether foul air is present.

99. Unauthorised entrance into closed or disused parts of a mine is prohibited and wherever possible should be prevented by boarding or otherwise.

100. Stationary lights must be provided at the working plats and signal stations in vertical and inclined shafts, and at night at the working places and signal stations on the surface.

101. Moving about without a light in any unilluminated part of the mine is prohibited.

102. The Superintendent shall make all necessary arrangements as shall be approved by the Medical Officer and as will be amply sufficient for keeping all the underground workings and roads clean from filthy matter and for the provision of pure drinking water below ground, and some person or persons who shall be appointed by the Superintendent for the purpose, shall be responsible for all working places and places where men work or pass, haulage roads and air-courses being constantly kept sanitarily clean.

XIII—Explosives.

103. A daily supply magazine shall be placed in the neighbourhood of each shaft for the supply of the daily requirements of the portion of the mine worked from that shaft. All explosives taken down the shaft shall be issued from this magazine when they are required for blasting purposes.

104. Each daily supply magazine shall be placed in such a position and constructed in such a manner as will in the opinion of an Inspector of Mines, as far as possible prevent the risk of injury to any person from the explosion or ignition of its contents. Detonators shall not be stored in a compartment containing or immediately adjoining one containing other explosives. No magazine shall be used for any purpose except the storage of explosives.

105. The storage of explosives underground is prohibited except in the following cases:—

(*a*) A small amount of explosives may be kept in boxes for unforeseen contingencies; each box must be securely made and kept locked and may not contain, except in cases coming under (*b*), more than half a pound of cartridges, six detonators and 3 yards of fuse. The detonators must be in a distinct compartment of the box separated by a strong partition from the rest. No box shall be so placed that there is any risk of its being exploded or ignited by the explosion or ignition of any other box or otherwise.

(*b*) When all the charges fired in a single shift are not fired at the same time, the explosives for the uncharged holes may be kept in the meantime at a safe distance. They must be placed in charge of some person responsible for them, where there is no risk of their being exploded or ignited.

(*c*) A magazine may in special cases be provided underground for storing the daily requirements of a mine or part of a mine in blasting materials, provided that the quantity of explosives of all kinds stored in such magazine shall not exceed an amount to be fixed by an Inspector of Mines and provided that the magazine shall be placed at a sufficient distance from any portion of the mine in which work is going on or which is used as a thoroughfare, that will in the opinion of an Inspector of Mines prevent the risk of injury to any person from the explosion of the maximum amount of explosives allowed in the magazine or from the fumes of the gases resulting from the

combustion of such maximum amount, and provided that every precaution is adopted which an Inspector of Mines may require to be taken to prevent the explosion or ignition of such explosives and the injury of any person thereby. Detonators shall not be stored in a compartment containing or immediately adjoining one containing other explosives.

106. Explosives must be in their ordinary manufactured form and of good quality and as far as can be practically known in good condition when distributed for use. Only one kind of detonator shall, except with the permission of an Inspector of Mines, be used in the same mine. It shall be of sufficient power for every kind of explosive used.

107. No working place must be supplied with a greater quantity of explosive material than will probably suffice for the requirements of the shift.

108. A book must be kept to record the quantity of explosive material supplied to each contractor or blaster.

109. Explosives issued from the magazine shall be taken directly to the working place and any unused explosives must be returned to the magazine near the shaft without any delay. Any one finding any explosive must take it at once to the nearest magazine.

110. The removal of explosives to any place not authorised by these rules and the sale or purchase of explosives in the mine are strictly prohibited.

111. Explosives including fuse, when issued from the magazine, must be carried at all times in secure cases or canisters and no case or canister may contain more than five pounds of explosives.

112. Detonators must not be carried in the same case or canister with other explosives.

113. Explosives shall not be sent down in a bucket, skip or cage unless there is a distinguishing mark attached to the bucket, skip or cage or they are accompanied by some one who is responsible for them. If taken down by ladder each case or canister must be securely fastened to the person carrying it.

114. All explosive material must be distributed, whether above or below ground, only by the person or persons appointed for that purpose by the Superintendent.

115. No fuse or explosives are allowed to be taken into the mine other than the brands specially authorized by the Superintendent.

XIV—Blasting.

116. Contractors and blasters will be personally responsible for the due observance of the following rules which shall be posted in a conspicuous place at the head of each shaft.

117. When blasting is carried on, there must be at least one certificated blaster present at every working place who is thoroughly acquainted with blasting and he must conduct the operations (prepare the charge, charge and fire the shots) and must see that these rules are observed. In an emergency a person may be authorized to act as a temporary blaster by the Superintendent or an Underground Agent who shall be responsible that such temporary blaster is competent.

118. If on account of the number of blasts or their distance from one another one blaster is unable to properly conduct the blasting operation, they must be divided into two or more working places each with a certificated blaster.

119. All lights must be removed to a safe distance during the preparation of the charges.

120. While explosives are being handled in any way, smoking is strictly prohibited.

121. Every blaster must carry a knife in order to be able to cut a burning fuse in case of necessity.

122. When blasting by means of a detonator, the fuse (with attached detonator) must only be inserted in the primer or last cartridge, immediately before it is required for use. But in the case of blasting in a sink, the fuse and detonator may be inserted at the nearest platform or sollar or the point from which the bucket starts.

123. No description of fuse which is known to burn irregularly or to explode while burning shall be used.

124. In charging or stemming the holes, the use of an iron or steel tool, scraper, or tamping rod is prohibited, and no explosive shall be forcibly pressed into a hole nor shall it be pressed or struck when at the bottom of a hole.

125. Only sand loosely filled in, soft clay, or water shall be used as tamping material for any explosive requiring the use of a detonator. A thick wad of paper about 1 inch long must however be placed next to the primer if sand or clay tamping is employed. The tamping must be at least 6 inches deep.

126. No force must be used in tamping except in the case of gunpowder when a wooden rammer must be used.

127. No more than eight holes in a drive or stope or in a shaft exceeding 60 square feet in area and not more than six in a shaft of smaller area or in a winze or rise shall be fired in the same round, unless the charges are fired by electricity or the fuses united so as to be ignited by applying a light at not more than four points or unless special permission is given by an Inspector of Mines.

128. Only those holes must be charged which are intended to be fired in the next round and all holes which have been charged must be fired together.

129. Blasting gelatine and other explosives shall not be lighted in order to set fire to fuses or for any other purpose.

130. Before firing a shot, due warning must be given to persons near, by shouting the fire signal. The number of shots intended to be fired must be mentioned.

131. Every blaster in underground workings shall see that a sufficient guard is placed on every avenue and passage of approach to the locality of the shot about to be fired, so as to prevent any person, not having received his caution, from placing himself in dangerous proximity to the shot.

132. Before firing a shot in any place which is likely to be holed through by such blast into another place, the person about to fire the shot shall satisfy himself that no person is in dangerous proximity on the other side at the time, and every person about to fire such a shot shall take precautions to prevent any person going near such place until after all the shots have exploded.

133. The number of shots exploding must be counted by at least two persons, one of whom must be the blaster who fired the holes.

134. Unless both are certain that all the shots have exploded, or in the case of a misfire, such working place must not be re-entered for thirty minutes after blasting. If any charge is known to have burnt away without exploding, the working place must not be entered for one hour. When firing is effected by means of electricity, the working place may be re-entered as soon as the source of the electricity has been disconnected from the cable and the place becomes clear of fumes.

135. Boring out a hole that has once been charged or withdrawing a charge either before firing or after a misfire is strictly forbidden, and also the deepening of or tampering with holes which after blasting with explosives have been left standing. Any new hole must be drilled as far away as practicable from an old one and never within three feet of a misfire.

136 Misfires must be blasted as soon as possible. If the tamping is of sand or clay, the best method is to wash (sludge) out the tamping with water, or if preferred a portion not exceeding 4½ inches may be removed with a wooden or copper scraper, but in any case the paper must be left untouched. No other procedure may be followed. The fuse and detonator must not be removed. Another primer or other cartridge with fuse and detonator will then be inserted and exploded in the usual manner. The blaster must before leaving the mine give information of all misfires which have not been blasted to an Underground Agent or underground foreman, or head timberman and, if he works under contract, also to the contractor.

137. Till a misfire has been blasted the blaster shall post a man to warn all persons working or being in the neighbourhood of the fact until relieved by another man appointed for the same purpose by an Underground Agent or underground foreman or head timberman or the contractor or the mestri in charge of the working party belonging to the next shift.

138. After any blasting has taken place (when there has been no misfire or burning away of the explosives) no person must go to the place within ten minutes from the time of the last explosion or such longer time as may be necessary for the place to become clear of fumes. The only exception is when any person is believed to have been injured by the blast or in danger of suffocation from the fumes.

139. Before commencing work after blasting, the blaster or the person in charge of the working place must be the first to go to the face of the working, and until he has pronounced it to be perfectly safe no other person is allowed to proceed there, except for the purpose of making it safe.

140. If there is any loose ground it must all be removed before any other work is done.

141. In removing the material brought down or blown out by blasting, special attention must be paid to ascertain if there are any unexploded cartridges or portions of cartridges.

XV—Machinery.

142. All steam-boilers, compressed-air-receivers and driving-gear must be in the personal charge of competent men appointed by the Chief Engineer. Every steam-boiler and air-receiver shall have attached to it a proper safety-valve and steam-gauge and water-gauge or air-gauge and shall be inspected by an Engineer once a week at least.

143. A notice shall be posted up in every engine-house specifying the highest pressure to which the steam or air in every boiler or receiver in or adjoining such engine-house may be raised and the minimum height of the water in every boiler.

144. The weight of every safety-valve shall be fixed on the lever so that it cannot be inadvertently shifted so as to increase the pressure.

145. Every boiler shall be cleaned out and examined internally at least once in every twelve months and a record shall be kept at the office of the mine of the condition at the time of every such cleaning.

146. All exposed parts of machinery which are dangerous when in motion must be railed or partitioned off in such a manner that no accident can occur except through carelessness.

147. Every person in charge of any boiler, engine or other appliance, apparatus or machine shall see that it is in proper condition before commencing work and if there is any defect shall remedy the same or report it to a Chief or Assistant Engineer and must see that the boilers are kept properly supplied with water and no extra weights of any kind are added to the safety-valves of boilers and receivers and that the allowed pressure of steam or air is not exceeded. If anything occurs to prevent the boiler being adequately supplied with water he shall damp or draw the fire without delay and in case of any dangerous defect shall stop work until it is remedied.

148. Engine-drivers and firemen are not allowed to work longer than the ordinary shift prescribed at a mine unless it is absolutely necessary. If the driver or fireman of a winding engine shall work longer than the prescribed shift, an entry of the fact must be made in a book kept for the purpose. No engine-driver or fireman shall leave his engine except when absolutely necessary during his shift. He shall not allow any one else to handle the engine unless with the order or permission of one of the Chief or Assistant Engineers or in case of emergency.

149. In the case of an engine-driver of a winding-engine in which persons are raised or lowered the shift shall not exceed eight hours in twenty-four and

in the case of an engine-driver of any other winding-engine, shall not exceed ten hours except in the case of small mines not exceeding 400 feet deep or with the permission of an Inspector of Mines.

150. All machinery must be kept clean and properly oiled and shall be inspected at the commencement of every shift.

151. Electric machinery of every description and all electric conductors must be so placed and protected in such manner as to preclude the possibility of accidents through inadvertent acts, and so that they are not likely to set fire to any part of any building.

152. Touching electric conductors, electric machines or electric apparatus of any description is forbidden, except to the working staff when using the necessary precautions.

XVI—Procedure in case of Accident.

153. Whenever an accident happens at a mine either above or below ground which results in the death or serious injury of any person or which causes personal injury (whether serious or not) arising from an explosion of any kind or from the fumes of an ignited explosive, or from the bursting of anything containing steam, compressed air or other substance at high pressure, the Superintendent or other Superior Officer of the mine must at once give notice thereof in writing to an Inspector of Mines and the Police authorities, stating fully all particulars attending such accident, in accordance with the form in the schedule to these rules.

154. A serious injury is one which results or is likely to result in loss or permanent damage to any limb or organ or portion thereof, simple fracture of any of the larger bones (including the bones of the skull), compound fracture of any bone, dislocation of the hip or knee, great loss of blood, internal bleeding, prolonged unconsciousness or danger to life or which may be declared to be serious by the Medical Officer.

155. If a death subsequently occurs from the effects of an accident already reported the Superintendent shall report such death as soon as it comes to his knowledge.

156. The place where the accident occurred must be left undisturbed until an Inspector of Mines has visited and examined it, or until the expiration of two clear days unless the stoppage of work at that place would seriously impede the work of the rest of the mine.

157. The proprietor shall see that the following medical provision is made for persons employed in mining operations:—

(1) if the number of persons so employed exceeds 1,500, one qualified Medical Officer residing within three miles;

(2) if the number of persons so employed exceeds 250 and does not exceed 1,500, one qualified Medical Officer residing within ten miles and if the Medical Officer does not reside within three miles, then in addition one trained Hospital Assistant within three miles;

(3) if the number of persons so employed exceeds 50 but does not exceed 250, then one trained Hospital Assistant within five miles;

these distances will be measured from any part of the mine where more than 50 persons are employed.

158. If any Medical Officer who is not employed by the Proprietor shall attend on any person employed in mining operations, the Proprietor shall pay such amount for his services as the Senior Surgeon in Mysore shall direct.

159. In order to render immediate assistance in cases of injuries such as broken bones, wounds, bleeding, contusion, scalding and suffocation there must be ready at hand at every mine all such necessary articles and medicines as the Medical Officer shall direct and also an ambulance for the removal of injured persons, and so far as possible every person in charge of any work below ground shall be acquainted with the means of giving first aid to persons injured.

160. Every workman receiving any personal injury in any mining operations shall before leaving the mine report the same to one of the Mining Officers or the Medical Officer or the watchman at the top of a shaft or to his immediate superior and any person to whom such report is made shall at once communicate the same to the Superintendent.

XVII—Mine Plans.

161 A general plan, made by a competent surveyor, of the land, which is in the possession of the Mining Proprietor, for mining purposes or over which he holds any mining rights, to a distance of 600 feet from any point where mining operations are or have been carried on, but not beyond the limits of such land, must be kept at the mine, and be made up at least every four months.

162. The general plan must show the Government survey marks (if any), the boundaries of the land, the outcrops, as well as the actual strike and dip of the reefs or other mineral deposits so far as known, all open surface workings, shaft openings, bore-holes, water-furrows, reservoirs, tailings sites, public roads and railways and the principal buildings and sites of mining and metallurgical plant. It must also show the geographical meridian.

163. Besides the general plan referred to above, the Superintendent must keep in the office of the mine an underground working plan and section or sections showing clearly all the workings surveyed up to within four months from date.

164. The underground plans and sections must in particular show clearly all shafts, bore-holes, drives, crosscuts, winzes, rises, excavations (stoped ground) and any tunnels and passages connected therewith, and the position of all permanent winding gear, pumps, ventilating fans, brattices and doors for regulating ventilation and all underground bench marks, and stations of the underground survey and in addition thereto the vertical depth of bore-holes, the depth at which the mineral deposits have been intersected, the general strike of the reefs or mineral deposits, with their dips at different points, and the dislocations of the strata.

165. All plans must be on the scale of 30 or 60 feet to one inch.

166. All bench marks or stations of the underground surveys must be properly marked with holes and plugs, and care taken to preserve them in view of subsequent surveys.

167. The plottings of every survey must be made from a line or lines representing on the plan the true geographical meridian.

168. In case of a mine or any considerable part of it being intentionally abandoned, the general and underground plans and underground sections must first be completed up to date, and the same or exact copies thereof must be sent to the Chief Inspector of Mines within two months of such abandonment.

169. All underground workings must, when it is possible, first be surveyed before being allowed to become inaccessible.

170. Any Proprietor, Agent or Superintendent or other person engaged in mining operations who wilfully withholds any portion of a mine plan, or conceals any part of the workings, or knowingly allows the mine plans to be incorrect is guilty of a breach of these rules.

XVIII—Government Returns and Inspections.

171. The Superintendent of a mine must send in to the Chief Inspector of Mines a statement showing the quantity of quartz crushed and the gold obtained and other mining returns and statistics in the form prescribed by the Government of Mysore.

172. In any of the following cases, namely—

(1) where any working is commenced for the purpose of opening a shaft for any mine;

(2) where a shaft of any mine is abandoned or the working thereof discontinued;

(3) where the working of a shaft of any mine is recommenced after any abandonment or discontinuance for a period exceeding two months; or

(4) where any change occurs in the name of any mine or in the Proprietor or in the name of the Proprietor;

the Proprietor or the Agent or the Superintendent shall give notice thereof to the Chief Inspector of Mines within two months after such commencement, abandonment, discontinuance, recommencement or change, and if such notice is not given, the Proprietor, Agent or Superintendent shall be guilty of an offence against these rules.

173. The Chief Inspector of Mines shall be informed of every appointment or removal of any Agent or Superintendent within one month after such appointment or removal.

174. The Inspector of Mines or his authorized representative shall at all reasonable times have access to the plans and sections in order to examine and inspect them, take copies thereof and make extracts therefrom; and shall be entitled to enter upon any part of the mine above or below ground and inspect and examine the state and condition thereof and of the mines and buildings and mining and metallurgical plant therein or thereon and the mode in which operations are carried on and hold enquiries as to accidents, but so far as possible in such a manner as not to impede or obstruct the working of the mine, and the Proprietor, Agent and Superintendent shall, with proper persons employed in the mine and acquainted with mining and metallurgical operations and with the engines, machinery and apparatus and other mining and metallurgical plant upon or within the mine effectually assist in the conduct of every such inspection or examination, affording all information required therefor.

175. Notice shall be given to the Chief Inspector of Mines if any working approaches within a horizontal distance of a railway equal to twice its depth below the surface, or to 500 feet, whichever is less.

176. If any mine is worked in a manner which, though not expressly forbidden by the provisions of these rules, is nevertheless dangerous, an Inspector of Mines may require the matter to be remedied and the representative of such mine shall comply with such requisition, or else submit the matter to arbitration.

177. An Inspector of Mines is also entitled to take, or cause to be taken, such samples of ore, quartz or other minerals from any reefs, beds or deposits or from any intermediate or final products extracted, obtained or produced in the course of any mining operations, as he in the execution of his duty may think fit, but if they be of more than two pounds weight, or contain more than five grains of gold, or be taken more than once in three months the Government shall pay for the same at a fair valuation.

178. Every person who wilfully obstructs an Inspector of Mines in the execution of his duty and every Mining Proprietor, Agent or Superintendent who refuses or neglects to furnish to an Inspector of Mines the means necessary for making any entry, inspection or enquiry under the Mysore Mines Regulation 1897 or these rules shall be deemed to commit a breach of these rules.

179. An order by an Inspector of Mines suspending or postponing the operation of any of these rules or giving any permission under these rules shall not be valid unless it is in writing. Any such order may be subsequently revoked by an Inspector of Mines.

180. The Superintendent, or in his absence the highest Mining Officer who can be found, shall, upon application by any local Magistrate or Police Officer not below the rank of chief constable whose duties require him to visit the mine, give him every facility for the purpose.

XIX—Bribery and other undue influences.

181. Any person who shall render any service or use any threat to any other person with the view of preventing any workman, contractor, foreman, Mining Officer, Government servant or other person engaged or expecting to be engaged in mining operations or in work connected with the Government inspection of mines

from exactly complying with these rules or from performing duly, honestly and without favor to any person or persons the duty he is employed to perform or shall attempt or agree to render any such service or use any such threat, or shall accept or attempt or agree to accept any such service or shall on receiving any such threat fail to at once inform a Mining Officer thereof shall be guilty of the breach of these rules.

182. Any workmen, contractor, foreman, Mining Officer, Government servant or other person engaged or expecting to be engaged in mining operations or in work connected with the Government inspection of mines, who shall accept any service from any person or persons who is concerned or is likely to be concerned in any operation, proceeding or business transacted or likely to be transacted by the person accepting such service or having any other connection with the duties he or any person to whom he is subordinate or likely to be subordinate is employed to perform, or from any person who is interested in or related to the person so concerned or likely to be concerned, shall also be guilty of the breach of these rules.

183. For the purpose of these rules a service shall be considered to include the payment of any sum, the gift or sale without adequate consideration of any thing and every other favor or gratification of any description whether estimable in money or not; but not recognised and legitimate remuneration for mining work.

XX—General Rules.

184. The working of the mine shall be under the general control and responsibility of the Superintendent.

185. The Superintendent or other Mining Officer acting under his instructions, shall, at least once in three days, while the men are at work, visit and examine every working place in the mine and all machinery and other mining operations of every description below ground or on the surface and shall see that safety in every respect is ensured.

186. Except under the provisions of these rules no person shall enter a mine who has not previously obtained the consent of the Superintendent or his representative.

187. No person is allowed to enter a mine in an intoxicated condition, or if known to be subject to any complaint which might place his life in danger.

188. Unauthorized entrance into any shaft or other working or into any shed or enclosure or into any place where machinery or boilers or receivers are erected or other mining operations are carried on is prohibited, and notice to this effect must be posted up at all entrances.

189. No workman shall, except in cases of emergency go to any part of the mine except where it is necessary for him to go in the course of or when coming to or from his work.

190. For the purpose of making these rules known to all persons in and about the mine, printed copies thereof must be posted in conspicuous places at the mine where they can be conveniently read, and every person employed in or about the mine is enjoined to thoroughly acquaint himself with them so far as they affect his duties.

191. All rules and notices shall be printed or written in such languages as an Inspector of Mines shall direct and must be posted up in a position where they can be easily seen by persons frequenting the place.

192. All rules and notices posted in or about the mine must be authorized by the Superintendent.

193. Any person pulling down or otherwise defacing any rules or notices when so posted up is liable to punishment.

194. In all cases where any person is required by these rules to make any report he shall sign his name to it. If he is unable to write he shall be present when his report is written, and shall have it read over to him and shall attach his mark to such report in token of this having been done. The name of the person writing the report shall also be entered at the end of the report together with a statement of its having been read over to the person on whose behalf it is written.

195. All persons are enjoined to thoroughly acquaint themselves with and carry out the sanitary arrangements in the mine which may from time to time be made by the Superintendent with the approval of the Medical Officer. Any

person who does not conform to these arrangements shall be deemed to commit a breach of these rules.

196. Where the duties of more than one post are entrusted to the same person, that person shall be bound by and observe the rules attached to each such post.

197. No person shall depute any one to do his work without the sanction of his immediate superior.

198. No person shall wilfully damage or without proper authority remove or render useless any fence, fencing, manhole, place of refuge, casing, guide, signal or means of signalling, chain, flange, horn, brake, indicator, steam-gauge, water-gauge, safety-valve or other appliance or thing, which has been provided for the purpose of carrying out these rules or for the safety of the workmen or otherwise for the purpose of properly carrying on mining operations, or which may be obtained or produced in the course of mining operations; nor is any one permitted to alter, remove, or in any way render useless any arrangement in the mine provided for the above purposes without the consent of the Superintendent.

199. If any person employed in a mine shall by any act or omission wilfully or negligently do anything which may allow or facilitate injury to, or loss, destruction or theft of any property employed in or produced in the course of mining operations, he will be deemed to commit a breach of these rules.

200. Any person employed in or about the mine who shall by any act or omission wilfully or negligently do anything likely to endanger life or shall wilfully or in a careless or thoughtless manner expose himself to danger will be deemed to be guilty of a breach of these rules.

201. Every person who shall forge or falsify a certificate granted under these rules or use a certificate falsely purporting to be granted under these rules or use a certificate granted under these rules as his own which was granted to another person or shall sell or dispose of a certificate granted or falsely purporting to be granted under these rules shall be guilty of a breach of these rules.

202. Fines and deductions from wages, other than fines levied under the Mysore Mines Regulation, 1897, shall only be levied and made by a Mining Officer.

203. No person shall refuse or neglect to obey any orders issued with a view to the safety or the convenience or proper discipline of the mine, not being inconsistent with these rules, by any person under whose orders he is placed, nor shall he interfere with, impede or obstruct any person in the discharge of his duties or interfere with or obstruct the working of the mine.

204. All workmen shall strictly adhere to these rules and to any directions issued by the Superintendent with a view to their safety or convenience or the proper discipline of the mine, not being inconsistent with these rules, contained in the notices fixed for the guidance of the workmen in or about the mine. All standing orders must be in writing and signed by the Superintendent.

205. Any person, who may observe or be informed or be aware of any neglect or infringement of these rules or of any damage to or deficiency or defect in any travelling road, fence, casing, hoisting-gear, rope, chain, engine, machinery or other appliance or structure in or about the mine, or of any loose ground, defective ventilation or other circumstance, act or proceeding which might cause danger to any person, shall report the case to his immediate superior or to the Superintendent, or (unless the person reporting the same is a Mining Officer) to any Mining Officer or (if the person reporting the same is a workman) to any underground foreman or head timberman, and shall do all in his power to prevent th death or injury of any person.

206. Any one who shall knowingly permit any person over whom he exercises authority to commit or shall otherwise abet a breach of these rules shall himself be deemed to commit a breach thereof.

207. Every person employed in mining operations (other than a Proprietor, Agent or Superintendent) who is wilfully or negligently guilty of any act or omission, which in the case of a Proprietor, Agent or Superintendent would be a breach of these rules, shall be deemed to commit a breach of these rules.

208. All workmen, who neglect to observe any of the provisions of these rules, may be suspended or discharged and ordered out of the mine by the Superintendent or other Mining Officer.

209. No person shall be selected or allowed to perform or shall perform any duty in connection with any mining operations unless he is fully competent and qualified to carry out the work allotted to him.

210. The Proprietor, Agent and Superintendent shall provide for the safety and proper discipline of the men employed above and below ground, and appoint such persons as may be necessary for carrying out the provisions of these rules and, in the case of any contravention of or non-compliance with these rules by any person whatsoever, the Proprietor, Agent and Superintendent shall each, unless he proves that he has taken all reasonable means, by publishing and to the best of his power enforcing these rules, to prevent such contravention or non-compliance, be deemed to have committed a breach of these rules. It shall be the duty of the Superintendent to prosecute any person employed on the mine who is guilty of a breach of these rules, except in cases which are so trivial that a prosecution is inadvisable.

211. If there is anything in the construction of any mine which at the time of the issue of these rules is not in accordance with these provisions the Inspector of Mines shall have power to postpone the operation of these rules in such cases for such period as he shall think fit.

REPORT OF ACCIDENT (1)

Date of accident—

Day of the week—

Class of accident (2)—

Number killed—

Number injured—

Name of mine—

Name of shaft—

Level (3)—

Locality (4)—

Time of accident (5)—

Persons killed.	Name.	Age.	Occupation (6).	Hours worked before accident.	Nature of injury causing death and date of death.

Persons injured.	Name.	Age.	Occupation (6).	Hours worked before accident.	Nature of injury.

EXPLANATIONS.

(1) Every accident resulting in the death or serious injury of any person and every accident causing personal injury (whether serious or not) arising from an explosion of any kind, or from the fumes of an ignited explosive, or from the bursting of any thing containing steam, compressed air or other substance at high pressure, must be reported.

An injury is to be considered as serious when it results or is likely to result in loss or permanent damage to any limb or organ or portion thereof, simple fracture of any of the larger bones (including the bones of the skull), compound fracture of any bone, dislocation of the hip or knee, great loss of blood, internal bleeding, prolonged unconsciousness or danger to life or which may be declared to be serious by the Medical Officer.

(2) Insert numbers corresponding to the following classes :—

1. Falls in mine.—Fall of roof.
2. Falls in mine.—Fall of sides. (*a*)
4. In and at shafts (*b*).—Overwinding.
5. In and at shafts.—Ropes and chains breaking.
6. In and at shafts.—Whilst ascending or descending by machinery.
7. In and at shafts.—Falling into shaft from surface.
8. In and at shafts.—Falling from part way down.
9. In and at shafts.—Things falling from surface.
10. In and at shafts.—Things falling from part way down.
11. In and at shafts.—Miscellaneous (*c*)
13. Miscellaneous below ground.—Suffocation by gases.
14. Miscellaneous below ground.—By explosives.
15. Miscellaneous below ground.—Irruptions of water, and falling into water.
16. Miscellaneous below ground.—On inclined and engine planes. (*c*) (*d*)
17. Miscellaneous below ground.—By trams or tubs, but not on inclined and engine planes.
18. Miscellaneous below ground.—By machinery.
19. Miscellaneous below ground.—By other causes.
20. On surface.—By machinery.
21. On surface.—Boilers or steam pipes bursting.
22. On surface.—On railways or tramways belonging to mine.
23. On surface.—Miscellaneous.

(*a*) Falls of the hanging wall are to be included in this class.

(*b*) Winzes and rises are not to be considered as shafts for the purpose of this report. This applies to classes 4 to 11.

(*c*) An accident must not be placed in class 11 or class 16, if it also comes in any other class.

(*d*) Where the underlie is so great that waggons are hauled up a shaft on rails, the shaft is to be considered an incline for the purpose of this report.

(3) If on surface, say so. All accidents on the surface works of the Company must be reported.

(4) If in a stope, state which stope, and whether underhand or back stope. Also in what part of the stope.

(5) The twenty-four hours should be used as in railway time-tables.

(6) If the person is a female, the fact should be noted in this column in addition to her occupation.

This report, after being filled in and signed by the Superintendent or other superior officer of the mine at the foot of page 2, should be folded and posted.

NOTIFICATION BY THE GOVERNMENT OF MYSORE.

GEOLOGICAL DEPARTMENT.

No. 100—M., *dated, Bangalore, 9th December* 1897.

Whereas the Government of Mysore have, for the present, decided to restrict the number of mining concessions granted in the areas specified in the schedule hereto as therein stated, and to grant such concessions only upon special terms, now it is hereby notified that applications for leases in the said areas will be received subject to the following conditions :—

I. The application may be either for a prospecting license or mining lease and shall be made under the provisions of the Notification (Geological Department,) No. 46-M, dated the 13th October 1897, as modified by Notification No. 88-M, dated 6th December 1897, and in the forms appended to the former Notification.

II. Each application must state, what consideration (in addition to that provided for in the said Notifications) the applicant is prepared to pay to the Government of Mysore. Such additional consideration may be either in the nature of a present or future payment or of a share of profits (either subject to the payment of a specified minimum dividend or not).

III. The application must be enclosed in a cover duly sealed and superscribed with the words "Application for a prospecting license in a reserved area" or "Application for mining lease in a reserved area" and addressed to the Secretary to the Government of Mysore in the Geological Department, Bangalore.

IV. The application must reach the Secretary to the Government of Mysore in the Geological Department on or before the 31st March 1898.

V. The Government reserves to itself the right to reject any application without assigning a reason.

VI. The number of prospecting licenses or mining leases granted in the areas specified in each part of the schedule hereto shall not exceed those stated in the last column of that schedule.

VII. The names of the successful applicants will be published in the *Mysore Gazette* with a description of the areas or mining blocks for which the applications are accepted.

VIII. The payments made under the provisions of the said Notifications by applicants whose applications are rejected will be returned to them as provided therein.

IX. Should any successful applicant fail to comply with the terms of his application or of the said Notifications, any sum paid by him under the provisions of the said Notifications shall be forfeited to the Mysore Government and his application shall be cancelled.

X. Copies of the maps of the Topographical Survey of Mysore (scale one mile to the inch) showing the situation of the areas mentioned and the blocks already taken up therein are maintained in the Office of the Geological Department, Bangalore, and will be open free of charge to the inspection of the public on application to the Secretary to the Government of Mysore in the Geological Department.

By Order,

JOHN W. EVANS,

Notification No. Gen. 7608—*Legis.* 39, *dated 5th January* 1898.

The following draft of rules proposed to be made under Section 18 of the Mysore Factories Regulation 1892, is published for general information as required by Sub-Section (4) of the said Section and will be taken into consideration by the Government on or after the 1st day of April 1898. All objections and suggestions, which may be received with respect to clauses (2), (3) and (4) of Rule 7 and to the Rule made under clause (2) of Section 18 of the Regulation before the above date, will be duly considered.

DRAFT RULES (1).

In exercise of the powers conferred upon it by Section 18 of the Mysore Factories Regulation IV of 1892, the Government of Mysore is pleased to prescribe the following rules :—

1. All references to "the Regulation" or "the Factories Regulation", in these rules are to be understood as referring to the Mysore Factories Regulation IV of 1892.

2. A register of Factories in Form A annexed to these rules shall be maintained by each District Magistrate for all factories other than railway factories within his district and by the Assistant to the Chief Engineer for all railway factories. In these rules the words "registering Inspectors" mean and include these Inspectors only.

3. On the publication of these rules the registering Inspector shall give notice to the manager or occupier of every factory within his jurisdiction intimating his intension of placing such factory upon his Register of Factories (Form A).

4. Any person served with a notice under Rule 3 whose permises do not fall within the definition of a factory given in the Regulation may, within fifteen days of the receipt of such notice, forward to the registering Inspector a statement setting forth his objections to the registration of his premises as a factory. The registering Inspector shall consider and dispose of such objections after making such inquiry as he may deem necessary, and shall make up his register of factories in accordance with the provisions of the Regulation.

5. The registering Inspector may at any time serve a notice, as provided in Rule 3, upon the occupier of any factory which is not already entered in his register of factories, and the provisions of Rule 4 shall apply to the subsequent proceedings in all such cases.

6. When any premises cease to be occupied as a factory, the occupier may give notice of the fact to the registering Inspector, who shall, if satisfied that the Regulation is no longer applicable to such premises, remove them from his register of factories.

7. It shall be the duty of every occupier of a factory—

(1) to fence all machinery and mill-gearing in such a manner as to provide for the safety of the operatives ;

(2) to provide a supply of not less than two gallons of water *per diem* for each operative ; of this one half at least must be suitable for drinking and the remainder for washing purposes ;

(3) to arrange for the proper ventilation of the factory so that each operative shall have a sufficient quantity of air ; in the case of walled-in masonry buildings the *minimum* space provided for each person shall be 36 superficial feet, 500 cubic feet and 10 square feet of lateral ventilating opening, and in cases in which lateral ventilation cannot be contrived, sufficient supply of fresh air shall be ensured by forced ventilation or such other means as are considered suitable by the Inspector, or, if this cannot be effected, a *minimum* of 54 superficial feet and 900 cubic feet shall be provided for each person ;

(4) to provide suitable and sufficient latrines and urinals, the former containing at least one seat for every 50 operatives, separate accommodation of this nature being provided for female operatives when any are employed ;

(5) to ensure that the factory is generally in a clean and wholesome condition.

8. Every factory shall be inspected by an Inspector as often as may be deemed sufficient, but it shall be inspected at least three times in every calendar year if the factory is open for more than eight months in the year, at least twice if it is open for not more than eight months in the year, and at least once if it is not open for more than four months in the year. At the inspection the Inspector shall muster all children employed on the premises, examine all registers required to be kept under the Regulation or these rules and see that all orders respecting the secure fencing of machinery and mill-gearing and respecting the water-supply, the ventilation and the sanitation of the factory and the accommodation provided therein are observed and generally that the provisions of the Regulation and the rules made thereunder are being duly carried out.

9. An Inspector may enter a factory for the purpose of Section 4 of the Regulation at any time during the day or night according as work is being carried on therein by day or night, but he shall not examine the children employed therein for the purpose of verifying the registers kept under Section 9 of the Regulation except during working hours.

10. The result of each inspection and all orders and remarks made by the Inspector on the occasion of inspection shall be recorded in the Register of Factories (Form A). When the inspecting officer is not the registering officer, a copy of the record of inspection shall be sent to that officer in view to the insertion of the necessary particulars in the Register of Factories.

11. A copy of every order passed by an Inspector under Section 4 (*c*) or Section 12 (*c*) of the Regulation or under these rules in respect of the matters referred to in clauses (*b*), (*c*) and (*d*) of Section 18 (1) of the Regulation and of any remarks made by him on the occasion of each inspection, shall be transmitted to the occupier of the factory, or in his absence to the principal agent in charge of the factory, within twenty-four hours of the same being passed. The despatch through the post, under registered cover, of a copy of such orders and remarks shall be deemed to be sufficient service on the occupier of the factory of any directions contained therein. When the inspection is not performed by the registering Inspector, a copy of any orders or remarks passed should be sent to that officer.

12. Every order for the fencing of any part of the machinery or mill-gearing of a factory which an Inspector may pass under Section 12 (*c*) of the Regulation and any direction given under these rules with reference to clauses (*b*), (*c*) and (*d*) of Section 18 (1) of the Regulation shall state clearly what is required and shall specify a reasonable time within which what is required to be done shall be completed and shall further give notice that, if it shall not be so completed, the person responsible for the breach of the order will be prosecuted under Section 15 of the Regulation.

13. The occupier of a factory shall, if required by an Inspector, bring before him, on the occasion of inspection, all children employed in the factory and any other persons employed in the factory whom the Inspector may wish to see.

14. Certifying Surgeons under Section 5 of the Regulation shall grant certificates in the Form B appended. Forms of certificate in counterfoil will be supplied to certifying Surgeons.

15. Every occupier of a factory shall keep a file of all certifying Surgeons' certificates relating to persons in his employ and shall produce it when required by an Inspector. Every such certificate shall be returned by such occupier on demand to the parent or guardian of the person to whom it relates on his leaving the factory for other employ.

16. Every occupier of a factory shall keep registers in Forms C, D and E attached to these rules and no such register shall be destroyed or removed from the factory without the written permission of an Inspector.

17. In addition to the notice required by Section 10 (1) of the Regulation, every occupier of a factory shall set up and maintain in a conspicuous place in the factory a printed or written notice, in English and Kannada, in Form F appended, of the daily working hours of the factory. An alternative form is provided to meet the case of factories working on the shift system in which the hours of the shifts are substituted for those of opening and closing work. In factories where the shift system is adopted for a part of the year only, the register will be maintained in either of the alternative forms as may be necessary.

18. Any occupier of a factory on whom an Inspector serves an order under Section 12 (*c*) of the Regulation may, within seven days after receipt of such order, appeal to the Magistrate of the District.

Appeals from orders passed by District Magistrates in their capacity as *ex-officio* Inspectors shall lie direct to the Government of Mysore. There shall be no further appeal from an order passed by the aforesaid appellate authorities, but the Government of Mysore may review any order mentioned in this rule either of an Inspector or of an appellate authority and may issue any orders thereon which may seem proper. In order that effect may be given to the latter part of this rule, copies of all the orders referred to herein shall be transmitted to the Government of Mysore as soon as they are passed.

19. An appeal under the preceding Rule 18 shall be made in the form of a memorandum of appeal in Form G bearing a stamp fee as regulated by Article 11 of Schedule II of the Court Fees Act and shall be accompanied by a copy of the order appealed against.

20. The appeal shall be heard at as early a date as may be convenient and due notice of the date of hearing shall be given to the appellant and the Inspector.

21. If the order of an Inspector under Section 12 (*c*) of the Regulation is set aside or modified in appeal, the Inspector shall, as early as possible, deliver to the occupier of the factory such amended order as may seem to him to be required.

22. Notice of all accidents resulting in death or from which the injury is evidently so severe that there is no reasonable hope that the injured person will be able to return to his work within 48 hours, shall be given on the same day on which they occur. Notice of accidents of a less severe character, but which nevertheless prevent the person injured from returning to his work within 48 hours of the occurrence, shall be given immediately on the expiry of the 48 hours' interval allowed by Section 13 of the Regulation. Such notices shall be sent both to the nearest Magistrate having local jurisdiction, and also to the District and Sub-Division Magistrate (where there is such a Sub-Division Magistrate) within whose jurisdiction the factory is situated and also to the registering Inspector. Notice of fatal injuries shall at the same time be given at the nearest Police station as required by Section 45 of the Code of Criminal Procedure, 1882, as introduced into Mysore by Regulation I of 1886. All such notices shall contain full particulars of the accident and shall be sent by special messenger except in the case of the copy to the Inspector which may be sent by post. This notice shall be in Form H appended.

23. A copy of these rules and of the forms appended, with a translation thereof in Kannada, shall be kept hanging in a conspicuous place in each factory.

Notification No. 5280—*R.* 1714, *dated* 15*th December* 1897.

In exercise of the power conferred by Sections 2 and 3 of "The Sringeri Jahgir Inam Settlement Regulation, 1897," the Government of Mysore hereby direct an investigation into and the settlement of inams within the Jahgir of Sringeri, in accordance with the Inam Rules in force in Mysore, in so far as they may be applicable, and under the following further rules :—

Special rule regarding validity and confirmation of inam paddy payments.

1. Inam paddy payment authorized, but not actually enjoyed up to the authorized amount, shall be confirmed, at the option of the inamdar, either on the present actual enjoyment or on the average actual enjoyment during the last twelve years.

Excess of paddy payments over authorized amount how to be dealt with.

2. Inam paddy payments, over the amount authorized by sannad, shall be disallowed if not continuously enjoyed for the last fifty years.

Quit-rent.

3. When it is necessary, under the rules, to impose quit-rent, this shall, in the case of inam paddy payments, be done by deduction from such paddy payment.

Warg wet lands to be classed and assessed and their present annual rental value to be ascertained and recorded by the Assistant in charge of classification.

4. The whole of the wet lands of every warg, from the holders of which inamdars have a right to receive specified annual quantities of paddy, shall be classified and assessed, and the Assistant in charge of classification shall ascertain and record, in terms of khandis of paddy, the present annual rental value of the whole of such warg wet lands.

No. 5440—*R.* 1778, *dated* 20*th December* 1897.

The Government of Mysore are pleased to direct that the following additions and alterations be made in paras 26 and 28 of the Rules for the grant of Loans under the Land Improvement Loans Regulation, issued under Notification No. D. 70 A, dated 4th January 1892—

(1) After the word "payments" in the 2nd line of para 26, add "on or before the 30th June "of each year, the first annual payment being made on the 30th June following the "period in which the payment falls due."

(2) At the end of para 26, add "Provided, however, that if default is made in the payment "of any instalment as above, interest shall be charged thereon at the rate of 5 per "cent as fixed in para 24 above."

(3) After the word "commence" in line 2, para 28, substitute for the words "at the end" the words "on or before the 30th June following the close."

(4) In the same para and in lines 9 and 10 substitute for the words "at the end of," "on or "before the 30th June following."

(5) At the end of para 28 add the following proviso :—"Provided, however, that interest on "the said loan for the 1st year of such interval, shall be calculated from the date of "the grant of the last instalment of the loan up to 30th June following it."

(6) In the example given in the same para, alter "1st April 1893," "1st April 1894," "1st April 1895" and "1st April 1896" into "on or before the 30th June," and the 1st "Rs. 24" into "20+interest for additional three months," and the last three "Rs. 24" into "20" throughout.

(7) In lines 1 and 3 of the sub-para to para 28, substitute for "1st April" "on or before the "30th June," and in line 2, substitute "12·950" for "13·586," and "51-12-10" for "54-5-6."

2. Paras 26 and 28 modified as above will read as follows :—

"26. The loan with interest from the date fixed as per last preceding rule shall be repaid by the borrower by means of fixed annual payments, on or before the 30th June of each year, the 1st annual payment being made on the 30th June following the period in which the payment falls due. The number and amounts of such payments shall be determined by the Deputy Commissioner with reference to the convenience of the applicant and the necessities of the case, but so as not to exceed the maximum limits specified below :—

		Maximum Period. *Years.*
For loans up to Rs. 500	..	10
Do from Rs. 500 to Rs. 1,000	..	15
Do Rs. 1,000 and upwards	..	20

If, in any special case, a longer period for repayment is desirable, the special sanction of Government shall be obtained on a full report of the circumstances of the case. Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above."

"28. Repayment of loan by means of annual payments fixed under the last two preceding rules may, if the Deputy Commissioner so directs, commence on or before the 30th June following the close of the 2nd year from the date from which interest is calculable under Rule 25 ; but, if, in any special case, the Deputy Commissioner considers that the work for which the loan is given is such that a longer time must elapse before it yields a return, a longer interval not exceeding five years in any case may be allowed for the commencement of the repayment. If, under this rule, the Deputy Commissioner allows an interval of two or more years for the commencement of repayment, the annual interest on the whole of the loan shall be paid on or before the 30th June following each year of such interval, excepting the last of such years, on or before the 30th June following which shall be paid the first payment towards repayment. Provided, however, that interest on the said loan for the 1st year of such interval, shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it.

"*Example.*—Suppose the amount of the loan is Rs. 400, and the rate of interest five per cent, and the loan is paid to the borrower in instalments as follows :--Rs. 100 on 1st January 1892, Rs. 100 on 1st February 1892, Rs. 100 on 1st March 1892 and Rs. 100 on 1st April 1892, and suppose also that the Deputy Commissioner allows an interval of five years for the commencement of the repayment, and directs that the repayment shall be in ten years by means of annuities. Then under Rule 25, interest is chargeable on the loan only from 1st April 1892, and the borrower shall pay as interest on the whole loan under Rule 28, for the years of the five years' interval, *excepting the last*, as follows :—

					Rs.
On or before the 30th June		1893	..	..	20+interest for additional 3 months.
Do	do	1894	..	..	20
Do	do	1895	..	..	20
Do	do	1896	..	..	20

The repayment will commence on or before the 30th June 1897. The annual payment towards such repayment under Table E will be 4 × 12·950=51-12-10. The first of such annual payments must be made on or before the 30th June 1897, and the tenth and last annual payment will extinguish the loan on or before the 30th June 1906."

Notification No. Gen. 7608—Legis. 39, dated 5th January 1898.

The following draft of rules proposed to be made under Section 18 of the Mysore Factories Regulation 1892, is published for general information as required by Sub-Section (4) of the said Section and will be taken into consideration by the Government on or after the 1st day of April 1898. All objections and suggestions, which may be received with respect to clauses (2), (3) and (4) of Rule 7 and to the Rule made under clause (2) of Section 18 of the Regulation before the above date, will be duly considered.

DRAFT RULES (1).

In exercise of the powers conferred upon it by Section 18 of the Mysore Factories Regulation IV of 1892, the Government of Mysore is pleased to prescribe the following rules :—

1. All references to "the Regulation" or "the Factories Regulation" in these rules are to be understood as referring to the Mysore Factories Regulation IV of 1892.

2. A Register of Factories in Form A annexed to these rules shall be maintained by each District Magistrate for all factories other than railway factories within his district and by the Assistant to the Chief Engineer for all railway factories. In these rules the words "registering Inspectors" mean and include these Inspectors only.

3. On the publication of these rules the registering Inspector shall give notice to the manager or occupier of every factory within his jurisdiction intimating his intention of placing such factory upon his Register of Factories (Form A).

4. Any person served with a notice under Rule 3 whose premises do not fall within the definition of a factory given in the Regulation may, within fifteen days of the receipt of such notice, forward to the registering Inspector a statement setting forth his objections to the registration of his premises as a factory. The registering Inspector shall consider and dispose of such objections after making such inquiry as he may deem necessary, and shall make up his Register of Factories in accordance with the provisions of the Regulation.

5. The registering Inspector may at any time serve a notice, as provided in Rule 3, upon the occupier of any factory which is not already entered in his register of factories, and the provisions of Rule 4 shall apply to the subsequent proceedings in all such cases.

6. When any premises cease to be occupied as a factory, the occupier may give notice of the fact to the registering Inspector, who shall, if satisfied that the Regulation is no longer applicable to such premises, remove them from his Register of Factories.

7. It shall be the duty of every occupier of a factory—

(1) to fence all machinery and mill-gearing in such a manner as to provide for the safety of the operatives ;

(2) to provide a supply of not less than two gallons of water *per diem* for each operative ; of this one half at least must be suitable for drinking and the remainder for washing purposes ;

(3) to arrange for the proper ventilation of the factory so that each operative shall have a sufficient quantity of air ; in the case of walled-in masonry buildings the *minimum* space provided for each person shall be 36 superficial feet, 500 cubic feet and 10 square feet of lateral ventilating opening, and in cases in which lateral ventilation cannot be contrived, sufficient supply of fresh air shall be ensured by forced ventilation or such other means as are considered suitable by the Inspector, or, if this cannot be effected, a *minimum* of 54 superficial feet and 900 cubic feet shall be provided for each person ;

(4) to provide suitable and sufficient latrines and urinals, the former containing at least one seat for every 50 operatives, separate accommodation of this nature being provided for female operatives when any are employed ;

(5) to ensure that the factory is generally in a clean and wholesome condition.

8. Every factory shall be inspected by an Inspector as often as may be deemed sufficient, but it shall be inspected at least three times in every calendar year if the factory is open for more than eight months in the year, at least twice if it is open for not more than eight months in the year, and at least once if it is not open for more than four months in the year. At the inspection the Inspector shall muster all children employed on the premises, examine all registers required to be kept under the Regulation or these rules and see that all orders respecting the secure fencing of machinery and mill-gearing and respecting the water-supply, the ventilation and the sanitation of the factory and the accommodation provided therein are observed and generally that the provisions of the Regulation and the rules made thereunder are being duly carried out.

9. An Inspector may enter a factory for the purpose of Section 4 of the Regulation at any time during the day or night according as work is being carried on therein by day or night, but he shall not examine the children employed therein for the purpose of verifying the registers kept under Section 9 of the Regulation except during working hours.

10. The result of each inspection and all orders and remarks made by the Inspector on the occasion of inspection shall be recorded in the Register of Factories (Form A). When the inspecting officer is not the registering officer, a copy of the record of inspection shall be sent to that officer in view to the insertion of the necessary particulars in the Register of Factories.

11. A copy of every order passed by an Inspector under Section 4 (*c*) or Section 12 (*c*) of the Regulation or under these rules in respect of the matters referred to in clauses (*b*), (*c*) and (*d*) of Section 18 (1) of the Regulation and of any remarks made by him on the occasion of each inspection, shall be transmitted to the occupier of the factory, or in his absence to the principal agent in charge of the factory, within twenty-four hours of the same being passed. The despatch through the post, under registered cover, of a copy of such orders and remarks shall be deemed to be sufficient service on the occupier of the factory of any directions contained therein. When the inspection is not performed by the registering Inspector, a copy of any orders or remarks passed should be sent to that officer.

12. Every order for the fencing of any part of the machinery or mill-gearing of a factory which an Inspector may pass under Section 12 (*c*) of the Regulation and any direction given under these rules with reference to clauses (*b*), (*c*) and (*d*) of Section 18 (1) of the Regulation shall state clearly what is required and shall specify a reasonable time within which what is required to be done shall be completed and shall further give notice that, if it shall not be so completed, the person responsible for the breach of the order will be prosecuted under Section 15 of the Regulation.

13. The occupier of a factory shall, if required by an Inspector, bring before him, on the occasion of inspection, all children employed in the factory and any other persons employed in the factory whom the Inspector may wish to see.

14. Certifying Surgeons under Section 5 of the Regulation shall grant certificates in the Form B appended. Forms of certificate in counterfoil will be supplied to certifying Surgeons.

15. Every occupier of a factory shall keep a file of all certifying Surgeons' certificates relating to persons in his employ and shall produce it when required by an Inspector. Every such certificate shall be returned by such occupier on demand to the parent or guardian of the person to whom it relates on his leaving the factory for other employ.

16. Every occupier of a factory shall keep registers in Forms C, D and E attached to these rules and no such register shall be destroyed or removed from the factory without the written permission of an Inspector.

17. In addition to the notice required by Section 10 (1) of the Regulation, every occupier of a factory shall set up and maintain in a conspicuous place in the factory a printed or written notice, in English and Kannada, in Form F appended, of the daily working hours of the factory. An alternative form is provided to meet the case of factories working on the shift system in which the hours of the shifts are substituted for those of opening and closing work. In factories where the shift system is adopted for a part of the year only, the register will be maintained in either of the alternative forms as may be necessary.

18. Any occupier of a factory on whom an Inspector serves an order under Section 12 (*c*) of the Regulation may, within seven days after receipt of such order, appeal to the Magistrate of the District.

Appeals from orders passed by District Magistrates in their capacity as *ex-officio* Inspectors shall lie direct to the Government of Mysore. There shall be no further appeal from an order passed by the aforesaid appellate authorities, but the Government of Mysore may review any order mentioned in this rule either of an Inspector or of an appellate authority and may issue any orders thereon which may seem proper. In order that effect may be given to the latter part of this rule, copies of all the orders referred to herein shall be transmitted to the Government of Mysore as soon as they are passed.

19. An appeal under the preceding Rule 18 shall be made in the form of a memorandum of appeal in Form G bearing a stamp fee as regulated by Article 11 of Schedule II of the Court Fees Act and shall be accompanied by a copy of the order appealed against.

20. The appeal shall be heard at as early a date as may be convenient and due notice of the date of hearing shall be given to the appellant and the Inspector.

21. If the order of an Inspector under Section 12 (*c*) of the Regulation is set aside or modified in appeal, the Inspector shall, as early as possible, deliver to the occupier of the factory such amended order as may seem to him to be required.

22. Notice of all accidents resulting in death or from which the injury is evidently so severe that there is no reasonable hope that the injured person will be able to return to his work within 48 hours, shall be given on the same day on which they occur. Notice of accidents of a less severe character, but which nevertheless prevent the person injured from returning to his work within 48 hours of the occurrence, shall be given immediately on the expiry of the 48 hours' interval allowed by Section 13 of the Regulation. Such notices shall be sent both to the nearest Magistrate having local jurisdiction, and also to the District and Sub-Division Magistrate (where there is such a Sub-Division Magistrate) within whose jurisdiction the factory is situated and also to the registering Inspector. Notice of fatal injuries shall at the same time be given at the nearest Police station as required by Section 45 of the Code of Criminal Procedure, 1882, as introduced into Mysore by Regulation I of 1886. All such notices shall contain full particulars of the accident and shall be sent by special messenger except in the case of the copy to the Inspector which may be sent by post. This notice shall be in Form H appended.

23. A copy of these rules and of the forms appended, with a translation thereof in Kannada, shall be kept hanging in a conspicuous place in each factory.

No. 7930—*L. F.* 317-96, *dated* 11*th January* 1898.

Under Section 226 of the Municipal Regulations of 1871, the Government are pleased to confirm the following Bye-laws framed by the Municipal Commissioners of the Bangalore City :—

By-law No. 24.—Every place other than a water-closet or bath-room, situated within any house, building or enclosure, and habitually used for the purposes of nature or for keeping human excreta shall be considered to be a latrine within the meaning of this Bye-law.

2. The provisions of Sections 3 and 4 of this Bye-law shall extend to all latrines and drains which are private property. The provisions of Sections 5, 6, 7 and 8 shall extend only to such latrines and drains hereinbefore mentioned as belong to or are maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs. 200 or more.

3. Every latrine shall be provided with a seat or platform so made as to compel the excreta to fall entirely into a suitable receptacle placed beneath.

4. All drains emerging from any house, building or enclosure and passing down the external surface of plinths or walls facing any public street shall consist of pipes or be covered with masonry.

5. The floor of every latrine shall be so sloped, drained and constructed as to prevent fluid from being retained on its surface and from soaking into the floor, ground, plinth or walls of the latrine.

6. All drains or continuations of drains, for the removal of fluid from any part of a latrine or of fluid which is contaminated or likely to be contaminated with animal refuse shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing or stagnating, or soaking into any ground, floor, plinth or wall ; and shall discharge in one of the following ways, *viz* :—

(*a*) into a movable receptacle of such proper shape and size as entirely to receive and retain all the fluid, and not cracked, broken, perforated, rotten or pervious to fluid.

(*b*) into a receptacle covered with a movable lid, and of such proper shape and size as entirely to receive and retain all the fluid and so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall.

(*c*) into a receptacle, not less than four feet square in superficial measurement and nine inches deep, so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall, and filled with so much sand as will absorb all the fluid.

(*d*) through such filtering material, as the Commissioners may deem sufficient, into an open public drain notified by the Commissioners as being set apart for the purpose.

(*e*) into a closed drain notified by the Commissioners as being set apart for the purpose.

7. All drains for the removal of fluid from bath-rooms, cooking-rooms, sculleries, mills and factories shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing, stagnating or soaking into the foundation floor, plinth, or wall of any dwelling house ; and no such drain shall discharge into any street, or into any drain or water channel except such as the Commissioners shall have notified as being set apart for the purpose.

8. Every house, building or enclosure which has a latrine shall be provided with a separate entrance for the entry of scavengers for the purpose of cleaning the latrine.

9. If the owner of any house, building or enclosure neglects, within eight days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

Bye-law No. 25.—Every latrine as described in Bye-law No. 24 shall be provided with a suitable receptacle placed beneath the seat or platform described in clause 3 of the said Bye-law. The receptacle shall be a movable vessel of such proper shape and size as entirely to receive and retain all the excreta, and not cracked, broken, perforated, rotten or pervious to fluid.

2. Every latrine shall be provided, if so ordered by the Commissioners by notice, with a movable vessel not cracked, broken, perforated, rotten or pervious to fluid, for the purpose of receiving and retaining urine.

3. Every house shall be provided with a dust-bin.

4. No filth, rubbish, ordure or other offensive matter shall be kept otherwise than in one of the receptacles described in this Bye-law and no human excreta shall be kept other wise than in the receptacles described in clauses 1 and 2.

5. If the occupier of any land, building or enclosure neglects to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for each offence.

Bye-law No. 26—The owner of every house, building or enclosure which is assessed at an annual valuation of Rs. 200 or more, shall provide such drains as may be necessary for the removal of all fluid which is or is likely to be contaminated with animal refuse, or which escapes from bath-rooms cooking rooms, sculleries, mills and factories.

2. The occupier of any house, building or enclosure shall not allow the drains thereof to become so obstructed as to cause their contents to stagnate or overflow.

3. Where sand or filtering material is required under clause 6 (*c* and *d*) of Bye-law No. 24 sufficient shall be provided by the occupier for the purposes indicated ; and the same shall be changed whenever it becomes offensive.

4. If the owner or occupier, as the case may be, of any land, building or enclosure neglects, within three days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

No. 8226—*Mis.* 1637 *E.* 2, *dated* 18*th January* 1898.

In continuation of Notification No. 7888—Mis. 1493, dated 11th January 1897, the undermentioned papers regarding the election of Fellows of the Calcutta University in January 1898, by graduates of that University living in the mofusil are published for the information of the graduates concerned.

No. 330—338, *dated, Calcutta, the* 10*th December* 1897.

From H. Luson, Esq., Deputy Secretary to the Government of India, Home Department, Education, to Local Governments and Administrations (Except Bengal).

No. 279, dated 22nd October 1897.

Sir,—In continuation of Home Department letter No. 7- Education—356-367, dated 9th December 1896, I am directed to forward for.... a copy of the marginally noted letter to the Registrar of the Calcutta University, regarding the election of Fellows of that University to be held in January next. I am to request that instructions may be issued to permit those graduates of the University who are unable to appear in person at the Senate House, Calcutta, on the 1st January 1898, and take part in the election, to fill up their voting papers in the presence of a Magistrate or a Judicial Officer as defined in this Department letter No. 6-Education —173-182, dated the 27th March 1895.

Copy, with copy of enclosure, forwarded to the Foreign Department for information, in continuation of Home Department endorsement No. 7-Education—368, dated 9th December 1896, with the request that similar instructions may be issued to Political Officers in Native States.

By Order,
H. LUSON,
Dy. Secy. to the Govt. of India.

No. 279, dated Simla, the 22nd October 1897. From—J. P. HEWETT, Esq., C. I. E., Secretary to the Government of India, Home Department, to the Registrar, Calcutta University.

I am directed to acknowledge the receipt of your letter No. 509, dated 10th September 1897, reporting nine vacancies on the Senate caused by death and retirement during the year. You enquire whether there will be an election of Fellows by the Graduates of the Calcutta University in January next, and, if so, what number should be elected and what qualifications should be insisted on in the case of electors and of the candidates.

2. In reply I am to point out that, of the number of vacancies now reported, four * were reported in December 1896 by the Director, Public Instruction, Bengal, demi-officially, and that eight out of the ten then existing vacancies were filled up on 7th January last. There are thus seven vacancies at present, including the five which have occurred since January 1st. I am to say that His Excellency the Chancellor has decided to allow two of the vacancies in the Senate to be filled by election next year. I am to add that candidates for the vacancies must be either Masters or holders of a higher degree in some Faculty, or Bachelors of Arts who graduated *before the year* 1867; and that the electors must have similar qualifications.

*i. e., those caused by the death of Prince Furrokh Shah and Mr. Manmohan Ghose, and the retirement of Sir E. Buck and Sir W. E. Ward.

No. 8227—*Mis. F.* 77-93, *dated* 18*th January* 1898.

Mr. K. R. Srinivasaiengar, M. A., is promoted from the 3rd to 2nd Class of Assistant Commissioners, Schedule B, with effect from the 19th November 1897.

No. 8236—*Mis. F.* 4-94, *dated* 18*th January* 1898.

Mr. K. Chandy, B. A., is promoted from the 4th to the 3rd Class of Assistant Commissioners, Schedule B, with effect from the 12th November 1897.

No. 8255—*J.* 949, *dated* 19*th January* 1898.

Under Article 171 of the Mysore Service Regulations, Mr. Mir Humza Hussain, Assistant Commissioner in charge of Police, Tumkur district, was granted casual leave of absence for three days, with effect from the 6th January 1898.

No. 5440—*R.* 1778, *dated* 20*th December* 1897.

The Government of Mysore are pleased to direct that the following additions and alterations be made in paras 26 and 28 of the Rules for the grant of Loans under the Land Improvement Loans Regulation, issued under Notification No. D. 70 A, dated 4th January 1892—

(1) After the word "payments" in the 2nd line of para 26, add "on or before the 30th June "of each year, the first annual payment being made on the 30th June following the "period in which the payment falls due."

(2) At the end of para 26, add "Provided, however, that if default is made in the payment "of any instalment as above, interest shall be charged thereon at the rate of 5 per "cent as fixed in para 24 above."

(3) After the word "commence" in line 2, para 28, substitute for the words "at the end" the words "on or before the 30th June following the close."

(4) In the same para and in lines 9 and 10 substitute for the words "at the end of," "on or "before the 30th June following."

(5) At the end of para 28 add the following proviso:—"Provided, however, that interest on "the said loan for the 1st year of such interval, shall be calculated from the date of "the grant of the last instalment of the loan up to 30th June following it."

(6) In the example given in the same para, alter "1st April 1893," "1st April 1894," "1st April 1895" and "1st April 1896" into "on or before the 30th June," and the 1st "Rs. 24" into "20+interest for additional three months," and the last three "Rs. 24" into "20" throughout.

(7) In lines 1 and 3 of the sub-para to para 28, substitute for "1st April" "on or before the "30th June," and in line 2, substitute "12·950" for "13·586," and "51-12-10" for "54-5-6."

2. Paras 26 and 28 modified as above will read as follows:—

"26. The loan with interest from the date fixed as per last preceding rule shall be repaid by the borrower by means of fixed annual payments, on or before the 30th June of each year, the 1st annual payment being made on the 30th June following the period in which the payment falls due. The number and amounts of such payments shall be determined by the Deputy Commissioner with reference to the convenience of the applicant and the necessities of the case, but so as not to exceed the maximum limits specified below:—

		Maximum Period. Years.
For loans up to Rs 500	..	10
Do from Rs. 500 to Rs. 1,000	..	15
Do Rs. 1,000 and upwards	..	20

If, in any special case, a longer period for repayment is desirable, the special sanction of Government shall be obtained on a full report of the circumstances of the case. Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above."

"28. Repayment of loan by means of annual payments fixed under the last two preceding rules may, if the Deputy Commissioner so directs, commence on or before the 30th June following the close of the 2nd year from the date from which interest is calculable under Rule 25; but, if, in any special case, the Deputy Commissioner considers that the work for which the loan is given is such that a longer time must elapse before it yields a return, a longer interval not exceeding five years in any case may be allowed for the commencement of the repayment. If, under this rule, the Deputy Commissioner allows an interval of two or more years for the commencement of repayment, the annual interest on the whole of the loan shall be paid on or before the 30th June following each year of such interval, excepting the last of such years, on or before the 30th June following which shall be paid the first payment towards repayment. Provided, however, that interest on the said loan for the 1st year of such interval, shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it.

"*Example*—Suppose the amount of the loan is Rs. 400, and the rate of interest five per cent, and the loan is paid to the borrower in instalments as follows:—Rs. 100 on 1st January 1892, Rs. 100 on 1st February 1892, Rs. 100 on 1st March 1892 and Rs. 100 on 1st April 1892, and suppose also that the Deputy Commissioner allows an interval of five years for the commencement of the repayment, and directs that the repayment shall be in ten years by means of annuities. Then under Rule 25, interest is chargeable on the loan only from 1st April 1892, and the borrower shall pay as interest on the whole loan under Rule 28, for the years of the five years' interval, *excepting the last*, as follows:—

	Rs.
On or before the 30th June 1893	20 + interest for additional 3 months.
Do do 1894	20
Do do 1895 . .	20
Do do 1896	20

The repayment will commence on or before the 30th June 1897. The annual payment towards such repayment under Table E will be 4 × 12·950=51-12-10. The first of such annual payments must be made on or before the 30th June 1897, and the tenth and last annual payment will extinguish the loan on or before the 30th June 1906."

No. 6312—*R.* 2039, *dated* 15*th January* 1898.

G. Krishnaswami Row, Deputy Amildar, French Rocks, is appointed to act as Amildar and 3rd Class Magistrate of the Kansur taluk, during the absence of K. R. Subba Row, on the leave granted to him in Notification No. 4955—R. 1587, dated 8th December 1897.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to notify the following revised boundaries of the Aldahara State Forest in the *Shimoga taluk* in lieu of those described in Government Notification No. 23538—R. 3437, dated 19th June 1895.

Name of forest.	Area approximate.	Boundaries.
Aldahara State Forest, Shimoga taluk.	17 Sq. miles.	North.—Starting from the 13th mile stone of the Shimoga-Yedahalli road the demarcation line runs in an easterly direction close by the Chandikatte and Hoskere tanks of Aldahara village and excluding Aldahara and Malalkatte villages turns northwards as far as the Gaudankatte tank. Thence it turns eastwards, runs as far as the bandhs of Umblebail, Aldahara and Hunsekatte, then proceeds to the top of the hill and goes and joins the boundary between Hunsekatte and Tamdihalli after going through S. No. 23 of the last named village. East.—From the above point the line turns to due south and passing through Tamdihalli, Gonibede, Malgenhalli, Tavargatta, Bhairapur and Singanmane, goes and joins the boundary between the last two villages on the left bank of the river Bhadra. From here the line follows the river towards its source until the line turns to due west. South.—From the last named point the line runs along the left bank of the river as far as S. No. 3 of Chikharnhalli, and then turning north-west as far as the northern point of S. No. 9 of the same village goes direct to Basavankere tank of the Harnhalli village, and excluding it turns in a south-westerly direction, joins the bandhs of S. No. 39 of Bhairapur and S. Nos. 58 and 127 of Nelgadde village. The line then follows the boundary between Nelgadde and Bhairapur villages as far as the bank of the river Bhadra and goes along the river Bhadra as far as the Nelgaddehalla. West.—The line then follows the Nelgaddehalla as far as the S. No. 127, and crossing the halla joins the Shimoga-Yedahalli road at the 2nd furlong of the 16th mile and thence it goes along the road and joins the starting point at the 13th mile stone.

No. 6520—*R. F.* 138-95, *dated* 18*th January* 1898.

The three days' casual leave granted to G. Hanumantha Rao, Amildar of the Shimoga taluk, in Notification No. 6014—R. F. 138-95, dated 6th January 1898, is hereby extended by two days.

No. 6638—*R.* 2155, *dated* 19*th January* 1898.

It is hereby notified for public information that, under Rule XX of the Rules published under the Land Revenue Code, the right of occupancy of the undermentioned Government unoccupied lands, which are irrigable by the Chamraj Channel Extension in the Yedatore taluk, will be sold by public auction on the spot by the Deputy Commissioner, or such Officer as he may appoint in this behalf, on the 10th February 1898 and on the following days. The sale will commence at 11 A. M., and the lands will be knocked down to the highest bidders without reserve.

Notification No. Gen. 7608—*Legis.* 39, *dated 5th January* 1898.

The following draft of rules proposed to be made under Section 18 of the Mysore Factories Regulation 1892, is published for general information as required by Sub-Section (4) of the said Section and will be taken into consideration by the Government on or after the 1st day of April 1898. All objections and suggestions, which may be received with respect to clauses (2), (3) and (4) of Rule 7 and to the Rule made under clause (2) of Section 18 of the Regulation before the above date, will be duly considered.

DRAFT RULES (1).

In exercise of the powers conferred upon it by Section 18 of the Mysore Factories Regulation IV of 1892, the Government of Mysore is pleased to prescribe the following rules :—

1. All references to "the Regulation" or "the Factories Regulation" in these rules are to be understood as referring to the Mysore Factories Regulation IV of 1892.

2. A Register of Factories in Form A annexed to these rules shall be maintained by each District Magistrate for all factories other than railway factories within his district and by the Assistant to the Chief Engineer for all railway factories. In these rules the words "registering Inspectors" mean and include these Inspectors only.

3. On the publication of these rules the registering Inspector shall give notice to the manager or occupier of every factory within his jurisdiction intimating his intention of placing such factory upon his Register of Factories (Form A).

4. Any person served with a notice under Rule 3 whose premises do not fall within the definition of a factory given in the Regulation may, within fifteen days of the receipt of such notice, forward to the registering Inspector a statement setting forth his objections to the registration of his premises as a factory. The registering Inspector shall consider and dispose of such objections after making such inquiry as he may deem necessary, and shall make up his Register of Factories in accordance with the provisions of the Regulation.

5. The registering Inspector may at any time serve a notice, as provided in Rule 3, upon the occupier of any factory which is not already entered in his register of factories, and the provisions of Rule 4 shall apply to the subsequent proceedings in all such cases.

6. When any premises cease to be occupied as a factory, the occupier may give notice of the fact to the registering Inspector, who shall, if satisfied that the Regulation is no longer applicable to such premises, remove them from his Register of Factories.

7. It shall be the duty of every occupier of a factory—

(1) to fence all machinery and mill-gearing in such a manner as to provide for the safety of the operatives ;

(2) to provide a supply of not less than two gallons of water *per diem* for each operative ; of this one half at least must be suitable for drinking and the remainder for washing purposes ;

(3) to arrange for the proper ventilation of the factory so that each operative shall have a sufficient quantity of air ; in the case of walled-in masonry buildings the *minimum* space provided for each person shall be 36 superficial feet, 500 cubic feet and 10 square feet of lateral ventilating opening, and in cases in which lateral ventilation cannot be contrived, sufficient supply of fresh air shall be ensured by forced ventilation or such other means as are considered suitable by the Inspector, or, if this cannot be effected, a *minimum* of 54 superficial feet and 900 cubic feet shall be provided for each person ;

(4) to provide suitable and sufficient latrines and urinals, the former containing at least one seat for every 50 operatives, separate accommodation of this nature being provided for female operatives when any are employed ;

(5) to ensure that the factory is generally in a clean and wholesome condition.

8. Every factory shall be inspected by an Inspector as often as may be deemed sufficient, but it shall be inspected at least three times in every calendar year if the factory is open for more than eight months in the year, at least twice if it is open for not more than eight months in the year, and at least once if it is not open for more than four months in the year. At the inspection the Inspector shall muster all children employed on the premises, examine all registers required to be kept under the Regulation or these rules and see that all orders respecting the secure fencing of machinery and mill-gearing and respecting the water-supply, the ventilation and the sanitation of the factory and the accommodation provided therein are observed and generally that the provisions of the Regulation and the rules made thereunder are being duly carried out.

9. An Inspector may enter a factory for the purpose of Section 4 of the Regulation at any time during the day or night according as work is being carried on therein by day or night, but he shall not examine the children employed therein for the purpose of verifying the registers kept under Section 9 of the Regulation except during working hours.

10. The result of each inspection and all orders and remarks made by the Inspector on the occasion of inspection shall be recorded in the Register of Factories (Form A). When the inspecting officer is not the registering officer, a copy of the record of inspection shall be sent to that officer in view to the insertion of the necessary particulars in the Register of Factories.

11. A copy of every order passed by an Inspector under Section 4 (*c*) or Section 12 (*c*) of the Regulation or under these rules in respect of the matters referred to in clauses (*b*), (*c*) and (*d*) of Section 18 (1) of the Regulation and of any remarks made by him on the occasion of each inspection, shall be transmitted to the occupier of the factory, or in his absence to the principal agent in charge of the factory, within twenty-four hours of the same being passed. The despatch through the post, under registered cover, of a copy of such orders and remarks shall be deemed to be sufficient service on the occupier of the factory of any directions contained therein. When the inspection is not performed by the registering Inspector, a copy of any orders or remarks passed should be sent to that officer.

12. Every order for the fencing of any part of the machinery or mill-gearing of a factory which an Inspector may pass under Section 12 (*c*) of the Regulation and any direction given under these rules with reference to clauses (*b*), (*c*) and (*d*) of Section 18 (1) of the Regulation shall state clearly what is required and shall specify a reasonable time within which what is required to be done shall be completed and shall further give notice that, if it shall not be so completed, the person responsible for the breach of the order will be prosecuted under Section 15 of the Regulation.

13. The occupier of a factory shall, if required by an Inspector, bring before him, on the occasion of inspection, all children employed in the factory and any other persons employed in the factory whom the Inspector may wish to see.

14. Certifying Surgeons under Section 5 of the Regulation shall grant certificates in the Form B appended. Forms of certificate in counterfoil will be supplied to certifying Surgeons.

15. Every occupier of a factory shall keep a file of all certifying Surgeons' certificates relating to persons in his employ and shall produce it when required by an Inspector. Every such certificate shall be returned by such occupier on demand to the parent or guardian of the person to whom it relates on his leaving the factory for other employ.

16. Every occupier of a factory shall keep registers in Forms C, D and E attached to these rules and no such register shall be destroyed or removed from the factory without the written permission of an Inspector.

17. In addition to the notice required by Section 10 (1) of the Regulation, every occupier of a factory shall set up and maintain in a conspicuous place in the factory a printed or written notice, in English and Kannada, in Form F appended, of the daily working hours of the factory. An alternative form is provided to meet the case of factories working on the shift system in which the hours of the shifts are substituted for those of opening and closing work. In factories where the shift system is adopted for a part of the year only, the register will be maintained in either of the alternative forms as may be necessary.

18. Any occupier of a factory on whom an Inspector serves an order under Section 12 (*c*) of the Regulation may, within seven days after receipt of such order, appeal to the Magistrate of the District.

Appeals from orders passed by District Magistrates in their capacity as *ex-officio* Inspectors shall lie direct to the Government of Mysore. There shall be no further appeal from an order passed by the aforesaid appellate authorities, but the Government of Mysore may review any order mentioned in this rule either of an Inspector or of an appellate authority and may issue any orders thereon which may seem proper. In order that effect may be given to the latter part of this rule, copies of all the orders referred to herein shall be transmitted to the Government of Mysore as soon as they are passed.

19. An appeal under the preceding Rule 18 shall be made in the form of a memorandum of appeal in Form G bearing a stamp fee as regulated by Article 11 of Schedule II of the Court Fees Act and shall be accompanied by a copy of the order appealed against.

20. The appeal shall be heard at as early a date as may be convenient and due notice of the date of hearing shall be given to the appellant and the Inspector.

21. If the order of an Inspector under Section 12 (*c*) of the Regulation is set aside or modified in appeal, the Inspector shall, as early as possible, deliver to the occupier of the factory such amended order as may seem to him to be required.

22. Notice of all accidents resulting in death or from which the injury is evidently so severe that there is no reasonable hope that the injured person will be able to return to his work within 48 hours, shall be given on the same day on which they occur. Notice of accidents of a less severe character, but which nevertheless prevent the person injured from returning to his work within 48 hours of the occurrence, shall be given immediately on the expiry of the 48 hours' interval allowed by Section 13 of the Regulation. Such notices shall be sent both to the nearest Magistrate having local jurisdiction, and also to the District and Sub-Division Magistrate (where there is such a Sub-Division Magistrate) within whose jurisdiction the factory is situated and also to the registering Inspector. Notice of fatal injuries shall at the same time be given at the nearest Police station as required by Section 45 of the Code of Criminal Procedure, 1882, as introduced into Mysore by Regulation I of 1886. All such notices shall contain full particulars of the accident and shall be sent by special messenger except in the case of the copy to the Inspector which may be sent by post. This notice shall be in Form H appended.

23. A copy of these rules and of the forms appended, with a translation thereof in Kannada, shall be kept hanging in a conspicuous place in each factory.

No. 7930—*L. F.* 317-96, *dated* 11*th January* 1898.

Under Section 226 of the Municipal Regulations of 1871, the Government are pleased to confirm the following Bye-laws framed by the Municipal Commissioners of the Bangalore City :—

By-law No. 24.—Every place other than a water-closet or bath-room, situated within any house, building or enclosure, and habitually used for the purposes of nature or for keeping human excreta shall be considered to be a latrine within the meaning of this Bye-law.

2. The provisions of Sections 3 and 4 of this Bye-law shall extend to all latrines and drains which are private property. The provisions of Sections 5, 6, 7 and 8 shall extend only to such latrines and drains hereinbefore mentioned as belong to or are maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs. 200 or more.

3. Every latrine shall be provided with a seat or platform so made as to compel the excreta to fall entirely into a suitable receptacle placed beneath.

4. All drains emerging from any house, building or enclosure and passing down the external surface of plinths or walls facing any public street shall consist of pipes or be covered with masonry.

5. The floor of every latrine shall be so sloped, drained and constructed as to prevent fluid from being retained on its surface and from soaking into the floor, ground, plinth or walls of the latrine.

6. All drains or continuations of drains, for the removal of fluid from any part of a latrine or of fluid which is contaminated or likely to be contaminated with animal refuse shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing or stagnating, or soaking into any ground, floor, plinth or wall ; and shall discharge in one of the following ways, *viz* :—

(*a*) into a movable receptacle of such proper shape and size as entirely to receive and retain all the fluid, and not cracked, broken, perforated, rotten or pervious to fluid.

(*b*) into a receptacle covered with a movable lid, and of such proper shape and size as entirely to receive and retain all the fluid and so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall.

(*c*) into a receptacle, not less than four feet square in superficial measurement and nine inches deep, so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall, and filled with so much sand as will absorb all the fluid.

(*d*) through such filtering material, as the Commissioners may deem sufficient, into an open public drain notified by the Commissioners as being set apart for the purpose.

(*e*) into a closed drain notified by the Commissioners as being set apart for the purpose.

7. All drains for the removal of fluid from bath-rooms, cooking-rooms, sculleries, mills and factories shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing, stagnating or soaking into the foundation floor, plinth, or wall of any dwelling house ; and no such drain shall discharge into any street, or into any drain or water channel except such as the Commissioners shall have notified as being set apart for the purpose.

8. Every house, building or enclosure which has a latrine shall be provided with a separate entrance for the entry of scavengers for the purpose of cleaning the latrine.

9. If the owner of any house, building or enclosure neglects, within eight days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

Bye-law No. 25.—Every latrine as described in Bye-law No. 24 shall be provided with a suitable receptacle placed beneath the seat or platform described in clause 3 of the said Bye-law. The receptacle shall be a movable vessel of such proper shape and size as entirely to receive and retain all the excreta, and not cracked, broken, perforated, rotten or pervious to fluid.

2. Every latrine shall be provided, if so ordered by the Commissioners by notice, with a movable vessel not cracked, broken, perforated, rotten or pervious to fluid, for the purpose of receiving and retaining urine.

3. Every house shall be provided with a dust-bin.

4. No filth, rubbish, ordure or other offensive matter shall be kept otherwise than in one of the receptacles described in this Bye-law and no human excreta shall be kept otherwise than in the receptacles described in clauses 1 and 2.

5. If the occupier of any land, building or enclosure neglects to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for each offence.

Bye-law No. 26—The owner of every house, building or enclosure which is assessed at an annual valuation of Rs. 200 or more, shall provide such drains as may be necessary for the removal of all fluid which is or is likely to be contaminated with animal refuse, or which escapes from bath-rooms kooking rooms, sculleries, mills and factories.

2. The occupier of any house, building or enclosure shall not allow the drains thereof to become so obstructed as to cause their contents to stagnate or overflow.

3. Where sand or filtering material is required under clause 6 (*c* and *d*) of Bye-law No. 24 sufficient shall be provided by the occupier for the purposes indicated ; and the same shall be changed whenever it becomes offensive.

4. If the owner or occupier, as the case may be, of any land, building or enclosure neglects, within three days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

No. 6465—*Ft. F.* 36-95, *dated* 18*th January* 1898.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to notify the following revised boundaries of the Aldahara State Forest in the *Shimoga taluk* in lieu of those described in Government Notification No. 23538—R. 3437, dated 19th June 1895.

Name of forest.	Area approximate.	Boundaries.
Aldahara State Forest, Shimoga taluk.	17 Sq. miles.	North.—Starting from the 13th mile stone of the Shimoga-Yedahalli road the demarcation line runs in an easterly direction close by the Chandikatte and Hoskere tanks of Aldahara village and excluding Aldahara and Malalkatte villages turns northwards as far as the Gaudankatte tank. Thence it turns eastwards, runs as far as the bandhs of Umblebail, Aldahara and Hunsekatte, then proceeds to the top of the hill and goes and joins the boundary between Hunsekatte and Tamdihalli after going through S. No. 23 of the last named village. East.—From the above point the line turns to due south and passing through Tamdihalli, Gonibede, Malgenhalli, Tavargatta, Bhairapur and Singanmane, goes and joins the boundary between the last two villages on the left bank of the river Bhadra. From here the line follows the river towards its source until the line turns to due west. South.—From the last named point the line runs along the left bank of the river as far as S. No. 3 of Chikharuhalli, and then turning north-west as far as the northern point of S. No. 9 of the same village goes direct to Basavankere tank of the Harnhalli village, and excluding it turns in a south-westerly direction, joins the bandhs of S. No. 39 of Bhairapur and S. Nos. 58 and 127 of Nelgadde village. The line then follows the boundary between Nelgadde and Bhairapur villages as far as the bank of the river Bhadra and goes along the river Bhadra as far as the Nelgaddehalla. West.—The line then follows the Nelgaddehalla as far as the S. No. 127, and crossing the halla joins the Shimoga-Yedahalli road at the 2nd furlong of the 16th mile and thence it goes along the road and joins the starting point at the 13th mile stone.

No. 6402—*R.* 2074, *dated* 17*th January* 1898.

In exercise of the powers conferred by Section 233 of the Land Revenue Regulation, the Government of Mysore are pleased to direct the following addition at the end of para 1 of Rule XVI of the Land Revenue Rules.

"or to cultivate at all the bed of a tank or katte when such tank or katte is useful to land "below it or is used for domestic or drinking purposes."

2. With this addition the Rule will be as quoted hereunder :—

Section 48. *XVI.*—"In the Survey Registers a deduction is made in some fields on account of "barren land (phot kharab) and the assessment placed on the "arable land alone In the event of any portion of the land so "deducted being brought under cultivation, no extra assessment "need be levied on that account. This rule, however, does not confer permission to obstruct roads, "channels, and right of way generally or to cultivate at all the bed of a tank or katte, when such "tank or katte is useful to land below it or is used for domestic or drinking purposes".

Phot kharab.

The said Principal and Additional Munsiffs of Bangalore and Mysore shall also exercise the jurisdiction of a Court of Small Causes for the trial of suits cognizable by such Court up to any amount not exceeding Rs. 50 within their respective local limits.

No. 7930—*L. F.* 317-96, *dated* 11*th January* 1898.

Under Section 226 of the Municipal Regulations of 1871, the Government are pleased to confirm the following Bye-laws framed by the Municipal Commissioners of the Bangalore City :—

By-law No. 24.—Every place other than a water-closet or bath-room, situated within any house, building or enclosure, and habitually used for the purposes of nature or for keeping human excreta shall be considered to be a latrine within the meaning of this Bye-law.

2. The provisions of Sections 3 and 4 of this Bye-law shall extend to all latrines and drains which are private property. The provisions of Sections 5, 6, 7 and 8 shall extend only to such latrines and drains hereinbefore mentioned as belong to or are maintained for the use of any house, building or enclosure which is assessed in the Municipal books at an annual valuation of Rs. 200 or more.

3. Every latrine shall be provided with a seat or platform so made as to compel the excreta to fall entirely into a suitable receptacle placed beneath.

4. All drains emerging from any house, building or enclosure and passing down the external surface of plinths or walls facing any public street shall consist of pipes or be covered with masonry.

5. The floor of every latrine shall be so sloped, drained and constructed as to prevent fluid from being retained on its surface and from soaking into the floor, ground, plinth or walls of the latrine.

6. All drains or continuations of drains, for the removal of fluid from any part of a latrine or of fluid which is contaminated or likely to be contaminated with animal refuse shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing or stagnating, or soaking into any ground, floor, plinth or wall ; and shall discharge in one of the following ways, *viz* :—

(*a*) into a movable receptacle of such proper shape and size as entirely to receive and retain all the fluid, and not cracked, broken, perforated, rotten or pervious to fluid.

(*b*) into a receptacle covered with a movable lid, and of such proper shape and size as entirely to receive and retain all the fluid and so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall.

(*c*) into a receptacle, not less than four feet square in superficial measurement and nine inches deep, so constructed as to prevent the fluid from soaking into any ground, floor, plinth or wall, and filled with so much sand as will absorb all the fluid.

(*d*) through such filtering material, as the Commissioners may deem sufficient, into an open public drain notified by the Commissioners as being set apart for the purpose.

(*e*) into a closed drain notified by the Commissioners as being set apart for the purpose.

7. All drains for the removal of fluid from bath-rooms, cooking-rooms, sculleries, mills and factories shall be sufficiently large, well laid and water-tight to prevent their contents from overflowing, stagnating or soaking into the foundation floor, plinth, or wall of any dwelling house ; and no such drain shall discharge into any street, or into any drain or water channel except such as the Commissioners shall have notified as being set apart for the purpose.

8. Every house, building or enclosure which has a latrine shall be provided with a separate entrance for the entry of scavengers for the purpose of cleaning the latrine.

9. If the owner of any house, building or enclosure neglects, within eight days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

Bye-law No. 25.—Every latrine as described in Bye-law No 24 shall be provided with a suitable receptacle placed beneath the seat or platform described in clause 3 of the said Bye law. The receptacle shall be a movable vessel of such proper shape and size as entirely to receive and retain all the excreta, and not cracked, broken, perforated, rotten or pervious to fluid.

2. Every latrine shall be provided, if so ordered by the Commissioners by notice, with a movable vessel not cracked, broken, perforated, rotten or pervious to fluid, for the purpose of receiving and retaining urine.

3. Every house shall be provided with a dust-bin.

4. No filth, rubbish, ordure or other offensive matter shall be kept otherwise than in one of the receptacles described in this Bye-law and no human excreta shall be kept otherwise than in the receptacles described in clauses 1 and 2.

5. If the occupier of any land, building or enclosure neglects to comply with all or any of the provisions of this Bye-law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for each offence.

Bye-law No. 26.—The owner of every house, building or enclosure which is assessed at an annual valuation of Rs. 200 or more, shall provide such drains as may be necessary for the removal of all fluid which is or is likely to be contaminated with animal refuse, or which escapes from bath-rooms kooking rooms, sculleries, mills and factories

2. The occupier of any house, building or enclosure shall not allow the drains thereof to become so obstructed as to cause their contents to stagnate or overflow.

3. Where sand or filtering material is required under clause 6 (*c* and *d*) of Bye-law No. 24 sufficient shall be provided by the occupier for the purposes indicated ; and the same shall be changed whenever it becomes offensive.

4. If the owner or occupier, as the case may be, of any land, building or enclosure neglects, within three days from the receipt of a notice issued by the Commissioners, to comply with all or any of the provisions of this Bye law, he shall be liable, on conviction before a Magistrate, to a fine which may amount to ten rupees for every day that such neglect may be continued after the expiration of such notice.

The following Notifications, issued by the Resident in Mysore, are re-published for general information :—

No. 103, *Fraserpet, dated the* 29*th January* 1898.

In continuation of Notification No. 761, dated the 25th February 1897 (as amended by Notification No. 4519, dated the 29th October 1897) issued under the Epidemic Diseases Act, 1897, the Resident is pleased to prescribe the following temporary regulations to be observed at Bowringpet railway station on the Madras Railway :—

1. Every passenger, whether from the Jalarpett or the Bangalore direction, alighting at Bowringpet station on the Madras Railway shall be examined on the platform by one of the Inspecting officers appointed for the purpose.

2. Every person proceeding by train from Bowringpet station on the Kolar Gold Fields Railway to any station on that line shall before he enters the train be examined by the Inspecting officer appointed for the purpose. The train shall not start until this examination has been carried out and until the Guard in charge of the train has obtained a certificate from the Inspecting officer to the effect that all persons proceeding by the said train, whether railway servants or passengers are free from bubonic plague.

3. The Agent will be requested to ensure that the servants of the Railway Company afford the Inspecting officers every possible assistance in carrying out the examinations prescribed in the two preceding paragraphs.

4. Should the Inspecting officer find any one examined under either paragraph 1 or paragraph 2 of these Regulations to be suffering from the bubonic plague, or should he suspect that any of such persons are suffering from this disease he shall forward them under proper escort to such places as may be appointed by the Mysore Government for the accommodation of such persons respectively. Further should he believe that any person has come into contact with persons suffering or suspected to be suffering from the bubonic plague he shall detain him for observation and, if necessary, shall forward him under proper escort to such place as may be appointed for the purpose.

5. The Inspecting officer may demand of any person alighting at Bowringpet station on the Madras Railway or of any person proceeding by train from the same station on the Kolar Gold Fields Railway to any station on that line, his name, his usual abode and particulars of the place or places in which he has resided, or which he has visited during the preceding fifteen days, and also the address to which he is about to proceed and any other particulars which the Inspecting officer may think fit in view of satisfying himself as to the likelihood of the said person spreading the infection of the plague. A person so interrogated shall be bound to answer truly to the best of his knowledge and belief all such questions and enquiries.

6. If any such person is found to have, within the preceding ten days been within a part of India, believed by the Inspecting officer to be infected by the plague, and is unable to satisfy such officer that he is proceeding to any fixed place of residence, such officer may remove him or cause him to be removed to a place provided under paragraph 4 *supra*, where he shall be detained for a period not exceeding ten days, when, if he is certified free from the infection of the plague, he shall be permitted to depart therefrom.

7. The police shall act under the orders given by the Inspecting officer on duty under these rules with regard to compelling persons to submit to such arrangements as may be made by the said officer for the purpose of inspection, and with regard to the detention and segregation of persons suffering or suspected to be suffering from bubonic plague.

8. Any person disobeying any of these rules or any orders issued thereunder by the Inspecting officer shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

No. 104, *dated, Fraserpet,* 29*th January* 1898.

No. 7101—*R. F.* 131-95, *dated* 1*st February* 1898.

The Government of Mysore are pleased to direct that paras 26 and 27 of Rule XX of the Mysore Land Revenue Rules issued under Notification No. 150, dated 22nd July 1890, be cancelled, and that para 29 of the same rule be modified as follows :—

(1) For the words "happen to be" in the 1st line substitute "is."

(2) In the same line between the words "applicant" and "has," insert the words "or purchaser."

(3) In the 2nd line, substitute "shall" for "should."

(4) In the same line, for the words "without an express order of Government", substitute the clause "unless the decision or order has become final as defined in Section 218 of the Land Revenue Code."

2. Para 29, modified as above, will read as follows :—

"If in any case an appeal is admitted after the applicant or purchaser has been put in possession, "his possession shall not be disturbed unless the decision or order has become final as defined in Section "218 of the Land Revenue Code."

No. 7201—*R.* 2332, *dated* 1*st February* 1898.

The following transfers of Amildars are ordered :—

T. Chokkanna, B. A., from the Bowringpet to the Chikballapur taluk.

NOTIFICATIONS BY THE GOVERNMENT OF MYSORE.

GENERAL AND REVENUE.

No. 8971—*Mis. F.* 21-96, *dated 2nd February* 1898.

The following Notifications, issued by the Resident in Mysore, are re-published for general information :—

No. 103, *Fraserpet, dated the 29th January* 1898.

In continuation of Notification No. 761, dated the 25th February 1897 (as amended by Notification No. 4519, dated the 29th October 1897) issued under the Epidemic Diseases Act, 1897, the Resident is pleased to prescribe the following temporary regulations to be observed at Bowringpet railway station on the Madras Railway :—

1. Every passenger, whether from the Jalarpett or the Bangalore direction, alighting at Bowringpet station on the Madras Railway shall be examined on the platform by one of the Inspecting officers appointed for the purpose.

2. Every person proceeding by train from Bowringpet station on the Kolar Gold Fields Railway to any station on that line shall before he enters the train be examined by the Inspecting officer appointed for the purpose. The train shall not start until this examination has been carried out and until the Guard in charge of the train has obtained a certificate from the Inspecting officer to the effect that all persons proceeding by the said train, whether railway servants or passengers are free from bubonic plague.

3. The Agent will be requested to ensure that the servants of the Railway Company afford the Inspecting officers every possible assistance in carrying out the examinations prescribed in the two preceding paragraphs.

4. Should the Inspecting officer find any one examined under either paragraph 1 or paragraph 2 of these Regulations to be suffering from the bubonic plague, or should he suspect that any of such persons are suffering from this disease he shall forward them under proper escort to such places as may be appointed by the Mysore Government for the accommodation of such persons respectively. Further should he believe that any person has come into contact with persons suffering or suspected to be suffering from the bubonic plague he shall detain him for observation and, if necessary, shall forward him under proper escort to such place as may be appointed for the purpose.

5. The Inspecting officer may demand of any person alighting at Bowringpet station on the Madras Railway or of any person proceeding by train from the same station on the Kolar Gold Fields Railway to any station on that line, his name, his usual abode and particulars of the place or places in which he has resided, or which he has visited during the preceding fifteen days, and also the address to which he is about to proceed and any other particulars which the Inspecting officer may think fit in view of satisfying himself as to the likelihood of the said person spreading the infection of the plague. A person so interrogated shall be bound to answer truly to the best of his knowledge and belief all such questions and enquiries.

6. If any such person is found to have, within the preceding ten days been within a part of India, believed by the Inspecting officer to be infected by the plague, and is unable to satisfy such officer that he is proceeding to any fixed place of residence, such officer may remove him or cause him to be removed to a place provided under paragraph 4 *supra*, where he shall be detained for a period not exceeding ten days, when, if he is certified free from the infection of the plague, he shall be permitted to depart therefrom.

7. The police shall act under the orders given by the Inspecting officer on duty under these rules with regard to compelling persons to submit to such arrangements as may be made by the said officer for the purpose of inspection, and with regard to the detention and segregation of persons suffering or suspected to be suffering from bubonic plague.

8. Any person disobeying any of these rules or any orders issued thereunder by the Inspecting officer shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

No. 104, *dated Fraserpet*, 29*th January* 1898.

With reference to this office Notification No. 103 of today's date prescribing, under the Epidemic Diseases Act, 1897, certain temporary regulations to be observed at Bowringpet Railway Station the Resident is pleased to appoint the following to be the Inspecting Officers for the purposes of these regulations at the said station—

No. 9656—*Mis. F.* 21-96, *dated* 14*th February* 1898.

The following Notification issued by the Resident in Mysore is re-published for general information.

Notification No. 501, *dated the* 3*rd February* 1898.

In continuation of Notification No. 761, dated the 25th February 1897 (as amended by Notification No. 4519, dated the 29th October 1897) and Notification No. 103, dated the 29th January 1898, issued under the Epidemic Diseases Act, 1897, the Resident is pleased to prescribe the following temporary regulations.

1. The Inspecting Officers at Harihar and Yesvantpur on the Mysore State Railway, and at Bangalore Cantonment and Bowringpet on the Madras Railway, and at any other railway stations which may from time to time be declared to be inspection stations, may require any passenger who may have been medically inspected to deliver up his ticket in order that some mark indicative of his having been inspected may be impressed thereon; and such passenger shall be bound to deliver it up accordingly.

2. On the alighting at a railway station (other than an inspection station) situate within the Mysore State, at which the Governor General in Council exercises jurisdiction, of a passenger who holds a ticket from or is believed to have come from a Station which is within the limits of the Bombay Presidency or of an infected area, the police officer on duty at such station shall stop such passenger, and demand from him his name and address with particulars of the place whither he is bound, his business at such place and the length of time he means to stay there; and the passenger shall be bound to furnish such information and answer all such enquiries truthfully to the best of his knowledge and belief. The police officer shall record such information and communicate it forthwith to a constable deputed by the Mysore Durbar for this purpose.

3. If a passenger from any railway station within the limits of the Bombay Presidency or of an infected area, appears to be attempting to evade inspection at an inspection station by alighting at a station (within the Mys[illegible] at which the Governor-General in Council exercises jurisdiction short of that fo[illegible] police officer on duty at such station shall insist on his continuing [illegible] by the same or the next following train.

4. Any such passenger alighting at a railway station (within the Mysore State as aforesaid) short of an inspection station who, from his being unable to show any business at the place of alighting, appears to have alighted for the purpose of evading examination at such inspection station, may be detained, by the police officer on duty at the railway station at which he has alighted, and be forwarded by the [illegible] of the next train to the inspection station. The railway fare of the person so detained and forwarded shall be paid by the passenger and, if not paid, shall be recovered from him by the railway authorities as excess fare.

5. When any carriage from the Bombay Presidency or from any infected area is detached from a train at any railway station (within the Mysore State as aforesaid) it shall be disinfected or ventilated in the following manner as soon as possible and before it is again brought into use:—

Third and intermediate class carriages—

The interior wood-work of the carriages, especially the floors and seats, shall be thoroughly washed with a solution of perchloride of mercury (1 in 1,000) or with a carbolic acid solution (a wine-glassful to a gallon); the doors and windows shall be opened and the vehicle exposed to the air.

First and second class carriages—

The floors and wood-work shall be treated as above, the cushions being also brushed and thoroughly cleaned.

6. Any railway carriage from which a passenger who is suffering or suspected to be suffering from the plague has been removed, shall be detached at the nearest convenient station and shall be disinfected in the manner prescribed in the preceding regulation.

7. Any person disobeying or contravening or refusing to submit himself to any of these regulations shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to 6 months or with fine which may extend to one thousand rupees or with both.

By Order,

K. D. ERSKINE, *Captain*,
First Assistant to the Resident.

No. 7101—*R. F.* 191-95, *dated* 1*st February* 1898.

The Government of Mysore are pleased to direct that paras 26 and 27 of Rule XX of the Mysore Land Revenue Rules issued under Notification No. 150, dated 22nd July 1890, be cancelled, and that para 29 of the same rule be modified as follows:—

NOTIFICATIONS BY THE GOVERNMENT OF MYSORE.

GENERAL AND REVENUE.

No. 9609—*Mis. F.* 21-96, *dated* 12*th February* 1898.

In exercise of the powers vested in them under Section 2, Sub-section (1) of the Epidemic Diseases Regulation No. II of 1897, the Government of Mysore are pleased to direct the prohibition of the undermentioned Jatras to be held in the Shikarpur taluk in the Shimoga district :—

1. Tograsi, Shikarpur taluk, on Palguna Suddha 9, lasting about eight days (2nd March 1898).
2. Chendragutti, on Chaitra Bahula 9 (14th April 1898).
3. Shikarpur Hucharayanaswami Jatra, Chaitra Suddha 15 (6th April 1898).

2. All persons arriving at the said places at the time of the Jatra will be sent back.

No. 9656—*Mis. F.* 21-96, *dated* 14*th February* 1898.

The following Notification issued by the Resident in Mysore is re-published for general information.

Notification No. 501, *dated the* 3*rd February* 1898.

In continuation of Notification No. 761, dated the 25th February 1897 (as amended by Notification No. 4519, dated the 29th October 1897) and Notification No. 103, dated the 29th January 1898, issued under the Epidemic Diseases Act, 1897, the Resident is pleased to prescribe the following temporary regulations.

1. The Inspecting Officers at Haribar and Yesvantpur on the Mysore State Railway, and at Bangalore Cantonment and Bowringpet on the Madras Railway, and at any other railway stations which may from time to time be declared to be inspection stations, may require any passenger who may have been medically inspected to deliver up his ticket in order that some mark indicative of his having been inspected may be impressed thereon ; and such passenger shall be bound to deliver it up accordingly.

2. On the alighting at a railway station (other than an inspection station) situate within the Mysore State, at which the Governor General in Council exercises jurisdiction, of a passenger who holds a ticket from or is believed to have come from a Station which is within the limits of the Bombay Presidency or of an infected area, the police officer on duty at such station shall stop such passenger, and demand from him his name and address with particulars of the place whither he is bound, his business at such place and the length of time he means to stay there ; and the passenger shall be bound to furnish such information and answer all such enquiries truthfully to the best of his knowledge and belief. The police officer shall record such information and communicate it forthwith to a constable deputed by the Mysore Durbar for this purpose.

3. If a passenger from any railway station within the limits of the Bombay Presidency or of an infected area, appears to be attempting to evade inspection at an inspection station by alighting at a station (within the Mysore State and at which the Governor-General in Council exercises jurisdiction) short of that for which his ticket has been taken, the police officer on duty at such station shall insist on his continuing his journey as far as the inspection station, either by the same or the next following train.

4. Any such passenger alighting at a railway station (within the Mysore State as aforesaid) short of an inspection station who, from his being unable to show any business at the place of alighting, appears to have so alighted for the purpose of evading examination at such inspection station, may be detained, by the police officer on duty at the railway station at which he has alighted, and be forwarded by the same or the next train to the inspection station. The railway fare of the person so detained and forwarded shall be paid by the passenger and, if not paid, shall be recovered from him by the railway authorities as excess fare.

5. When any carriage from the Bombay Presidency or from any infected area is detached from a train at any railway station (within the Mysore State as aforesaid) it shall be disinfected or ventilated in the following manner as soon as possible and before it is again brought into use :—

Third and intermediate class carriages—

The interior wood-work of the carriages, especially the floors and seats, shall be thoroughly washed with a solution of perchloride of mercury (1 in 1,000) or with a carbolic acid solution (a wine-glassful to a gallon) ; the doors and windows shall be opened and the vehicle exposed to the air.

First and second class carriages—

The floors and wood-work shall be treated as above, the cushions being also brushed and thoroughly cleaned

6. Any railway carriage from which a passenger who is suffering or suspected to be suffering from the plague has been removed, shall be detached at the nearest convenient station and shall be disinfected in the manner prescribed in the preceding regulation.

7. Any person disobeying or contravening or refusing to submit himself to any of these regulations shall be deemed to have committed an offence punishable under Section 188 of the Indian Penal Code and shall be liable on conviction to be punished with imprisonment of either description for a term which may extend to six months or with fine which may extend to one thousand rupees or with both.

NOTIFICATIONS BY THE GOVERNMENT OF MYSORE.

GENERAL AND REVENUE.

No. 105—*D. C., dated 7th March* 1898.

Colonel C. Bowen, R. E., Chief Engineer and Secretary, D. P. W. and Railways, being about to proceed on leave preparatory to retirement, Her Highness the Maharani-Regent desires to place on record Her high appreciation of the valuable services rendered by this Officer, who, during an official career of 34 years in the Mysore Public Works Department, 13 years as its Head, successfully planned and carried out a large number of important works of permanent public utility and has, throughout, displayed marked ability and energy and singular devotion to duty. To him belongs the credit of having brought both the Chamarajendra and Vanivilas Water-Supply Projects to a successful conclusion and raised the Native Executive Service of the Department to its present high standard of efficiency. By Colonel Bowen's retirement the Mysore State loses the services of a most experienced and valuable public servant and the Public Works Department a sympathetic and able Chief.

In exercise of the powers conferred by Section 2 of the Epidemic Diseases Regulation II of 1897, the Government of Mysore are pleased to prescribe the following revised Regulations in supersession of the corresponding Regulations 20 and 20 A published under Notification No. 9383—Mis. F. 21-96, dated 10th February 1898 :—

20. When any carriage from the Bombay Presidency or from any infected area is detached from a train at any railway station on the Bangalore-Nanjangud line except the Bangalore City Station, it shall be disinfected or ventilated in the following manner as soon as possible and before it is again brought into use.

Third and intermediate class carriages :—

The interior wood-work of the carriages, especially the floors and seats, shall be thoroughly washed with a solution of perchloride of mercury (1 in 1000) or with a carbolic acid solution (a wine glassful to a gallon) applied *with a mop* ; the doors and windows shall be opened, and the vehicle exposed to the air.

First and second class carriages :—

The floors and wood-work shall be treated as above, the cushions being also brushed and thoroughly cleaned.

20 A. Any railway carriage from which a passenger who is suffering or suspected to be suffering from the plague has been removed, shall be detached at the nearest convenient station, and shall be disinfected as follows :—

(1) The carriages, after being detached from the train, should be thoroughly washed with soft soap and lime water. After an interval of two to three hours, this should be washed off with plain water, and then the following disinfecting solution should be thoroughly sprayed all over the interior as well as the exterior of the carriages by means of a syringe :—

Corrosive sublimate	½ oz.
Hydrochloric acid	1 oz.
Water	3 gallons.

This solution should be allowed to dry on the carriages. Special care must be taken to direct the solution into all the cracks and crevices and jilmills.

ii. After disinfection, the carriages should be kept out in the open for 48 hours. They can then be brought into use again.

iii. In the case of first and second class carriages, which afford greater facilities than third class compartments for the harbouring of plague germs, it will be necessary, if the carriages are contaminated, to burn the cushions and to disinfect the wood-work in the manner indicated above, and re-paint the interior.

iv. Any compartment in which a suspicious case has travelled should be sprayed with the above disinfecting solution before being allowed to proceed.

No. 313—*Ry.* 98, *dated* 6*th April* 1898.

The following resolution of the Government of India and its accompaniments are re-published for information.

By Order,
W. McHUTCHIN,
Offg. Secy. for Railways, Govt. of Mysore.

o. I *Railway, dated Calcutta, the* 9*th March* 1898.
INDIA, PUBLIC WORKS DEPARTMENT, RAILWAY TRAFFIC.
Risk Note Forms A, B, C, D, E, F, H, and X.
ia circular No. XIV Railway, dated the 3rd July 1880; Sections 72,
Railways Act, IX of 1890, as amended by Section 4 of Act IX of 1896;
or General of Railways, No. 129 T., dated the 9th March 1896, and
from the Secretary, Railway Conference, No. 51, dated the 8th Octo-
osures.

ment of India circular No. XIV Railway, dated the 3rd July 1880, the
sanctioned for adoption on all State, as well as on certain other rail-
loption was still further extended :—
a bad condition or defectively packed.
lespatched at a "special reduced" or "owner's risk" rate.
able to damage and carried in open trucks at sender's request.
ents of small value carried at "owner's risk." (This form was subse-
l.)
d horses of a declared value of over Rs. 500.
l horses, mules and ponies carried in cattle trucks.
reement form for large consignments.
X, to be used when the consignor elects to despatch an "excepted"
e second schedule of the Indian Railways Act, IX of 1890, the value of
payment of the percentage on value authorized in Section 75 of that
l by the Governor General in Council at the suggestion of the adminis-
way and was adopted on several railways; and a new risk note has
r the carriage of explosive and dangerous goods at owner's risk.
the latter, which is founded upon English practice, the risk notes now
ons, merely reproductions of those originally sanctioned with certain
e in through booking with other railways and out-agencies.

[illegible] the Government of India are advised that there is no objection to the use of one risk note to cover the transit of a consignment partly by railway as defined in the Indian Railways Act, IX of 1890, and partly by other means of transport under the Carrier's Act, III of 1865. Its efficacy in the latter case will, however, depend on the fulfilment of the requirements of the Carrier's Act.

4. Provision is made in some of the risk notes at present in force for the excision of certain words which may be inapplicable to the particular traffic carried, but the Government are advised that this is unnecessary.

5. Attention is invited to the foot-note on each form providing that, while it is open to railways for the convenience of their constituents to print vernacular translations on the back of the form, the English version is the authoritative form which alone governs the liability of the railway.

6. To facilitate proof in courts of law of the approval of the Governor General in Council of the forms in use, it has been decided to publish the forms in the *Gazette of India* and in the *Local Government Gazettes.*

It is further suggested that, to facilitate proof of the execution of the risk notes, the signature of the consignor should, when possible, be attested by two independent witnesses and not, as is sometimes the practice, by employés of the railway or of the consignor.

RESOLUTION.—The Governor General in Council is pleased to approve, under Section 72 (2) (*b*) of the Indian Railways Act, IX of 1890, of the use of the enclosed forms, with effect from the 1st July 1898, by Railway Administrations working railways to which the Indian Railways Act, IX of 1890, applies.

2. In the case of railways to which Local Acts similar in scope to the Indian Railways Act, IX of 1890, are applicable, the Governor General in Council is also pleased to approve of the use of these forms from the 1st July 1898, so far as his approval may be necessary under such Local Acts.

3. Until the 30th June 1898, the forms at present in use shall remain in force.

ORDER.—Ordered that a copy of this resolution, and of its enclosures, be communicated to the Local Governments and Administrations and to the officers marginally noted, for information and guidance; also to the Governments of the North-Western Provinces and Oudh, and the Punjab, the Chief Commissioner of the Central Provinces, the Agent to the Governor General in Baluchistan, the Accountant General, Public Works Department, and to the Foreign Department, for information.

The Governments of Madras, Bombay, Bengal and Burma.
The Chief Commissioner of Assam.
The Resident at Hyderabad.
The Resident in Mysore.
The Agents to the Governor General in Rajputana, Central India and Baroda.
The Consulting Engineers to the Government of India for Railways, Culcutta, Lucknow, and Assam.
The Managers of the North Western, Oudh and Rohilkhand, Eastern Bengal, and East Coast (State) Railways.

Ordered further, that this resolution and the accompanying forms be published under a notification in Part I of the *Gazette of India*, and that they be reproduced in the *Local Government Gazettes.*

Documents accompanying.—Revised Risk Note Forms A, B, C, D, E, F, H, and X.

(iv) that they cannot be depended upon to give information should plague occur among them after arrival at their destination ;

No person shall be detained for purposes of observation for a longer period than ten days unless at the end of such period the Medical Officer in charge of the camp at which the person is detained suspects that such person is suffering from the bubonic plague.

No. 12981—*M.s. F.* 21-96, *dated* 12*th April* 1898.

The following Notification issued by the Resident in Mysore is republished for general information:—

Notification No. 1492, *dated Bangalore, the* 22*nd March* 1898.

Regulation No. 6, prescribed in this office Notification No. 501, dated the 3rd February 1898, which was issued under the Epidemic Diseases Act, 1897, is cancelled and the following is substituted :—

6 (i). Carriages in which cases of plague *have been* detected, after being detached from the train, should be thoroughly washed with soft soap and lime water. After an interval of two or three hours this should be washed off with plain water, and then the following disinfecting solution should be thoroughly sprayed all over the interior as well as the exterior of the carriages by means of a syringe :—

Corrosive Sublimate	½ oz.
Hydrochloric Acid	1 ,,
Water	3 gallons.

This solution should be allowed to dry on the carriages. Special care must be taken to direct the solution into all the cracks and crevices and jilmills.

(ii). After disinfection, the carriages should be kept out in the open for 48 hours. They can then be brought into use again.

(iii). In the case of first and second class carriages, which afford greater facilities than third class compartments for the harbouring of plague germs, it will be necessary, if the carriages are contaminated, to burn the cushions and to disinfect the wood work in the manner indicated above, and repaint the interior.

(iv). Any compartment in which a suspicious case has travelled should be sprayed with the above disinfecting solution before being allowed to proceed.

By Order,
K. D. ERSKINE. *Captain,*
First Assistant to the Resident.

RAILWAYS.

No. 313—*Ry.* 98, *dated 6th April* 1898.

The following resolution of the Government of India and its accompaniments are re-published for information.

By Order,
W. McHUTCHIN,
Offg. Secy. for Railways, Govt. of Mysore.

[*Heads of Departments.*]

Circular No. I Railway, dated Calcutta, the 9th March 1898.

GOVERNMENT OF INDIA, PUBLIC WORKS DEPARTMENT, RAILWAY TRAFFIC.

Revised Risk Note Forms A, B, C, D, E, F, H, and X.

Read—Government of India circular No. XIV Railway, dated the 3rd July 1880; Sections 72, 73 and 75 of the Indian Railways Act, IX of 1890, as amended by Section 4 of Act IX of 1896; Letter from the Director General of Railways, No. 129 T., dated the 9th March 1896, and its enclosures; Letter from the Secretary, Railway Conference, No. 51, dated the 8th October 1897, and its enclosures.

OBSERVATIONS.—In Government of India circular No. XIV Railway, dated the 3rd July 1880, the following risk note forms were sanctioned for adoption on all State, as well as on certain other railways, and subsequently their adoption was still further extended :—

Form A, for articles in bad condition or defectively packed.
Form B, for articles despatched at a "special reduced" or "owner's risk" rate.
Form C, for articles liable to damage and carried in open trucks at sender's request.
Form D, for consignments of small value carried at "owner's risk." (This form was subsequently cancelled.)
Form E, for uninsured horses of a declared value of over Rs. 500.
Form F, for low-priced horses, mules and ponies carried in cattle trucks.
Form H, a general agreement form for large consignments.

A further risk note, Form X, to be used when the consignor elects to despatch an "excepted" article or articles specified in the second schedule of the Indian Railways Act, IX of 1890, the value of which exceeds Rs. 100 without payment of the percentage on value authorized in Section 75 of that Act, was subsequently sanctioned by the Governor General in Council at the suggestion of the administration of the East Indian Railway and was adopted on several railways; and a new risk note has now been prepared to provide for the carriage of explosive and dangerous goods at owner's risk.

2. With the exception of the latter, which is founded upon English practice, the risk notes now published are, as regards conditions, merely reproductions of those originally sanctioned with certain additions to make them available in through booking with other railways and out-agencies.

3. In regard to out-agencies the Government of India are advised that there is no objection to the use of one risk note to cover the transit of a consignment partly by railway as defined in the Indian Railways Act, IX of 1890, and partly by other means of transport under the Carrier's Act, III of 1865. Its efficacy in the latter case will, however, depend on the fulfilment of the requirements of the Carrier's Act.

4. Provision is made in some of the risk notes at present in force for the excision of certain words which may be inapplicable to the particular traffic carried, but the Government are advised that this is unnecessary.

5. Attention is invited to the foot-note on each form providing that, while it is open to railways for the convenience of their constituents to print vernacular translations on the back of the form, the English version is the authoritative form which alone governs the liability of the railway.

6 To facilitate proof in courts of law of the approval of the Governor General in Council of the forms in use, it has been decided to publish the forms in the *Gazette of India* and in the *Local Government Gazettes.*

It is further suggested that, to facilitate proof of the execution of the risk notes, the signature of the consignor should, when possible, be attested by two independent witnesses and not, as is sometimes the practice, by employés of the railway or of the consignor.

RESOLUTION.—The Governor General in Council is pleased to approve, under Section 72 (2) (*b*) of the Indian Railways Act, IX of 1890, of the use of the enclosed forms, with effect from the 1st July 1898, by Railway Administrations working railways to which the Indian Railways Act, IX of 1890, applies.

2. In the case of railways to which Local Acts similar in scope to the Indian Railways Act, IX of 1890, are applicable, the Governor General in Council is also pleased to approve of the use of these forms from the 1st July 1898, so far as his approval may be necessary under such Local Acts.

3. Until the 30th June 1898, the forms at present in use shall remain in force.

ORDER.—Ordered that a copy of this resolution, and of its enclosures, be communicated to the Local Governments and Administrations and to the officers marginally noted, for information and guidance; also to the Governments of the North-Western Provinces and Oudh, and the Punjab, the Chief Commissioner of the Central Provinces, the Agent to the Governor General in Baluchistan, the Accountant General, Public Works Department, and to the Foreign Department, for information.

The Governments of Madras, Bombay, Bengal and Burma.
The Chief Commissioner of Assam.
The Resident at Hyderabad.
The Resident in Mysore.
The Agents to the Governor General in Rajputana, Central India and Baroda.
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow, and Assam.
The Managers of the North Western, Oudh and Rohilkhand, Eastern Bengal, and East Coast (State) Railways.

Ordered, further, that this resolution and the accompanying forms be published under a notification in Part I of the *Gazette of India*, and that they be reproduced in the *Local Government Gazettes.*

Documents accompanying.—Revised Risk Note Forms A, B, C, D, E, F, H, and X.

NOTIFICATIONS BY THE GOVERNMENT OF MYSORE.

GENERAL AND REVENUE.

No. 12981—*Mis. F.* 21-96, *dated* 12*th April* 1898.

The following Notification issued by the Resident in Mysore is republished for general information:—

Notification No. 1492, *dated Bangalore, the* 22*nd March* 1898.

Regulation No. 6, prescribed in this office Notification No. 501, dated the 3rd February 1898, which was issued under the Epidemic Diseases Act, 1897, is cancelled and the following is substituted:—

6 (i). Carriages in which cases of plague *have been* detected, after being detached from the train, should be thoroughly washed with soft soap and lime water. After an interval of two or three hours this should be washed off with plain water, and then the following disinfecting solution should be thoroughly sprayed all over the interior as well as the exterior of the carriages by means of a syringe:—

Corrosive Sublimate	½ oz.
Hydrochloric Acid	1 „
Water	3 gallons.

This solution should be allowed to dry on the carriages. Special care must be taken to direct the solution into all the cracks and crevices and jilmills.

(ii). After disinfection, the carriages should be kept out in the open for 48 hours. They can then be brought into use again.

(iii). In the case of first and second class carriages, which afford greater facilities than third class compartments for the harbouring of plague germs, it will be necessary, if the carriages are contaminated, to burn the cushions and to disinfect the wood work in the manner indicated above, and repaint the interior.

(iv). Any compartment in which a suspicious case has travelled should be sprayed with the above disinfecting solution before being allowed to proceed.

No. 13220—*Mis. F.* 21-96, *dated* 16*th April* 1898.

For clause (*b*) of Regulation II of the Regulations under the Epidemic Diseases Regulation published with Notification No. 9384—Mis. F. 21-96, dated the 10th February 1898, the following shall be substituted, namely :—

"(*b*) take measures for segregating and retaining such person in his own house or in some other suitable place, if *from the fact of such house or place being situated at a distance from crowded localities and from being surrounded by a large compound* the Health Officer *thinks that* the said person can be there treated with no greater risk of spreading the infection than would arise if he were removed to a place provided under Regulation 8."

No. 13221—*Mis. F.* 21-96, *dated* 16*th April* 1898.

For clause (*b*) of Regulation 3 of the Regulations under the Epidemic Diseases Regulation published with Notification No. 9385—Mis. F. 21-96, dated the 10th February 1898, the following shall be substituted, namely :—

"(*b*) take measures for segregating and detaining such person in his own house or in some other suitable place, if *from the fact of such house or place being situated at a distance from crowded localities and from being surrounded by a large compound* the Medical Officer in charge *thinks that* the person can be there treated with no greater risk of spreading the infection than if he were removed to a place provided under the preceding Regulation 2."

No. 313—*Ry.* 98, *dated 6th April* 1898.

The following resolution of the Government of India and its accompaniments are re-published for information.

By Order,
W. McHUTCHIN,
Offg. Secy. for Railways, Govt. of Mysore.

[*Heads of Departments.*]

Circular No. I Railway, dated Calcutta, the 9th March 1898.

GOVERNMENT OF INDIA, PUBLIC WORKS DEPARTMENT, RAILWAY TRAFFIC.

Revised Risk Note Forms A, B, C, D, E, F, H, and X.

Read—Government of India circular No. XIV Railway, dated the 3rd July 1880; Sections 72, 73 and 75 of the Indian Railways Act, IX of 1890, as amended by Section 4 of Act IX of 1896; Letter from the Director General of Railways, No. 129 T., dated the 9th March 1896, and its enclosures; Letter from the Secretary, Railway Conference, No. 51, dated the 8th October 1897, and its enclosures.

OBSERVATIONS.—In Government of India circular No. XIV Railway, dated the 3rd July 1880, the following risk note forms were sanctioned for adoption on all State, as well as on certain other railways, and subsequently their adoption was still further extended:—

Form A, for articles in bad condition or defectively packed.
Form B, for articles despatched at a "special reduced" or "owner's risk" rate.
Form C, for articles liable to damage and carried in open trucks at sender's request.
Form D, for consignments of small value carried at "owner's risk." (This form was subsequently cancelled.)
Form E, for uninsured horses of a declared value of over Rs. 500.
Form F, for low-priced horses, mules and ponies carried in cattle trucks.
Form H, a general agreement form for large consignments.

A further risk note, Form X, to be used when the consignor elects to despatch an "excepted" article or articles specified in the second schedule of the Indian Railways Act, IX of 1890, the value of which exceeds Rs. 100 without payment of the percentage on value authorized in Section 75 of that Act, was subsequently sanctioned by the Governor General in Council at the suggestion of the administration of the East Indian Railway, and was adopted on several railways; and a new risk note has now been prepared to provide for the carriage of explosive and dangerous goods at owner's risk.

2. With the exception of the latter, which is founded upon English practice, the risk notes now published are, as regards conditions, merely reproductions of those originally sanctioned with certain additions to make them available in through booking with other railways and out-agencies.

3. In regard to out-agencies the Government of India are advised that there is no objection to the use of one risk note to cover the transit of a consignment partly by railway as defined in the Indian Railways Act, IX of 1890, and partly by other means of transport under the Carrier's Act, III of 1865. Its efficacy in the latter case will, however, depend on the fulfilment of the requirements of the Carrier's Act.

4. Provision is made in some of the risk notes at present in force for the excision of certain words which may be inapplicable to the particular traffic carried, but the Government are advised that this is unnecessary.

5. Attention is invited to the foot-note on each form providing that, while it is open to railways for the convenience of their constituents to print vernacular translations on the back of the form, the English version is the authoritative form which alone governs the liability of the railway.

6 To facilitate proof in courts of law of the approval of the Governor General in Council of the forms in use, it has been decided to publish the forms in the *Gazette of India* and in the *Local Government Gazettes.*

It is further suggested that, to facilitate proof of the execution of the risk notes, the signature of the consignor should, when possible, be attested by two independent witnesses and not, as is sometimes the practice, by employés of the railway or of the consignor.

RESOLUTION.—The Governor General in Council is pleased to approve, under Section 72 (2) (*b*) of the Indian Railways Act, IX of 1890, of the use of the enclosed forms, with effect from the 1st July 1898, by Railway Administrations working railways to which the Indian Railways Act, IX of 1890, applies.

2. In the case of railways to which Local Acts similar in scope to the Indian Railways Act, IX of 1890, are applicable, the Governor General in Council is also pleased to approve of the use of these forms from the 1st July 1898, so far as his approval may be necessary under such Local Acts.

3. Until the 30th June 1898, the forms at present in use shall remain in force.

ORDER.—Ordered that a copy of this resolution, and of its enclosures, be communicated to the Local Governments and Administrations and to the officers marginally noted, for information and guidance; also to the Governments of the North-Western Provinces and Oudh, and the Punjab, the Chief Commissioner of the Central Provinces, the Agent to the Governor General in Baluchistan, the Accountant General, Public Works Department, and to the Foreign Department, for information.

The Governments of Madras, Bombay, Bengal and Burma.
The Chief Commissioner of Assam.
The Resident at Hyderabad.
The Resident in Mysore.
The Agents to the Governor General in Rajputana, Central India and Baroda.
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow, and Assam.
The Managers of the North Western, Oudh and Rohilkhand, Eastern Bengal, and East Coast (State) Railways.

Ordered, further, that this resolution and the accompanying forms be published under a notification in Part I of the *Gazette of India*, and that they be reproduced in the *Local Government Gazettes.*

Documents accompanying.—Revised Risk Note Forms A, B, C, D, E, F, H, and X.

SALE OF ARRACK VEND FARMS FOR 1898-99.

Notification No. 8953—*Ex.* 349, *dated Bangalore*, 21st *March* 1898.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months, beginning with 1st July 1898 and ending with 30th June 1899, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government, for special reasons*, be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to $\frac{3}{5}$ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid, the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of Arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1898; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the "Madras Consolidated Sugar and Spirit Factories, Limited," who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for Arrack supplied by them, shall be $6\frac{1}{3}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{50}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{3}{4}$ before the removal of Arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such Arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper, as the case may be, shall issue the quantity of Arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Supervisor, or other officer, or Bonded Depôt-keeper aforesaid, as to the date and hour when the Arrack was issued. The Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the Arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of Arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all Arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be opened to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of Arrack to Bonded Depôts.

(7) The Arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the Arrack purchased by him and issued to shop-keepers. The passes issued with the arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The Arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling Arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1898 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of Accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee or to place the farm under the management of Gov-

ernment; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1898, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the Excise laws or other law for the time being in force.

(For Schedule, see Extraordinary Gazette of the 29th April 1898).

No. 8954—*Ex.* 350, *dated* 21*st March* 1898.

SALE OF SEPARATE ARRACK SHOPS FOR 1898-99.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1898, and ending with 30th June 1899, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will unless revised by Government for special reasons, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to ⅔ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. Should he fail to make either of the deposits aforesaid, the deposits already made will be forfeited, the shop will at once be re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days above mentioned, take out licenses and execute agreements in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to take out licenses or to execute agreements as aforesaid, the shop or shops will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, &c., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license, extends only to the sale of Arrack of the strength of 20° under-proof. But it shall not extend to the sale

of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Government Treasury, in equal monthly instalments commencing from July 1898; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the lease is forfeited and proceed to re-sell the shops as soon after the last day of the month as may be possible. The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that when the shops are re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default and on deficits from the date of re-sale.

(3) The licensee shall purchase the arrack to be sold in his shop from the "Madras Consolidated Sugar and Spirit Factories, Limited" who have been appointed manufacturers of Arrack and other country spirits to the State, at the rate of $6\frac{1}{3}$ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The Arrack shall be sold to the public by the licensee at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{51}$ part of a gallon).

(4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the manufacturers and the above fee are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. $4\frac{3}{4}$ per gallon of 20° under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the Arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Arrack, which forms shall be purchased from local Excise Officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the shop or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1898, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or other law in force.

(For Schedule, see Extraordinary Gazette, dated 29th April 1898.)

SALE OF TODDY SHOPS FOR 1898-99.

Notification No. 10353—*Ex.* 424, *dated Bangalore,* 27*th April* 1898.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1898 and ending with 30th June 1899, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said *Schedule, and at the respective Taluk Kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

* As altered by Notification No 10355—Ex. 425, dated 27th April 1898.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the License to be issued to him; and his

surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above and furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shops or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shopkeeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1898, each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue.

(5) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(7) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules are strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(11) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(12) The license shall not be transferable, except with the permission of the Excise Commissioner.

(13) For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate, to take effect from the commencement of such period; provided that no toddy shall be drawn except during the currency of such license.

6. The Tree-tapping Rules provide as follows:—

(1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in clause 9 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bonâ fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned Forms may be obtained from him or the Inspectors under him. They must bear a court-fee stamp of one anna.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent.

(4) Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

(5) On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual.

(9) No tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates:—

Tree.	Tree-tax for each tree per annum including local cess.		
	Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

NOTE—The licenses will be free of tax to the Mysore Government in the cases specified in clause 1 (*b*) and (*c*) above.

(10) The Government waive for the current year the levy of a rent, in addition to tree-tax, on Government trees tapped for supply of shops included in this Notification.

NOTE (1) Tree rent at 4 annas per tree with local cess thereon shall be levied for Government trees tapped for the supply of shops in the Civil and Military Station of Bangalore and those outside the Territories of Mysore.

NOTE (2) No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

(11) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct:—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July 1898 and 30th April 1899.	One-third	The remaining two-thirds.
Between 1st May 1899 and 30th June 1899.	The whole.	

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depot, for which it is intended, after having complied with all requirements of the Madras Government Rules.

No. 10148—*R.* 3353, *dated* 23*rd April* 1898.

Additional regulations under the Epidemic Diseases Regulation, 1897, for Municipalities other than those of the Cities of Bangalore and Mysore and for towns and villages.

As plague threatens to attack Mysore, the Government of Mysore, in exercise of the powers vested in them under Section 2 of the Epidemic Diseases Regulation, 1897, are pleased to prescribe, under the said Epidemic Diseases Regulation, the following additional temporary regulations to be observed in municipalities other than those of the Cities of Bangalore and Mysore and in other towns and villages in the said territories :—

1. Should it appear that plague imminently threatens to attack any district, the Government of Mysore may declare such district or part of it to be "Under Observation."

2. Thereupon the Plague Commissioner shall establish frontier inspection stations in such district or part of it as he may deem necessary ; these shall be established as near as may be to the frontier on roads.

3. At each frontier inspection station shall be erected a sufficient number of sheds for hospitals and observation purposes ; and disinfectants and stores shall be maintained.

4. All persons shall be allowed to pass freely, except—

(*a*) those suspected of plague.

(*b*) those suspected of arriving from an infected locality.

5. (*a*) All persons suspected of plague, with their families and attendants, shall be detained, information being urgently sent to the nearest Revenue Officers of or above the grade of Amildar or Deputy Amildar and the nearest medical officer. Such officers shall inform the District Medical and Sanitary Officer as well as the Deputy Commissioner of the district and proceed to the spot to aid in effecting isolation and disinfection.

When the officer in charge of the frontier inspection station may declare such course to be safe, the persons detained may be released and sent to their destination under escort or with passports as prescribed below—

(*b*) persons suspected of arriving from an infected area may be disinfected if the Deputy Commissioner so orders and also shall be sent under escort or provided with passports which shall bind them to present themselves for daily inspection for the next ten days before the police station house officer or patel of any village where they may be. As passports are issued, the officer in charge shall inform by post card or otherwise the police station house officer and the patel of the village of destination.

Passports are issued to persons of ascertained respectability if they give satisfactory assurance or furnish security at the frontier inspection station that they will report themselves daily to an authorized officer at place of destination for observation or that they will be available for observation at their homes at hours previously fixed for observation. Escorts may be sent with persons who promise to give such assurance or security at the places of destination to the satisfaction of the local officers. Lists of such passengers shall be forwarded either by wire or post or through an escort to the local authority at place of destination and any one failing to report or to be present at his house at the hours appointed may be prosecuted. Passengers must report to the examining authority any change of residence during the period of observation and failure will entail the forfeiture of the bond and will further expose them to prosecution. After the period of observation is over, the security shall be returned to the passengers concerned.

The officer in charge of a frontier inspection station may also, when specially authorized by the Deputy Commissioner, detain all passengers from an infected area who appear to be suspicious whether by reason of their appearance, the dirty condition of their clothes, or the fact that they are travelling in gangs, or belong to classes which are likely to disseminate the disease or cannot be traced on arrival at their destination or depended upon to give information should plague occur among them after arrival at their destination or for any other reason. Such officer shall have the widest discretionary power, subject to the general or special orders of the Government or Deputy Commissioner to decide what person shall be considered "Suspicious" for the purposes of this rule.

Any person refusing to comply with or attempting to evade this rule may be detained for ten days at the nearest inspection station, or other place appointed by the Deputy Commissioner for the purpose.

Every person passing a frontier inspection station shall be bound to declare his destination truly.

6. *Pass-ports.*—Pass-ports shall be in the form attached.

The Deputy Commissioner may exempt from the necessity of taking out pass-ports any person with regard to whom there are no reasonable grounds for suspicion of infection.

7. *Disinfection.*—When it is provided in these Rules that disinfection may be employed, disinfection, as follows, as often as seems to him necessary, may be ordered by any Plague authority, unless where otherwise provided—

Of the person.—(If specially ordered by the Deputy Commissioner). In a bathing tub with Jeyes' fluid or carbolic acid, strength 1 in 100.

Of travellers' bundles.—(1) If specially ordered by the Deputy Commissioner, to be opened out and steamed for 20 minutes by steam pressure of 20 lbs. and temperature 250°; or (2) otherwise, to be treated as below.

Of clothes, silks, &c.—To be exposed first one side, then the other, for 8 hours in a strong sun.

Other cloths, &c.—In perchloride of mercury, 1 in 1000.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1898; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the license is forfeited, and proceed to re-sell the farm as soon after the last day of the month as may be possible. Provided, however, that instead of re-selling the farm as above, the Deputy Commissioner may, in his discretion, direct the Amildar to break up the defaulting farm into the existing number of shops within it, and to give each separate shop-keeper a license for the rent he agrees to pay, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) (*a*) The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the farm. Provided, however, that where the farm is re-sold or broken up under the provisions of sub-clause (2) above, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the farm. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default, and on deficits from the date of re-sale.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from the "Madras Consolidated Sugar and Spirit Factories, Limited," who have been appointed manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said manufacturers for Arrack supplied by them, shall be $6\frac{1}{3}$ annas per gallon of 20° under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 6-6-0 per gallon of 20° under-proof (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{51}$ part of a gallon), and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the manufacturers is in addition to excise duty, which shall be prepaid into the local Government Treasury, as per following condition (5), at Rs. $4\frac{3}{4}$ before the removal of Arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such Arrack to the manufacturers or their agent, or any person appointed by Government in this behalf, the Supervisor or other officer in charge of the Distillery, or the Bonded Depôt-keeper, as the case may be, shall issue the quantity of Arrack equal to the amount of duty shown in the Treasury Officer's receipt, which will be forwarded to the Excise Commissioner's office under the endorsement of the Supervisor, or other officer, or Bonded Depôt-keeper aforesaid, as to the date and hour when the Arrack was issued. The Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the Arrack from the Distillery. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of Arrack and duty into the local Taluk Treasury.

SALE OF ARRACK VEND FARMS FOR 1898-99.

Notification No. 8953--*Ex.* 349, *dated Bangalore*, 21*st March* 1898.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months, beginning with 1st July 1898 and ending with 30th June 1899, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the taluk head-quarters in the respective districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or, if necessary, reserving special tracts in which there may at present be no shops for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will, *unless revised by Government, for special reasons*, be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to ⅕ths of a month's rent; and within fifteen days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent. If he fails to make either of the deposits aforesaid, the deposits already made will be forfeited, and the exclusive privilege will be immediately re-sold or otherwise disposed of as the Deputy Commissioner may direct; and he shall be debarred from bidding again for the same or for any other farm.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain, and in the event of a loss by the re-sale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth; and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be re-sold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The details of consumption of Arrack in the shops of the existing farms and at depôts, the amount of rental of each farm, &c., for several years past are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :--

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of Arrack of 30° under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(6) The licensee in the Bangalore district shall maintain at a place or places within his farm where it may be considered necessary by the Deputy Commissioner, a depôt or depôts to which all Arrack purchased by him shall in the first instance be conveyed in his own casks for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The depôts shall at all times be opened to inspection by the Deputy Commissioner or any officer of the Excise Department. No such depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being borne by the Government contractor for carriage of Arrack to Bonded Depôts.

(7) The Arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt, and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the Arrack purchased by him and issued to shop-keepers. The passes issued with the arrack purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The Arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling Arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any Arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1898 in the existing Bonded Depôt in his farm, or in the Farm Depôt, or in his shops, paying to the out-going farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force, and by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of Accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise officers.

(14) The farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited and to cancel the license and re-sell the exclusive privilege or to otherwise dispose of it, at the risk of the licensee or to place the farm under the management of Gov-

ernment; and all loss thereby caused, together with all losses accruing to Government in consequence of the licensee's neglect to carry on his business by opening his shops on 1st July 1898, should be made good by the licensee. When a farm is cancelled, the rent for the whole period of the farm shall become due at once. All such amounts of penalties and losses shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition shall not be held to prevent the prosecution of the licensee or his agents or employes for any offence punishable under the Excise laws or other law for the time being in force.

(For Schedule, see Extraordinary Gazette of the 29th April 1898).

No. 8954—*Ex.* 350, *dated* 21*st March* 1898.

SALE OF SEPARATE ARRACK SHOPS FOR 1898-99.

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in the tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1898, and ending with 30th June 1899, will be put up to public auction on the dates and at the places named in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount as may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion without assigning reasons for the same. Such formal confirmation will unless revised by Government for special reasons, be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for that shop; and within seven days from the date of confirmation of sale by the Deputy Commissioner, he must deposit such further sum as, with the former deposits, will make up an aggregate sum equal to two months' rent. Should he fail to make either of the deposits aforesaid, the deposits already made will be forfeited, the shop will at once be re-sold or otherwise disposed of under orders of the Deputy Commissioner, and he will be debarred from bidding again for the same or for any other shop.

4. Re-sales effected under para 3 will be at the risk of the defaulting bidder, who will forfeit all gain; and in the event of a loss by re-sale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposit will be deducted from the loss arising from the re-sale and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by re-sale, the whole of such deposit will be credited to Government.

5. Persons to whom shops have been knocked down shall, within ten days of the expiry of the period of seven days above mentioned, take out licenses and execute agreements in the prescribed form, on the conditions hereinafter set forth. On the failure of any person to take out licenses or to execute agreements as aforesaid, the shop or shops will be re-sold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of the purchaser's death after confirmation of the sale, it will be binding on his heirs or assigns.

6. The amount of rental, the consumption of each shop, &c., for several years past are specified in the appended schedule.

7. The license to be taken out under para 5 above, shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license, extends only to the sale of Arrack of the strength of 20° under-proof. But it shall not extend to the sale

of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the foreign liquor shop-keepers alone are permitted to sell.

(2) (*a*) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1898; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, declare, by record in writing, that the lease is forfeited and proceed to re-sell the shops as soon after the last day of the month as may be possible. The deposit made by the licensee shall be taken in payment of the instalments due in the last two months of the period of the lease. Provided, however, that when the shops are re-sold, the deposit shall, at the discretion of the Deputy Commissioner, be either forfeited or be appropriated towards the arrears due by the defaulter, as well as towards the deficits, if any, arising from the re-sale of the shops. The balance of such arrears and deficits, if any, shall be recoverable from the licensee under the rules in force for the recovery of arrears of land revenue. No remission or abatement of the rent or compensation shall, on any account whatever, be claimable by the licensee.

(*b*) Interest at 6 per cent per annum shall be recoverable on all arrears from the date of default and on deficits from the date of re-sale.

(3) The licensee shall purchase the arrack to be sold in his shop from the "Madras Consolidated Sugar and Spirit Factories, Limited" who have been appointed manufacturers of Arrack and other country spirits to the State, at the rate of $6\frac{1}{8}$ annas per gallon of 20° under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The Arrack shall be sold to the public by the licensee at Rs. 6-6-0 per gallon of 20° under-proof, (*i. e.*, at annas 2 per dram which is equal to $\frac{1}{51}$ part of a gallon).

(4) The licensee of every shop in the towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all Arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the manufacturers and the above fee are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. $4\frac{3}{4}$ per gallon of 20° under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a special shroff appointed in this behalf at the cost of Government and located at the Taluk Cutcherry to receive such duty and price daily, including Sundays and holidays, and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the Arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of Arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's office under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of Arrack, which forms shall be purchased from local Excise Officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shop, or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or for such neglect, or, at the option of the Deputy Commissioner, to declare the money deposited with him forfeited, and to cancel the license and to re-sell the shop or to otherwise dispose of it at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1898, shall be made good by him. When a shop is cancelled, the rent for the whole period of the shop shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or other law in force.

(For Schedule, see Extraordinary Gazette, dated 29th April 1898.)

SALE OF TODDY SHOPS FOR 1898-99.

Notification No. 10353—*Ex.* 424, *dated Bangalore, 27th April* 1898.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Toddy in each shop or group of shops specified in the appended Schedule for one year, beginning with 1st July 1898 and ending with 30th June 1899, will be put up to public auction by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said *Schedule, and at the respective Taluk Kasbas, and will be knocked down to the bidder offering the highest amount of rent for the aforesaid privilege. If the sales are not completed on abovenamed days, they will be continued on the next following days. The licensee is not required to make any additional payment on account of local cess. The Officer conducting the sale shall be at liberty to revise when necessary the grouping of shops as specified in Schedule hereto, and to accept or reject any bid at discretion, or to sell the said privilege in any particular case by means of tenders or by private negotiation. The sale in every case shall be subject to the conditions hereinafter set forth and shall, unless revised by the Government, take effect upon formal confirmation by the Deputy Commissioner.

* As altered by Notification No 10355—Ex. 426, dated 27th April 1898.

2. Parties intending to bid must attend either in person or by duly authorized agents; and no person shall be permitted to bid either on his own behalf or on account of any one else until he has made a deposit of Rs. 10 in the case of individual shops, or Rs. 25 in the case of groups of shops, or such other reasonable amount as may be fixed by the Officer conducting the sale. Such deposits will be returned at the close of the sale.

3. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next shop or group of shops is put up for sale, deposit a sum equal to one-twenty-fourth part of his bid for the year, that is to say, one-half of the monthly rent; and within fifteen days of the confirmation of the sale by the Deputy Commissioner being notified to him in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent. Within ten days after the expiry of the period allowed for making the deposit of three months' rent as above, the purchaser of the exclusive privilege shall execute an agreement binding himself to observe the conditions hereinafter set forth as well as those specified in the License to be issued to him; and his

surety, if any has been accepted under the next following para, shall execute a bond in the prescribed form binding himself and so much of his movable and immovable property as may be deemed sufficient by the Deputy Commissioner, for the due fulfilment by the purchaser of the terms of his agreement. If default is made in making the deposit or deposits or in executing the agreement or the surety bond, if any, within the time allowed therefor by this para, the exclusive privilege shall be forthwith resold or otherwise disposed of by the Deputy Commissioner at the risk of the first purchaser, who shall forfeit to the Government any deposit or deposits already made by him and shall further be liable to make good any loss by the resale or other disposal but shall not be entitled to any gain by the resale or other disposal. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

4. The deposit made under the preceding para shall be either in cash or in Government of India Securities or Mysore Debentures duly endorsed in favor of the Deputy Commissioner. Provided that in lieu of a deposit of three months' rent as above, the Deputy Commissioner may, in his discretion, allow any purchaser to deposit one month's rent as above and furnish approved personal security for an amount equal to four months' rent.

5. As soon as the agreements and bonds have been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the privilege of obtaining, subject to Tree-tax Rules, toddy-yielding trees in the groves assigned to his shops or group of shops; and he shall be at liberty to manufacture toddy from the trees in private lands, under private arrangements between himself and the owners of such lands. He may purchase toddy from any other licensed toddy shopkeeper on application to the Supervisor, who will grant the necessary permits on proof of the necessity for the same.

(2) The exclusive privilege shall extend to the sale of date, palmyra, cocoanut, bagani and dadasal toddy.

(3) The amount of rent shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1898, each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the same month. If default is made, the Amildar may, with the sanction of the Deputy Commissioner, by record in writing, cancel the license, forfeit all deposits made by the defaulter, and proceed to resell or otherwise dispose of the shop or group of shops at the defaulter's risk as soon after the last day of the month as may be possible.

(4) The deposit made by the licensee shall be taken in payment of the instalment due in the last month or months of the period of the license. All arrears payable by a licensee or his surety shall, with interest at 6 per cent per annum, be recoverable under the rules in force for the recovery of land revenue.

(5) Toddy shall not be sold to the public at less than the retail rates specified in the appended schedule.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts, if any.

(7) If the licensee of a group of shops wishes to establish a depôt for depositing toddy required for distribution to his shops, he shall obtain a license for it in the prescribed form.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the Rules are strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shop or shops to be closed, or permit transfers of shops from one place to another within two hundred yards of the original sanctioned site.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack, nor permit any person having interest in the exclusive privilege of vending arrack to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any toddy shop or farm outside the Territories of Mysore.

(11) The licensee shall be bound by the provisions of the Excise law and rules thereunder for the time being in force and by the terms and conditions of the license. The licensee shall use such measures of capacity as may, from time to time, be prescribed by Government, and provide himself with permits for the transport of toddy. Printed forms of permits may be purchased from Excise officers.

(12) The license shall not be transferable, except with the permission of the Excise Commissioner.

(13) For the convenience of the licensee, the applications for tree-tapping licenses will be received, trees will be marked, and licenses will be issued during the fifteen days immediately preceding the period to which they relate, to take effect from the commencement of such period; provided that no toddy shall be drawn except during the currency of such license.

6. The Tree-tapping Rules provide as follows:—

(1) Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers,

(*b*) of toddy shop-keepers in British Territory desirous of obtaining toddy from trees growing in the Mysore Territory but free from payment to the Mysore Government of the Tree-tax prescribed in clause 9 below, and

(*c*) of tree-owners in coffee estates, hittals and kans in the malnad free of the tree-tax prescribed in clause 9 below for the number of trees fixed by the Excise Commissioner for the drawing of toddy for *bonâ fide* domestic purposes as per Notifications Nos. 242 and 24560—R. 3597, dated 24th March 1885, and 22nd June 1895.

The licenses may be issued in the name of applicant himself or of his nominees.

(2) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Supervisor of the Range concerned. Forms may be obtained from him or the Inspectors under him. They must bear a court-fee stamp of one anna.

(3) Applications for tree-tapping licenses, for trees in occupied or alienated lands, should be countersigned by the owner of the trees intended to be marked in token of his consent.

(4) Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed therein to be tapped.

(5) On receipt of an application the Supervisor will at once take steps for the marking of the trees by an Officer superior in rank to an Examiner and for the timely issue of the license.

(6) Deputy Commissioners may, subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which licenses will be granted and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

(7) No trees shall be tapped, nor shall toddy be drawn from any toddy tree nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer. But the preparation of the spathes for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the Supervisor.

(8) For all toddy-yielding trees, tree-tapping licenses shall be annual.

(9) No tree is to be tapped for toddy without a license therefor to be obtained by payment of tree-tax at the following rates :—

Tree.	Tree-tax for each tree per annum including local cess.		
	Rs.	a.	p.
Date	1	1	0
Cocoanut	2	2	0
Palmyra	1	9	6
Bagani or Sago palm	1	9	6
Dadasal (Arenga wightii)	0	8	6

NOTE—The licenses will be free of tax to the Mysore Government in the cases specified in clause 1 (*b*) and (*c*) above.

(10) The Government waive for the current year the levy of a rent, in addition to tree-tax, on Government trees tapped for supply of shops included in this Notification.

NOTE (1) Tree rent at 4 annas per tree with local cess thereon shall be levied for Government trees tapped for the supply of shops in the Civil and Military Station of Bangalore and those outside the Territories of Mysore.

NOTE (2) No trees upon Government occupied land can be tapped without the consent of the owner. The present arrangement as regards trees on alienated land will hold good subject of course to the levy by Government of tree-tax.

(11) The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct—

Period within which license is applied for.	Proportion of tree-tax to be paid at the time of application for license.	Proportion of tree-tax to be paid before the end of the month following.
Between 1st July 1898 and 30th April 1899.	One-third	The remaining two-thirds.
Between 1st May 1899 and 30th June 1899.	The whole.	

(12) Under the arrangement which has been arrived at with the Government of Madras, the tree-tax on toddy produced by the trees in the Madras Presidency but consumed in the Mysore State, will be credited to the Mysore Government and *vice versa*. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. The following procedure shall be observed on the subject—

(1) Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules, and will obtain a Transport Permit from the Supervisor concerned in the Mysore State for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules.

(2) A shop-keeper or renter in the Madras Presidency desiring to obtain toddy from trees growing in the Mysore Territory, will pay into the Thasildar's Treasury concerned in the Madras Presidency, the tree-tax on the trees which he proposes to tap. The Thasildar, after satisfying himself that the applicant is a person who is entitled to take out a tree-tapping license, will grant a receipt with this fact certified at the foot.

(3) The applicant will then proceed to make an application to the proper Mysore authorities in accordance with the Tree-tapping Rules in force in that State. The Mysore authorities concerned will accept the receipt and certificate as evidence that the amount mentioned has been paid, and that the applicant is a person by whom an application for a tree-tapping license may be made. It must, however, be distinctly understood that licenses may be refused at discretion in the case of trees reserved by the Excise Department for the purpose of giving them rest or for other reason considered sufficient by the Officer refusing the license. The issue of licenses, marking of the trees, &c., will be effected in precisely the same manner as if the applicant were a shop-keeper in the Mysore State, the number of trees to be licensed being calculated at the higher rate of the two, whether British or Mysore, if the rate is not the same on both sides of the frontier.

(4) The Supervisor concerned in the Mysore State will issue Transport Permits to the frontier in the usual way, care being taken, as far as possible, to prescribe a route which does not involve the toddy approaching near any Mysore toddy shops. The latter should not be located along any of the main routes by which toddy is exported to the Madras Presidency, if it can be avoided; and the attention of the Deputy Commissioner concerned should be invited to the desirability of removing adjacent shops to a distance. It will be for the British Officer to grant permits from the frontier on to the destination of the toddy.

(5) Transport Permits, for toddy exported by rail, will be given in batches of seven or any other requisite number, one for each day, to allow of a Transport Permit being invariably attached to the Way-bill.

(13) In the tree-tapping licenses granted on the application of British renters and shop-keepers, the following rule will be inserted—

"All toddy drawn by the licensee shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct across the frontier into the Madras Presidency, under a General Transport Permit granted by the Deputy Commissioner of the district, or other duly authorized officer or person. Transfers of toddy, even by way of gift, between the time of drawing and crossing the frontier, and tree-foot sales or sales in the open, or the disposal of the toddy in any other manner unauthorized by the rules in force, are strictly prohibited."

(14) Licenses to British shop-keepers to tap trees in the Mysore State are granted in consideration of the payment of tree-tax to the British Government, and are liable to cancellation at its request, or that of any Officer duly empowered by it in this behalf.

(15) Toddy drawn from British trees may be allowed to pass across Mysore Territory on permits granted by British officials, provided they are countersigned by the Supervisor of the Range in Mysore Territory through which the toddy is being transported.

(16) Every person to whom a tapping license is granted for the manufacture of toddy either for local consumption or for export to British Territory, shall observe the following rules in tapping date trees—

(*a*) Trees tapped one year shall not ordinarily be tapped the next year.

(*b*) Trees shall not be overtapped or overworked.

(*c*) In no date tree shall the initial incision be made at any point less than three feet from the ground except in places where permission is specially given.

(*d*) No date tree shall be cut to a greater depth than one-third of its diameter.

(*e*) Every fresh incision shall not be less than one foot above the last incision, except in localities where permission is specially given.

(*f*) Not less than eight leaves should be left on each tree.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him, or any other trees.

(*h*) The licensee or his employer will be liable to pay a fine of one rupee for each tree which may die from over-tapping or careless tapping either during the lease or within six months after its expiration.

7. In case of any breach of the conditions of the license, either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege or otherwise dispose of it at the risk of the licensee, or to place it under the management of Government. When a license is cancelled, the rent for the whole period of the lease shall become due at once; and all loss caused to Government by the cancelment or resale or otherwise of the license shall be made good by the licensee or his surety in the manner specified for resales in para 3 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

8. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employees for any offence punishable under the law for the time being in force.

(For Schedule, see Extraordinary Gazette of the 29th April 1898).

No. 10685—*R. F.* 146-95, *dated* 11*th May* 1898.

Under Article 171 of the Mysore Service Regulations, B. Shankaraiya, Amildar of the Arkalgud taluk, Hassan district, is granted casual leave of absence for five days with effect from the 6th May 1898, or such other date as he may avail himself of the same, the taluk sheristadar being in charge of the current duties of the taluk during the absence of the Amildar on leave or until further orders.

No. 10688—*Fl.* 1054, *dated* 11*th May* 1898.

Under Article 171 of the Mysore Service Regulations, Mr. T. S. A. D'Cruz, Officer in charge of the Hassan District Treasury, Hassan district, was granted casual leave of absence for two days with effect from the 2nd May 1898, Mr. T. Paramasiva Iyer, Assistant Commissioner, being in charge of the District Treasury during the absence of Mr. T. S. A. D'Cruz on leave.

No. 10698—*Ft. F.* 14-97, *dated* 12*th May* 1898.

Under Article 188 of the Mysore Service Regulations, Mr. K. Muthaiya, Officiating Sub-Assistant Conservator of Forests, Kolar district, is granted privilege leave of absence for two months with effect from the 17th April 1898.

No. 10711—*R.* 3550, *dated* 12*th May* 1898.

Under Article 171 of the Mysore Service Regulations, N. Gopalakrishnaiengar, Amildar of the Holalkere taluk, Chitaldrug district, was granted casual leave of absence for one day on the 27th April 1898.

No. 10714—*R. F.* 109-96, *dated* 12*th May* 1898.

Under Article 171 of the Mysore Service Regulations, T. Chokkanna, Amildar of the Bowringpet taluk, Kolar district, is granted casual leave of absence for five days with effect from such date as he may avail himself of the same.

No. 10795—*R.* 3566, *dated* 13*th May* 1898.

Under Section 6 of the Land Acquisition Regulation, No. VII of 1894, it is hereby declared that the lands detailed in the annexed schedule are required for a public purpose, that is, for improving the sanitation of the Hassan Town, and under Sections 3 and 7 of the same Regulation, the General Assistant Commissioner, Hassan district, is specially appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take order for the acquisition of the said lands.

GEOLOGICAL.

No. 277—*M.*, *dated* 16*th May* 1898.

The Draft Rules under the Mysore Explosives Regulation, 1888, which are set out in the Schedule hereto, are published for general information, as required by Section 15 of that Regulation and will be taken into consideration on and after the 15th of June 1898.

2. Objections and suggestions with respect to the Draft Rules received before that date will be duly considered.

3. For the purpose of Section 3, Clause I, of the said Regulation, all substances falling under any of the classes defined in Rule 1 of the Draft Rules, set out in the Schedule hereto, are hereby declared to be explosives.

By Order,
W. F. SMEETH,
Offg. Secy. to Govt., Geol. Dept.

GOVERNMENT OF MYSORE.

GEOLOGICAL DEPARTMENT.

In exercise of the powers conferred by Sections 4, 5 and 6 of the Mysore Explosives Regulation 1888, Her Highness the Maharani-Regent is pleased to make the following rules to regulate the manufacture, possession, sale and transport of explosives in the Territories of Mysore.

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely:—

Class 1 ...	.. Gunpowder.
Class 2 ...	... Nitrate-mixture.
Class 3 ...	... Nitro-compound.
Class 4 ...	... Chlorate-mixture.
Class 5 ...	... Fulminate.
Class 6 ...	... Ammunition.
Class 7 ...	... Firework.

And when an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

Class 1.—Gunpowder Class.

The term "gunpowder" means exclusively gunpowder ordinarily so called.

Class 2.—Nitrate-mixture Class.

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Fortis explosive,	Pyrolithe,
Poudre saxifragine,	Safety blasting powder,
Pudrolithe,	

and any preparation coming within the above definition.

Class 3.—Nitro-compound Class.

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mixed or combined with other substances or not.

The nitro-compound class has two divisions:—

Division 1 comprises such explosives as—

Amberite No. 1,	Gelatine dynamite,
Ballistite,	Gelignite,
Blasting gelatine,	Glyoxiline,
Camphorated gelatine,	Lithofracteur,
Carbonite,	Methylic nitrate,
Cordite,	Nitro-glycerine,
Dualine,	Stonite,
Dynamite,	

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as :—

Amberite No. 2,
Ammonite,
Bellite,
Cotton gunpowder,
E. C. Powder,
Gun-cotton, ordinarily so called,
Gun-paper,
Nitrated gun-cotton,
Nitro-mannite,
Picrates,
Picric acid (except in solution in water),
Picric powder,
Roburite,
Sawdust and Gun-cotton powder,
Schultz's powder,
Tonite (or cotton powder),
Xyloidine,

and any nitro-compound as before defined, which is not comprised in the first division.

Class 4.—Chlorate-mixture Class.

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions :—

Division 1 comprises such explosives as —

Bram's blasting powder, | Horsley's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound

Division 2 comprises such explosives as—

Chlorated gun-cotton,
Erhardt's powder,
Hochstadter's blasting charges,
Horsley's original blasting powder,
Reichen's blasting charges,
Reveley's powder,
Toutonite,

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5.—Fulminate Class.

The term "fulminate" means any chemical compound or mechanical mixture whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which, from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions :—

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphide (suphuret), with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6.—Ammunition Class.

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting, or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog-signal, a shell, a torpedo, a war-rocket or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such

quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of one fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms, of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other catridges. The term also includes rifle calibre machine-gun cartridges if they are of the above description, whether they are for use with machine-guns having chambers identical with those of rifles or with machine-guns which have special chambers:—

The ammunition class has three divisions:—

The maximum gauge at which a small-arm cartridge can be accepted as "safety" is one inch.

The following are the gauges of the machine-gun cartridges which may be accepted as "safety":—

·303 inch cordite.

Martini-Henri rifle, solid case.

·45 inch Gardner, Gatling and Nordenfeldt, except Martini-Henri chambered guns ·4-inch.

Cartridges of larger gauge are not safety cartridges.

Division 1 comprises exclusively—

Safety cartridges.

Safety fuzes for blasting.

Fuzes for shells and friction tubes for guns provided there be no more than five fuzes or 25 tubes in one package and that the package be a hermetically sealed metal cylinder.

Railway fog-signals.

Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in division 1, such as—

Cartridges for small arms, which are not safety cartridges.

Cartridges and charges for cannon, shells, mines, blasting, or other like purposes.

Shells and torpedoes containing any explosive.

Fuzes for blasting, which are not safety fuzes (including electric fuzes which are not detonator fuzes).

Fuzes for shells.

Tubes for firing explosives.

War-rockets, which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in division 1 such as—

Detonators.

Cartridges for small arms, which are not safety cartridges.

Fuzes for blasting, which are not safety fuzes (including detonator fuzes).

Fuzes for shells.

Tubes for firing explosives, which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

Class 7.—Firework Class.

The firework class has 2 divisions.

Division 1.—Comprises "firework compositions", that is to say, any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and any "star" and any colored fire composition which is not included in division 2.

Division 2.—Comprises "manufactured fireworks", that is to say, any explosive of any of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, toy-cap or amorce, serpent, rocket (other than a war-rocket), maroon, lance, wheel, Chinese fire, Roman candle, or any other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals.

A substantially constructed and hermetically closed metal case containing not more than 1lb. of colored-fire composition shall be deemed to be a manufactured firework and included in this division.

The 7th (firework) class shall not include any explosive or composition which is liable to ignite spontaneously whether it forms part of a manufactured firework or not or any manufactured firework which contains its own means of ignition but shall include amorces as herein defined.

Amorces (whether in the form of toy caps or igniting tapes) must consist of dots of one or other of the undermentioned compositions enclosed between two pieces of paper or separated by a sheet of paper or cardboard, in a proportion not exceeding seventy grains of such composition to every one thousand dots.

Composition (*a*).—A mixture of chlorate of potassium and amorphous phosphorus, with or without the addition of (1) nitrate of potassium, sulphide of antimony and powdered sulphur (free from acid), or (2) chalk, rye, flour and resin (sandarak), or (3) manganese and glue; provided that the amount of amorphous phosphorus present in the mixture shall in no case exceed the proportion of ten grains in one thousand dots.

Composition (*b*).—A mixture of chlorate of potassium and ferrocyanide of lead.

PROHIBITED EXPLOSIVES.

2. The manufacture, possession or importation of the following explosives is hereby prohibited under Section 5 of the Regulation, except under a license from the Government of Mysore, but the manufacture and possession of such explosives at any place is permitted so far as is necessary, in the course of the manufacture at such place under license of the Government of Mysore, of other explosives.

List of prohibited explosives—

(1) Nitro-glycerine and all other liquid explosives.

(2) All explosives belonging to the 3rd (nitro-compound) class which are of inferior quality or have become deteriorated in any way.

(3) Fortis explosive and ammonite.

(4) All explosives belonging to the 4th (chlorate-mixture) class (except such as the Government of Mysore may hereafter notify in the Official Gazette and which have not become deteriorated in any way).

(5) All explosives belonging to the 5th (fulminate) class.

(6) All explosives belonging to the 6th (ammunition) or 7th (firework) class which contain prohibited explosives (except explosives of the 6th class containing explosives of the 5th class for the purpose only of developing detonation and except amorces).

MANUFACTURE, POSSESSION AND SALE.

(*a*) *General Rules.*

3. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

(a) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or,

(b) to the filling for private use and not for sale of any safety cartridges to the amount allowed by these rules to be possessed for private use.

4. If any person manufactures an explosive in contravention of Rule 3, he shall be punished with fine which may extend to three thousand rupees.

5. An explosive shall not be possessed except under and in accordance with the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

(1) to a person possessing for his private use and not for sale—

(a) Gunpowder to an amount not exceeding on the same premises, 30 lbs., or in lieu of the said quantity of gunpowder, 15 lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive.

(b) 150 lbs. of any explosive contained in ammunition of the 1st division of the 6th (ammunition) class.

But so that in the case of any explosive other than gunpowder or an explosive of the 1st division of the 6th (ammunition) class, the person so possessing the same must within 12 months previously have obtained a certificate from a Superintendent of Police that he is a fit person to keep such explosive. A fee of four annas shall be paid for such certificate.

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorize the possession for private use—

(a) of any explosive whereof the possession has been prohibited absolutely by notification under Section 5 of the Regulation; or,

(b) where the possession of an explosive has by notification under that section been prohibited subject to conditions, of any such explosive except subject to those conditions.

(2) to the possession of an unlimited quantity of fireworks belonging to the 2nd (manufactured fireworks) division of the 7th (firework) class, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precaution for the public safety: and if information has been previously given to an Inspector of Police of the Taluk in which the place is situated, of the intended possession of such fireworks.

(3) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with these rules.

6. If any person possesses an explosive in contravention of Rule 5, he shall be punished with fine which may extend to one thousand rupees.

7. An explosive shall not be sold except under and in accordance with the conditions of a license to sell the explosive granted under these rules.

Provided that this rule shall not apply to any person selling any explosive, which for his own private use he lawfully possesses, to any person who is not legally prohibited from possessing the same.

8. If any person sells an explosive in contravention of Rule 7, he shall be punished with fine which may extend to five hundred rupees.

(b) *Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.*

9. Licenses to manufacture, possess, and sell, or to possess and sell, or to possess an explosive of the 1st (gunpowder) class or of the 1st division of the 6th (ammunition) class or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted by the District Magistrate:

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200 lbs. of gunpowder, 500 lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200 lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

10. The following fees shall be paid for every license granted under the last foregoing rule, namely :—

(1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;

(2) a fee of ten rupees for every license to manufacture, possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;

(5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ; and

(7) a fee of eight annas for every license to possess explosive.

11. Every license granted under Rule 9 shall be in Form A, B, or C, in the schedule hereto annexed as the case may be, and shall be subject to the conditions prescribed therein.

12. If any person commits a breach of any condition subject to which a license under Rule 9 is granted, he shall be punished with fine which may extend to five hundred rupees, and an additional sum of one hundred rupees for each day that such breach shall continue after he shall have been required to rectify the same by a District Magistrate or any subordinate Magistrate or any Police Officer, not below the rank of an Inspector, authorized in this behalf by a District Magistrate or by any person authorized by the Government by Mysore to inspect explosives but so that the total amount of such fine shall not exceed the maximum fixed by the Regulation.

(c) Licensing of the manufacture of other explosives.

13. Licenses to manufacture explosives other than those referred to in Rule 9 shall be granted by the Government of Mysore on payment of such fees in such form for such term and subject to such conditions as the said Government may in each case prescribe : provided that the said Government shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

14. If any person commits a breach of any condition subject to which a license under rule 13 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d) Licensing of the possession of small quantities of explosives.

15. Licenses for the possession at such places as shall be approved by the licensing officer of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall, if the quantity to be possessed at the same time does not exceed 60 lbs., be granted by the District Magistrate.

16. Every license granted under Rule 15 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

17. If any person commits a breach of any condition subject to which a license under rule is 15 is granted, he shall be punished with fine which may extend to one thousand rupees.

(e) Licensing of the possession of any specified explosives.

18. Licenses for the possession of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall be granted by the Government of Mysore in accordance with the following procedure :—

(1) The applicant shall submit to the District Magistrate an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2) The application shall specify such of the following matters as are applicable, namely :—

(*a*) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear and the buildings and works from which it is to be kept clear or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;

(*b*) the situation, character, and construction of all the mounds, buildings and works on or connected with the magazine, and the distances thereof from each other;

(*c*) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and

any special terms which the applicant may propose by reason of special circumstances arising from the locality, the situation, or construction of any buildings or works, or the nature of any process or otherwise.

receipt of the said application—

The District Magistrate shall cause a notice of the application to be published, in the Official Gazette or otherwise, calling upon any person who may have objections to the establishment of the magazine in question on the proposed site, to deliver a written statement of such objections to the said District Magistrate on or before a given date, not less than one month from the date of the publication of the notice.

Where the site of the proposed magazine is situated within, or within one mile of, the limits of the jurisdiction of any municipality, the applicant shall serve on such municipality notice of the application and of the date of hearing by the District Magistrate.

(*c*) The District Magistrate shall either inspect the site of the proposed magazine himself, or shall require a report by the Sub-Divisional Magistrate within whose jurisdiction it is situated, after personal inspection.

(*d*) If any statement of objections is received, the District Magistrate shall fix a day as early as practicable after the expiration of the month required under (*a*) for hearing the objectors, and shall give notice thereof to them and to the applicant.

(*e*) After hearing the objectors, if any, and making any further inquiry which he may think necessary, or, if no statement of objections is received, after the inquiry required by (*c*), the District Magistrate shall forward the application to Government, with a report of the proceedings taken of the particulars of the objections, if any, and with his own opinion and recommendation on the whole case. The Government may, thereupon, either grant the license applied for, either in accordance with the recommendation of the District Magistrate, or with the addition of any additional restrictions and pre-

cautions as may be deemed proper, or may refuse the license.

(*f*) If the Government grant a license, it shall forward the same to the District Magistrate, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but, until so confirmed, the license shall not come into force.

19. A fee of twenty rupees shall be paid for every license granted under Rule 18.

20. Every license granted under Rule 18 shall be in Form E in the schedule hereto annexed, and shall be subject to the conditions prescribed therein.

21. If any person commits a breach of any condition subject to which a license under Rule 18 is granted, he shall be punished with fine which may extend to one thousand rupees.

(*f*) *Licensing of the sale of explosives.*

22. Licenses for the sale of explosives may be granted by the District Magistrate to any person licensed to possess the same.

23. A fee of twenty rupees shall be paid for every license granted under Rule 22.

24. Every license granted under Rule 22 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

25. If any person commits a breach of any condition subject to which a license under Rule 22 is granted he shall be punished with fine which may extend to five hundred rupees.

(*g*) *Supplementary.*

26. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in connection with his magazine or licensed premises he fills for sale or otherwise any cartridge for small arms with the said explosive, provided that he observes the following regulations, namely :—

(1) There shall not be in the room in which such filling is being carried, on more than 5 lbs. of gunpowder or 3 lbs. of any other explosive, except it be made up into safety cartridges; and

(2) any work unconnected with the making of the cartridges shall not be carried on in the room while such filling is being carried on;

(3) there shall not be in the room while such filling is being carried on any fire or any artificial light except a light of such construction, position and character as not to cause any danger of fire or explosion;

(4) the room in which the filling is carried on shall be detached from the magazine, but in the immediate neighbourhood thereof, and at such distance therefrom as may be specified in the endorsement hereinafter referred to;

(5) the licensee shall previously give notice to the authority which grants his license that he intends to carry on such filling of cartridges as is allowed by this rule and have the license endorsed by such authority.

27. A person licensed to possess an explosive shall not be required to take out a license for manufacture by reason that in connection with his magazine or licensed premises, he, by filling cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the said explosive for use exclusively in his mine or quarry or in some excavation or work carried on by him, or under his control, provided that he observes the following regulations, namely :—

(1) There shall not be in the workshop in which such adaptation or preparation is carried on more than 100 lbs. of gunpowder or 25 lbs. of any other explosives.

(2) Any work unconnected with such adaptation or preparation shall not be carried on in the said workshop while such adaptation or preparation is being carried on.

(3) The said workshop shall be detached from the magazine, but in the immediate neighbourhood thereof and at such distance therefrom as may be specified in the endorsement hereinafter referred to.

(4) An explosive of one description shall not be converted into an explosive of another description and shall not be unmade or resolved into its ingredients.

(5) The licensee shall previously give notice to the authority which grants such license that he intends to carry on such adaptation or preparation as is allowed by this rule and have the license endorsed by such authority.

TRANSPORT.

(a) *Licensing.*

28. No explosive need be transported under license except where such license is required under the Mysore Arms Regulation 1890, and the rules made thereunder.

(b) *Packing.*

29. The following regulations shall be observed with respect to the packing of explosives for conveyance :—

I. Each class of explosive shall be separately packed.

II. An explosive not being an explosive of the 2nd and 3rd divisions of the 6th (ammunition) class or of the 1st division of the 7th (firework) class, shall, if not exceeding 1 lb. in the case of explosives of the 3rd (nitro-compound) class or the 4th (chlorate-mixture) class, and in the case of other explosives not exceeding 5 lbs. in quantity, be contained in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping.

III. In every other case, the explosive shall be contained in a double package. The inner package shall be a substantial case, bag, canister, or other receptacle, made and closed so as to prevent the explosive from escaping, and the outer package shall be a box, barrel, or case of wood or metal or other solid material and shall be of such strength, construction and character that it will not be broken or accidently opened or become defective or insecure whilst being conveyed, and will not allow the explosive to escape. Provided as follows :—

(a) If the explosive is of the 1st (gunpowder) class or the 2nd (nitrate-mixture) class or the 2nd division of the 3rd (nitro-compound) class, the quantity of explosive in any one outer package shall not, in the case of explosive of the first two classes, exceed 100 lbs., and in other cases 50 lbs. If the explosive is picric acid, the inner package must be of such a nature as to effectually prevent any picric acid from coming into contact with any basic metallic oxide.*

(b) If the explosive belongs to the 1st division of the 3rd (nitro-compound) class or to the 4th (chlorate-mixture) class, the inner package shall be without any metal in its construction, and the inner or outer package or both shall be thoroughly water proof. No one of the inner packages shall contain more than 10 lbs., and the aggregate quantity of the explosive in any one outer package shall not exceed 50 lbs. But water-proof packing will not be required in the case of (i) explosives of the 2nd division of the 4th (chlorate mixture) class or of (ii) ballistite, blasting gelatine, camphorated gelatine, cordite, gelatine dynamite, gelignite and such other explosives

* NOTE.—This rule is intended to prevent picric acid being packed in a case lined with certain metals, such as zinc or lead, which would result in danger arising from the formation of a picrate. Water-proof bags inside powder-barrels are suggested as a simple and safe method of packing picric acid for transport or storage.

which do not yield up the nitro-glycerine in contact with water, as the Government of Mysore may hereafter notify in the Official Gazette.

(c) 1. If the explosive belongs to the 1st division of the 6th (ammunition) class, it shall be contained in a box, barrel, or case of wood, metal or other solid meterial and of such strength, construction, and character that it will not be broken or accidently opened or become defective or insecure while being conveyed and will not allow any explosive to escape.

2. If the explosive belongs to the 2nd division of the 6th (ammunition) class, the following rules shall apply, *viz*:—

(i) A shell or torpedo containing any explosive material, whether such shell or torpedo be separate or form part of a rocket or other appliance, shall be packed in such manner as may be specially directed by the Government of Mysore or by a person specially authorized by that Government to inspect explosives.

(ii) Any explosive material when made up into a cartridge or charge for cannon, shells, mines, blasting, or other like purposes, shall be packed in the manner required for the same explosive material when not so made up.

Provided that where a double package is required, the enclosing case of such cartridge or charge, if it satisfies the conditions required for the inner package, may be held to be such inner package.

(iii) Any other explosive of the 2nd division shall be packed in a box, barrel, or case of wood, metal or other solid material, and of such strength, construction, and character that it will not be broken or accidentally opened, or become defective or insecure whilst being conveyed, and will not allow any explosive to escape: and any one such package shall not contain more than 100 lbs. of ammunition except with the consent of and under conditions approved by the Government of Mysore or by a person specially authorized by that Government to inspect explosives.

(d) If the explosive belongs to the 3rd division of the 6th (ammunition) class, it shall be packed in a double package. The inner package shall not contain more than 2 lbs. of such explosive and not more than 50 lbs. shall be contained in the outer package.

(e) If the explosive belongs to the 1st division of the 7th (firework) class, it shall be contained in a double package. The inner package shall be a substantial canister, case or other receptacle hermetically closed, and containing no more than 1 lb. of explosive, and no more than 20 lbs, shall be contained in the outer package; and

(f) If the explosive belongs to the 2nd division of the 7th (firework) class it shall be contained in a box, barrel or case of wood, metal or other solid material, and of such strength, construction and character that it will not be broken or accidentally opened or become defective or insecure whilst being conveyed, and will not allow any explosive to escape, and the quantity of explosive in any one package shall not exceed 100 lbs.

IV. Whatever be the amount of the explosive and to whatever class or division of a class it belongs, the following conditions shall be observed:—

(a) The interior of every single, or inner or outer package, shall be kept free from grit and otherwise clean;

(b) Every package, whether single or double, when actually used for the packing of an explosive, shall not be used for the packing of any other explosive of the same or any other class or for any other purpose, except with the consent specially obtained from and under conditions approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives,

(c) There shall not be any iron or steel in the construction of any single or inner or outer package unless the same is effectually covered with tin, zinc, or other suitable material;

(d) On the outermost package there shall be affixed, in conspicuous characters, by means of a brand or securely attached label or mark, the word "Explosive" followed by the name of the explosive or other description of the contents, and the name and address of the owner or sender, and a red circle 1½ inches in internal and 3 inches in external diameter or as nearly that size as the dimensions of the package permit.

(e) The amount of explosive in any single package, or, if there is a double package, in any one inner or outer package, shall not exceed the amount specified in the foregoing regulations, except with the consent of and under conditions to be approved by a person specially authorised by the Government of Mysore to inspect explosives.

V. In special cases the Government of Mysore or any person specially authorised by that Government to inspect explsives may allow explosive to be transported when packed according to the packing rules of the country where it was manufactured.

30. If any person commits a breach of any of the foregoing regulations relating to the package of explosives for conveyance he shall be punished with fine which may extend to one thousand rupees.

(c) *Mode of conveyace.*

31. The following regulations shall be observed with respect to the conveyance of explosives —

I. No explosive shall be conveyed from place to place unless packed in the manner provided for in Rule 29.

II. There shall not be conveyed in any carriage or boat, which is being used for the conveyance of an explsive, any explosive of a different class and division of whatsoever nature, which contains its own means of ignition unless it be sufficiently separated therefrom to prevent any fire or explosion which may take place in one such explosive being communicated to another.

III. No explosive shall be loaded or unloaded except between sunrise and sunset, but this regulation does not apply to explosives which fulfil the conditions laid down in Rule 32, Regulation I.

IV. Whilst the explosive is being loaded on or unloaded out of any carriage or boat, no fire or artficial light nor any article which is liable to cause or communicate fire or explosion—such as charcoal, lucifer matches, articles for striking a light petroleum, or any spirit or oil or substance liable to give off an inammable vapour at a temperature below 125° Fahrenheit—shall be, or shall be allowed to be brought, had or used dangerously near to such carriage or boat, and no smoking shall be allowed in, in or dangerously near to the same; provided that when the use of a light for the purpose of such loading or unloading is unavoidable, a lamp of such construction, position and character as not to cause any danger from fire or explosion may be used, and no person while handling any explosive—except explosive of the 1st division of the 6th (ammunition) class or the 2nd (manufactured firework) division of the 7th, (firework) class, if packed in accordance with the packing rules—shall wear boots or shoes with iron or steel nails, heels or tips.

V. In loading or unloading any explosive, the casks and packages containing the same shall be passed from hand to hand and not rolled upon the ground; they shall not be thrown or dropped down, but shall be carefully deposited and stowed.

I. The explosive shall not be conveyed except in the interior of a carriage so enclosed on all sides with wood or metal, or in the hold of a boat having a deck so closed as effectually to protect the explosive against accident by fire from without. If the explosive

cannot be so secured, it shall be completely covered with painted cloth, tarpaulin or other suitable material so as to effectually protect it against communication of fire.

VII. There shall not be any iron or steel in the interior of the portion of the carriage or boat with which the case containing the explosive is or may become in contact, unless the same be effectually covered with leather, wood, cloth or other suitable material.

VIII. In stowing of explosive due precautions shall be taken by means of partitions or otherwise and by careful stowing to secure such explosive from being brought into contact with, or endangered by any other article, or substance conveyed in such carriage or boat which is liable to cause fire or explosion; and if the explosive is dangerously affected by water, due precautions shall be taken to exclude water from coming into contact with such explosive.

IX. The amount of explosive conveyed in any one carriage or boat at any one time shall not exceed 1,000 lbs., unless the carriage be so enclosed on all sides with wood or metal, or the boat have a deck so closed, as effectually to protect the explosive against accident by fire from without, in which case the amount of explosive conveyed shall not exceed the following:—

In any one carriage on railway	...	...	10 tons.
In any one other carriage	...	...	2 tons.
In any one boat	...	...	10 tons.

This regulation must be read subject to Regulation XVI contained in Rule 33 dealing with the conveyance of explosives by railway.

X. Nothing in Regulations III, VI, VII, and IX, contained in this rule shall apply to any explosive of the 1st division of the 6th (ammunition) class, provided all due precautions are taken for the prevention of accidents.

32. The following regulation shall be observed with respect to the conveyance of explosives otherwise than by railway:—

I. No explosive shall be conveyed in a carriage or boat whilst carrying or plying for public passengers, unless the quantity be less than 20 lbs. of explosive of the 1st division of the 6th (ammunition) class, 10 lbs. of explosive of the 2nd division of the 7th (firework) class, or 5 lbs. in the case of other explosives, and notice has been given beforehand to the person in charge of such carriage or boat: provided that there shall not be conveyed in any such carriage or boat, any explosive of the 3rd (nitro-compound) class, the 3rd division of the 6th (ammunition) class or the 4th (chlorate-mixture) class except—

i. Detonators packed in sawdust or other similar material to the number of 200, provided that the amount of explosive of the 5th (fulminate) class in the detonators shall in no case exceed in the aggregate 3 czs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.

ii. Blasting gelatine, amphoratel gelatine, gelatine dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as the Government of Mysore may hereafter notify in the Official Gazette, which may be carried in the form of cartridges up to the limit of 5 lbs.

II. The person in charge of carriage or boat containing explosive shall not drive or conduct the same in a dangerous or reckless manner and shall take all due precautions to avoid fire and explosion and no person shall do any act or thing in relation to the explosive which tends to cause fire or explosion, and is not reasonably necessary for the conveyance of the explosive or for work immediately connected with such conveyance, and a person who is intoxicated

shall not have charge of any carriage or boat conveying explosive and shall not be permitted to be in or on or attending the same.

III. With respect to the conveyance by carriage or boat of explosive of the 2nd or 3rd division of the 6th (ammunition) class or of the 1st division of the 7th (firework) class or of larger quantities than 20 lbs. of explosives of the 1st division of the 6th class or 5 lbs. of explosive of the 2nd division of the 7th class or than 2 lbs. of any other explosive, the following regulations shall be observed :—

(1) A person shall not forward to any warehouseman or a carrier a consignment of explosive, unless he has given notice to such warehouseman or carrier beforehand stating the name and quantity of the explosive proposed to be conveyed, and the name and address of the proposed consignee, and has had an intimation that the warehouseman or carrier is prepared to receive the consignment; and a warehouseman or carrier shall not make such an intimation, nor receive such consignment, unless he is prepared to receive it, and forthwith to despatch the same or to deposit it in a magazine or at a place at which a person is licensed or authorized to possess the same.

(2) The carriage or boat conveying the explosive shall be in charge of, and constantly attended by, some competent person, or by a sufficient number of competent persons, and such persons shall not stop or delay on the way except in such cases and for such periods as are actually necessary and in no case where such stopping would be attended with special public danger.

33. The following regulations shall be observed with respect to the conveyance of explosives by railway :—

I. No person shall send for carriage upon any railway any consignment of an explosive unless he has given to the officer in charge of railway station previous notice in writing, which at the option of the Railway Administration may extend to 48 hours, of his intention to send such consignment, and stating the true name, description, quantity and mode of packing of the explosive proposed to be conveyed and his own name and address and also the name and address of the proposed consignee, and unless he has had an intimation in writing from an authorized officer of the railway that such consignment will be received.

No explosive which a Railway Administration shall by any notice or regulation, for the time being in force, notify that they will not receive, shall be brought, sent or forwarded to, or upon any railway of the said Railway Administration.

Consignments of explosives shall be sent to the forwarding station and shall be received by the railway servants, only at such times, between sunrise and sunset, as the Railway Administration may appoint; and every package containing any explosive proposed to be conveyed on any railway shall immediately on arrival at the station be unloaded and placed in a safe place under the special direction of the officer in charge of the station.

An explosive shall be removed by the consignee from the receiving station during the twelve hours of daylight after arrival; if this condition is not strictly complied with, the Railway Administration may return the consignment to the consignor at his risk and expense. And it shall in the meanwhile be kept as far away from the station buildings as possible, in the waggon it was conveyed in, or if unloaded, shall be completely covered with tarpaulins or other suitable material, and, if necessary, shall be protected by a police guard.

V. The Railway Administration may refuse to receive any package which they suspect to contain any explosive packed or sent in contravention of the regulations contained in these rules. And in case any package, which the Railway Administration suspect, shall be upon any railway, they may open or require to be opened any such package, to ascertain the fact, at the risk and expense of the consignor, and may return the explosive contained in the package

to consignor, at his risk and expense, keeping the package pending such return in the manner prescribed in the preceding rule.

VI. All gunpowder under despatch or receipt by a Government arsenal depôt or factory shall be loaded or unloaded in the railway vans by Government servants employed in such arsenal, depôt, or, factory.

VII. Subject to the exceptions provided for in clause (*e*), no explosive shall be conveyed by passenger train except of the kinds and in the manner hereinafter specified in this Regulation.

(*a*) Safety cartridges for small arms and percussion caps for small arms and safety fuzes for blasting, also fog-signals for railway use may be conveyed by passenger train in ordinary waggons or carriages.

(*b*) Detonators packed in sawdust or other similar material to the number of 200 may be carried, provided that in no case the amount of explosive of the 5th (fulminate) class in the detonators exceeds in the aggregate 3 ozs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.

(*c*) Blasting gelatine, camphorated gelatine, gelatine-dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as are notified under the provisions of Regulation I of Rule 32 may be carried in the form of cartridges up to the limit of 5 lbs.

(*d*) Sporting gunpowder or non-safety cartridges packed in the double cases as before provided, so long as the gunpowder is contained in one-pound tin canisters packed in a stout wooden case with an outer covering of tin or zinc completely spark proof; or in metal-lined cases of a pattern approved by the Railway Administration. But no outer cases shall contain more than 25 lbs. of gunpowder, and the total consignment of gunpowder or non-safety cartridges by one train shall not exceed 80 lbs.

(*e*) Explosives may be carried by mixed trains on any line on which purely goods trains are not running subject to the following conditions:—

(1) that not more than one vehicle containing explosives is forwarded at any one time by a mixed train;

(2) that the precautions prescribed for conveyance by goods train are observed;

(3) that the waggon containing the explosives is always placed behind the carriages for passengers and separated from them by at least four intervening waggons;

(4) that immediately a waggon containing explosives arrives at a section more than 5 miles in length on which purely goods trains are running, it is detached from the mixed train.

VIII. Every waggon used by a railway for the transport of explosive shall be furnished with sufficient means for firmly securing the packages from movement during transit.

IX. Not more than five carriages containing explosives shall be loaded or unloaded at any railway station, or be conveyed by any one train at any one time; and the quantity of explosive to be contained in any one carriage shall not exceed two-thirds of the normal load, unless the carriage shall be specially built for the conveyance of explosives and approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives. But nothing in this clause shall be held to apply to separate consignments of safety cartridges for small arms.

X. There shall not be conveyed in the same carriage with any explosive, any lucifer or other matches, fuzees pipe-lights, acids, naphtha paraffine, petroleum or any other volatile spirit or substance liable

to give off an inflammable vapour at a temperature below 125 degrees Fahrenheit, or otherwise liable to spontaneous ignition, or to cause or communicate fire or explosion.

XI. The consignor shall attach to the consignment note a certificate or, provided the original is produced for verification, a copy of a certificate signed by a person authorized by the Government of Mysore in this behalf or by any person authorized to give such a certificate in British India that the explosive, if it is an explosive of the 3rd (nitro-compound) class or the 4th (chlorate-mixture) class, is of the standard purity and has undergone no deterioration since its manufacture; and further, in the case of explosives of the 1st division of the 3rd class, that the cartridges have been examined and show no signs of exuded nitro-glycerine or other liquid nitro-compound or of liquifaction. The consignor shall also certify that the explosive has been packed in accordance with the packing rules of Mysore or of the country where it was manufactured.

The certificate above mentioned shall contain sufficient information to admit of all packages being easily recognised.

XII. In the case of explosives belonging to the 3rd (nitro-compound) class, or the 4th (chlorate-mixture) class, the outer package shall be marked with the dates of the manufacture, packing and examination of the explosive.

XIII. The certificate referred to in Regulation XI shall be valid for six months after date; but nevertheless any Railway Administration which accepts the explosive for transport may demand a fresh certificate for explosive presented for conveyance between the 1st of April and the 15th of October (both inclusive).

XIV. Packages containing explosives of the 3rd (nitro-compound) class, the 4th (chlorate-mixture) class, the 2nd and 3rd divisions of the 6th (ammunition) class or the 1st (firework composition) division of the 7th (firework) class shall be stowed in one layer only and secured so as to prevent movement during transit. The gross load in any one waggon shall not exceed 3 tons. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit, they may be stowed in any number of layers not exceeding five and the gross load in any one waggon shall be limited to 5 tons.

XV. No explosive belonging to the 3rd division of the 6th class shall be carried in the same train with any explosive belonging to the 3rd class or the 4th class.

XVI. Packages containing explosives of other than those referred to in Regulation XIV shall not be stowed in more than three layers one above the other. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit they may be in any number of layers not exceeding five. In the case of safety cartridges packed in tin-lined service-pattern boxes there is no restriction.

XVII. Waggons used for the carriage of explosives shall be examined to see that they are spark-proof, and have been cleaned out before they are loaded. Hair-cloth, hides, or other suitable material shall be spread on the floor of the waggon and between each layer of packages, except when the packages are covered with gunny or felt, or contain safety cartridges for small arms, packed in tin-lined service-pattern boxes.

XVIII. Waggons containing explosives shall be loaded and unloaded on sidings distant as far as possible from the station buildings.

XIX. The loading and unloading of explosives when once begun shall be diligently proceeded with between sunrise and sunset until the same is completed.

XX. When the trains are being marshalled, waggons loaded with explosives may be shunted by a locomotive, provided that they are separated from the engine by not less than three waggons containing no explosive, nor easily inflammable substance; this precaution is not necessary with waggons specially constructed for the carriage of explosive. The speed of these movements shall be restricted to 5 miles an hour, they shall be superintended by a duly authorized officer, who shall be held responsible for the observance of these orders. Flying shunts are strictly prohibited.

XXI. Waggons containing explosives shall be placed at the end of the train, away from the locomotive, and shall be close coupled to one another as well as to the adjoining waggons, and must be preceded and followed by three waggons not loaded with explosive or other traffic of an inflammable nature.

XXII. If the waggons employed in the transport of explosive or immediately adjoining them, are provided with brakes, the brakes shall on no account be worked while such waggons are running.

XXIII. Waggons must in every case be locked when loaded with explosives.

XXIV. All operations connected with the transhipment of explosives at junction stations shall take place during daylight.

34. If any person commits a breach of any of the foregoing rules relating to the mode of conveyance of explosives, he shall be punished with fine which may extend to one thousand rupees for each such offence.

GENERAL.

35. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

36. If a person licensed to manufacture, possess or sell an explosive, die or become bankrupt, or become mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Regulation or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

37. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall, if not otherwise provided, be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; the licenses themselves being issued on plain paper. But when the licenses themselves are written or printed on impressed stamps, the application may be on plain paper. When an application for a license is written on an impressed stamp, and the license is refused, the value of the stamp will on application be refunded to the applicant.

38. All licenses, except licenses to manufacture an explosive under Rule 13, shall expire on the 31st of December of the year for which they are granted. Licenses granted under Rule 13 shall be current for the term therein specified. But a license may, unless the circumstances have so changed that the grant of a new license would either not be authorized under the Regulation and rules or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

39. When a license granted in accordance with these rules is lost, or accidentally destroyed, a duplicate may be granted to the licensee on payment of a fee of 8 annas.

40. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate, or by any Police officer in charge of a police station, or by any Police officer of higher rank or by any person authorized by the Government of Mysore to inspect explosives.

41. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Government.

42. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Mysore Arms Regulation 1890.

43. It shall be lawful for the District Magistrate or for any subordinate Magistrate or Police Officer not below the rank of an Inspector deputed in this behalf by the District Magistrate, or any person authorized by the Government of Mysore to inspect explosives,

(*a*) to enter, inspect and examine any house, erection or other place or any cart, truck, boat or other vehicle in which explosive is being manufactured, possessed, used, sold, or transported, or in which they have reason to believe that explosive is being manufactured, possessed, used, sold, or transported;

(*b*) to search for explosives therein;

(*c*) to take samples of any explosives found therein on payment of the value thereof;

(*d*) at their discretion to seize, detain, remove and, if necessary for the public safety, destroy any explosive found therein in respect of which there is reason to believe that the provisions of the Regulation or of these rules have been contravened.

_____ 1

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured, of all stock in hand, and of all sales in such form as the Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books and records of manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector, or any person authorized by the Government of Mysore to inspect explosives, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a tent or any lightly constructed building exclusively appropriated for the purpose and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, by the distance :—

(a) in the case of gunpowder or an explosive of the 1st division of the 7th (firework) class, of 100 yards,

(b) in the case of an explosive of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, of 50 yards,

and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. Explosive shall not be sold to any child apparently under the age of 13 years.

7. Explosive possessed by the license shall be kept in a substantially constructed uninflammable building or fire-proof safe approved by the licensing officer and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or other place where explosive is stored, by the distances laid down in condition 4, and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 50 lbs. of gunpowder or explosive of the 1st divisoin of the 7th (firework) class, or in lieu of each pound of gunpowder or of such explosive 2 lbs. of explosive contained in ammunition of the 1st division of the 6th class, or in manufactured fireworks belonging to the 2nd division of the 7th class, may be kept in a dwelling house, or other building, which does not satisfy the preceding conditions, in a secure receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 1st division of the 6th class made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive nor the fire-proof safe or receptacle referred to above shall have any exposed iron or steel (except machinery necessary for the manufacture) in the interior thereof and persons entering such building or place shall not have any iron or steel in their possession or attached to or on their boots or shoes.

10. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th class or of the 2nd division of the 7th class, and all other explosive exceeding 1 lb. in amount, shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost package or receptacle containing such explosive shall have affixed the name of the explosive and the word "Explosive," in the following languages .....
..... in conspicuous characters with a red circle $1\frac{1}{2}$ inches in internal

and 3 inches in external diameter or as nearly that size as the dimensions of the package or receptacle will permit.

11. Each description of explosive which may be kept under this license shall be separated by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other. Explosives of the same class however may be kept together and gunpowder may be kept with safety fuzes.

12 *The license-holder shall affix to his shop or place of business a signboard as required by rule 7 of the rules framed under the Mysore Arms Regulation 1890, and shall post up in his shop a copy of Section 23 of that Act in the languages above mentioned.

13 *The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form IV, V, VI or VII of the forms prescribed under the Mysore Arms Regulation, 1890, or Form C or D in the schedule to the rules under the Mysore Explosives Regulation, 1888, the following particulars :—

(*a*) the name and address of the person who takes delivery of the articles sold ;

(*b*) the nature and amount of the articles sold ;

(*c*) the date of sale ;

and shall append his signature to the endorsement.

*These conditions are to be added only when the authority granting this license directs, by an order written thereon, that it shall have the effect of a like license granted under the Mysore Arms Regulation, 1890.

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. The explosive shall be kept in a subtantially constructed uninflammable building or place exclusively appropriated for the purpose which must be approved by the licensing officer and at such distance not less than 20 yards from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, as such officer may direct, and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 5 lbs. of such explosive may be kept inside any building other than as last aforesaid in a receptacle exclusively appropriated to keeping explosive and approved of by the licensing officer.

3. All articles or substances of any explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building or receptacle containing the same.

4. Neither the building exclusively appropriated for the purpose of keeping the explosive nor the receptacle shall have any exposed iron or steel in the interior thereof and persons entering such building or receptacle shall not have any iron or steel in their possession or attached to or on their boots or shoes.

5. All such explosive exceeding 1 lb. in amount shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping.

6. Each description of explosive, which may be lawfully kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other.

7. The license-holder shall at the time of purchase have the following particulars endorsed upon his license by the vendor from whom he purchases and under the vendor's signature:—

FORM E.

(See Rule 18.)

[Fee twenty rupees in stamps.]

License to possess specified explosives.

Name of license-holder and residence.	Boundaries of the land forming the site of the magazine to which the license applies.	Situation, character and construction of the buildings and works connected with the magazine.	Description of explosive to be possessed.	Amount of explosive to be possessed at the same time in the magazine and within the boundaries of the site thereof.	Date on which license expires.

_____District, (Seal.) (Signature.)

_____1 of

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools, or implements for work connected with, the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean: and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor the conductivity of which shall be tested at least once a year.

6. Before repairs are done to or in any room or part of the magazine, it shall, as far as practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to such room or part of the magazine until explosive is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and other similar means, for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, and character, as not to cause any danger of fire or explosion and which shall be approved by a person specially authorized by the Government to inspect explosives.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications :—

(*a*) The various explosives of the 1st (gunpowder), 2nd (nitrate-mixture) 3rd (nitro-compound), and 4th (chlorate-mixture) classes, safety fuze belonging to the 1st division of the 6th (ammunition) class, and such of the various explosives of the 2nd division of the same class as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.

(*b*) The various explosives of the 1st division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.

(*c*). Such of the various explosives of the 2nd division of the 6th (ammunition) class, as contain any exposed iron or steel may be kept with each other without any intervening partition or space.

(*d*) The various explosives of the 3rd division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.

(*e*) the various explosives of the 7th (firework) class may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons from having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

Under Article 172 of the Mysore Service Regulations, Baily Srinivasa Rao, Amildar of the Seringapatam taluk, Mysore district, is granted casual leave of absence for ten days, with effect from the 23rd May 1898 or such other date as he may avail himself of the same, the Taluk Sheristadar being in charge of the taluk during the absence of the Amildar on leave or until further orders.

No. 11128—*Ex.* 462, *dated* 23*rd May* 1898.

In exercise of the power conferred by Section 35 of the Court Fees Act VII of 1870, the Government of Mysore are pleased to remit the fees chargeable under Article 1 (*a*) of Schedule II of the said Act on applications presented by toddy-drawers and shop-keepers for licenses to tap toddy-yielding trees for the manufacture of toddy.

No. 11131—*R* 3712, *dated* 23*rd May* 1898.

Under Article 171 of the Mysore Service Regulations, Mr. M. Narain Rao, Deputy Commissioner of the Tumkur district, is granted casual leave of absence for two days, with effect from the 25th May 1898 or such other date as he may avail himself of the same.

No. 11134—*R. F.* 127-96, *dated* 23*rd May* 1898.

The ten days' casual leave, under Article 172 of the Mysore Service Regulations, granted to C. V. Narayan Rao, Amildar of the Tirthahalli taluk, in Notification No. 10814—R. F. 127-96, dated 14th May 1898, is commuted to privilege under Article 188 of the said Regulations and is extended by twenty days.

The petition box kept at the Dewan's Office, Bangalore, will be cleared at 12 noon every day by the Secretary to Government, General and Revenue Departments, and, in his absence from Bangalore, by the Under-Secretary.

By Order,

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

GEOLOGICAL.

No. 277—*M., dated* 16*th May* 1898.

The Draft Rules under the Mysore Explosives Regulation, 1888, which are set out in the Schedule hereto, are published for general information, as required by Section 15 of that Regulation, and will be taken into consideration on and after the 15th of June 1898.

2. Objections and suggestions with respect to the Draft Rules received before that date will be duly considered.

3. For the purpose of Section 3, Clause I, of the said Regulation, all substances falling under any of the classes defined in Rule 1 of the Draft Rules, set out in the Schedule hereto, are hereby declared to be explosives.

By Order,
W. F. SMEETH,
Offg. Secy. to Govt., Geol. Dept.

GOVERNMENT OF MYSORE.

GEOLOGICAL DEPARTMENT.

In exercise of the powers conferred by Sections 4, 5 and 6 of the Mysore Explosives Regulation 1888, Her Highness the Maharani-Regent is pleased to make the following rules to regulate the manufacture, possession, sale and transport of explosives in the Territories of Mysore.

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely:—

Class 1	...	.. Gunpowder.
Class 2	...	... Nitrate-mixture.
Class 3	...	... Nitro-compound.
Class 4	...	... Chlorate-mixture.
Class 5	...	... Fulminate.
Class 6	...	... Ammunition.
Class 7	...	... Firework.

And when an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

Class 1.—Gunpowder Class.

The term "gunpowder" means exclusively gunpowder ordinarily so called.

Class 2.—Nitrate-mixture Class.

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Fortis explosive,	Pyrolithe,
Poudre saxifragine,	Safety blasting powder,
Pudrolithe,	

and any preparation coming within the above definition.

Class 3.—Nitro-compound Class.

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mixed or combined with other substances or not.

The nitro-compound class has two divisions:—

Division 1 comprises such explosives as—

Amberite No. 1,	Gelatine dynamite,
Ballistite,	Gelignite,
Blasting gelatine,	Glyoxiline,
Camphorated gelatine,	Lithofracteur,
Carbonite,	Methylic nitrate,
Cordite,	Nitro-glycerine,
Dualine,	Stonite,
Dynamite,	

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Amberite No. 2,
Ammonite,
Bellite,
Cotton gunpowder,
E. C. Powder,
Gun-cotton, ordinarily so called,
Gun-paper,
Nitrated gun-cotton,
Nitro-mannite,
Picrates,
Picric acid (except in solution in water),
Picric powder,
Roburite,
Sawdust and Gun-cotton powder,
Schultz's powder,
Tonite (or cotton powder),
Xyloidine,

and any nitro-compound as before defined, which is not comprised in the first division.

Class 4.—Chlorate-mixture Class.

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions :—

Division 1 comprises such explosives as—

Brain's blasting powder,
Horsley's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Chlorated gun-cotton,
Erhardt's powder,
Hochstadter's blasting charges,
Horsley's original blasting powder,
Reichen's blasting charges,
Reveley's powder,
Teutonite,

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5.—Fulminate Class.

The term "fulminate" means any chemical compound or mechanical mixture whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which, from its extreme sensibility o explosion and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions :—

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphide (suphuret), with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6.—Ammunition Class.

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting, or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog-signal, a shell, a torpedo, a war-rocket or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such

quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of one fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms, of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other catridges. The term also includes rifle calibre machine-gun cartridges if they are of the above description, whether they are for use with machine-guns having chambers identical with those of rifles or with machine-guns which have special chambers:—

The ammunition class has three divisions:—

The maximum gauge at which a small-arm cartridge can be accepted as "safety" is one inch.

The following are the gauges of the machine-gun cartridges which may be accepted as "safety":—

·303 inch cordite.

Martini-Henri rifle, solid case.

·45 inch Gardner, Gatling and Nordenfeldt, except Martini-Henri chambered guns ·4-inch.

Cartridges of larger gauge are not safety cartridges.

Division 1 comprises exclusively—

Safety cartridges.

Safety fuzes for blasting.

Fuzes for shells and friction tubes for guns provided there be no more than five fuzes or 25 tubes in one package and that the package be a hermetically sealed metal cylinder.

Railway fog-signals.

Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in division 1, such as—

Cartridges for small arms, which are not safety cartridges.

Cartridges and charges for cannon, shells, mines, blasting, or other like purposes.

Shells and torpedoes containing any explosive.

Fuzes for blasting, which are not safety fuzes (including electric fuzes which are not detonator fuzes).

Fuzes for shells.

Tubes for firing explosives.

War-rockets, which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in division 1 such as—

Detonators.

Cartridges for small arms, which are not safety cartridges.

Fuzes for blasting, which are not safety fuzes (including detonator fuzes).

Fuzes for shells.

Tubes for firing explosives, which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

Class 7.—Firework Class.

The firework class has 2 divisions.

Division 1.—Comprises " firework compositions ", that is to say, any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and any " star " and any colored fire composition which is not included in division 2.

Division 2.—Comprises " manufactured fireworks ", that is to say, any explosive of any ot the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, toy-cap or amorce, serpent, rocket (other than a war-rocket), maroon, lance, wheel, Chinese fire, Roman candle, or any other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals.

A substantially constructed and hermetically closed metal case containing not more than 1lb. of colored-fire composition shall be deemed to be a manufactured firework and included in this division.

The 7th (firework) class shall not include any explosive or composition which is liable to ignite spontaneously whether it forms part of a manufactured firework or not or any manufactured firework which contains its own means of ignition but shall include amorces as herein defined.

Amorces (whether in the form of toy caps or igniting tapes) must consist of dots of one or other of the undermentioned compositions enclosed between two pieces of paper or separated by a sheet of paper or cardboard, in a proportion not exceeding seventy grains of such composition to every one thousand dots.

Composition (*a*).—A mixture of chlorate of potassium and amorphous phosphorus, with or without the addition of (1) nitrate of potassium, sulphide of antimony and powdered sulphur (free from acid), or (2) chalk, rye, flour and resin (sandarak), or (3) manganese and glue; provided that the amount of amorphous phosphorus present in the mixture shall in no case exceed the proportion of ten grains in one thousand dots.

Composition (*b*).—A mixture of chlorate of potassium and ferrocyanide of lead.

PROHIBITED EXPLOSIVES.

2. The manufacture, possession or importation of the following explosives is hereby prohibited under Section 5 of the Regulation, except under a license from the Government of Mysore, but the manufacture and possession of such explosives at any place is permitted so far as is necessary, in the course of the manufacture at such place under license of the Government of Mysore, of other explosives.

List of prohibited explosives—

(1) Nitro-glycerine and all other liquid explosives.

(2) All explosives belonging to the 3rd (nitro-compound) class which are of inferior quality or have become deteriorated in any way.

(3) Fortis explosive and ammonite.

(4) All explosives belonging to the 4th (chlorate-mixture) class (except such as the Government of Mysore may hereafter notify in the Official Gazette and which have not become deteriorated in any way).

(5) All explosives belonging to the 5th (fulminate) class.

(6) All explosives belonging to the 6th (ammunition) or 7th (firework) class which contain prohibited explosives (except explosives of the 6th class containing explosives of the 5th class for the purpose only of developing detonation and except amorces).

MANUFACTURE, POSSESSION AND SALE.

(a) General Rules.

3. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

(*a*) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or,

(*b*) to the filling for private use and not for sale of any safety cartridges to the amount allowed by these rules to be possessed for private use.

4. If any person manufactures an explosive in contravention of Rule 3, he shall be punished with fine which may extend to three thousand rupees.

5. An explosive shall not be possessed except under and in accordance with the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

(1) to a person possessing for his private use and not for sale—

(*a*) Gunpowder to an amount not exceeding on the same premises, 30 lbs., or in lieu of the said quantity of gunpowder, 15 lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive.

(*b*) 150 lbs. of any explosive contained in ammunition of the 1st division of the 6th (ammunition) class.

But so that in the case of any explosive other than gunpowder or an explosive of the 1st division of the 6th (ammunition) class, the person so possessing the same must within 12 months previously have obtained a certificate from a Superintendent of Police that he is a fit person to keep such explosive. A fee of four annas shall be paid for such certificate.

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorize the possession for private use—

(*a*) of any explosive whereof the possession has been prohibited absolutely by notification under Section 5 of the Regulation; or,

(*b*) where the possession of an explosive has by notification under that section been prohibited subject to conditions, of any such explosive except subject to those conditions.

(2) to the possession of an unlimited quantity of fireworks belonging to the 2nd (maunfactured fireworks) division of the 7th (firework) class, if obtained and intended for immediate use and not for sale, and if kept for a period not exceeding 14 days in a safe and suitable place, and with all due precaution for the public safety: and if information has been previously given to an Inspector of Police of the Taluk in which the place is situated, of the intended possession of such fireworks.

(3) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with these rules.

6. If any person possesses an explosive in contravention of Rule 5, he shall e punished with fine which may extend to one thousand rupees.

7. An explosive shall not be sold except under and in accordance with the onditions of a license to sell the explosive granted under these rules.

Provided that this rule shall not apply to any person selling any explosive, hich for his own private use he lawfully possesses, to any person who is not egally prohibited from possessing the same.

8. If any person sells an explosive in contravention of Rule 7, he shall be unished with fine which may extend to five hundred rupees.

(*b*) *Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.*

9. Licenses to manufacture, possess, and sell, or to possess and sell, or to ossess an explosive of the 1st (gunpowder) class or of the 1st division of the 6th ammunition) class or of the 7th (firework) class to such total amount during the urrency of the license, and in such places as shall be approved by the licensing fficer, may be granted by the District Magistrate:

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200 lbs. of gunpowder, 500 lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 200 lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

10. The following fees shall be paid for every license granted under the last foregoing rule, namely :—

(1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;

(2) a fee of ten rupees for every license to manufacture, possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;

(5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ; and

(7) a fee of eight annas for every license to possess explosive.

11. Every license granted under Rule 9 shall be in Form A, B, or C, in the schedule hereto annexed as the case may be, and shall be subject to the conditions prescribed therein.

12. If any person commits a breach of any condition subject to which a license under Rule 9 is granted, he shall be punished with fine which may extend to five hundred rupees, and an additional sum of one hundred rupees for each day that such breach shall continue after he shall have been required to rectify the same by a District Magistrate or any subordinate Magistrate or any Police Officer, not below the rank of an Inspector, authorized in this behalf by a District Magistrate or by any person authorized by the Government by Mysore to inspect explosives but so that the total amount of such fine shall not exceed the maximum fixed by the Regulation.

(c) Licensing of the manufacture of other explosives.

13. Licenses to manufacture explosives other than those referred to in Rule 9 shall be granted by the Government of Mysore on payment of such fees in such form for such term and subject to such conditions as the said Government may in each case prescribe: provided that the said Government shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

14. If any person commits a breach of any condition subject to which a license under rule 13 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d) Licensing of the possession of small quantities of explosives.

15. Licenses for the possession at such places as shall be approved by the licensing officer of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall, if the quantity to be possessed at the same time does not exceed 60 lbs., be granted by the District Magistrate.

16. Every license granted under Rule 15 shall be in Form D in the schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

17. If any person commits a breach of any condition subject to which a license under rule is 15 is granted, he shall be punished with fine which may extend to one thousand rupees.

(e) *Licensing of the possession of any specified explosives.*

18. Licenses for the possession of any specified explosives (other than those whose possession has been prohibited absolutely under Section 5 of the Regulation) shall be granted by the Government of Mysore in accordance with the following procedure :—

(1) The applicant shall submit to the District Magistrate an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2) The application shall specify such of the following matters as are applicable, namely :—

(a) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear and the buildings and works from which it is to be kept clear or the distances to be maintained between the magazine, or any part thereof, and other buildings and works;

(b) the situation, character, and construction of all the mounds, buildings and works on or connected with the magazine, and the distances thereof from each other;

(c) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine; and

(d) any special terms which the applicant may propose by reason of special circumstances arising from the locality, the situation, or construction of any buildings or works, or the nature of any process or otherwise.

(3) Upon receipt of the said application—

(a) The District Magistrate shall cause a notice of the application to be published, in the Official Gazette or otherwise, calling upon any person who may have objections to the establishment of the magazine in question on the proposed site, to deliver a written statement of such objections to the said District Magistrate on or before a given date, not less than one month from the date of the publication of the notice.

(b) Where the site of the proposed magazine is situated within, or within one mile of, the limits of the jurisdiction of any municipality, the applicant shall serve on such municipality notice of the application and of the date of hearing by the District Magistrate.

(c) The District Magistrate shall either inspect the site of the proposed magazine himself, or shall require a report by the Sub-Divisional Magistrate within whose jurisdiction it is situated, after personal inspection.

(d) If any statement of objections is received, the District Magistrate shall fix a day as early as practicable after the expiration of the month required under (a) for hearing the objectors, and shall give notice thereof to them and to the applicant.

(e) After hearing the objectors, if any, and making any further inquiry which he may think necessary, or, if no statement of objections is received, after the inquiry required by (c), the District Magistrate shall forward the application to Government, with a report of the proceedings taken of the particulars of the objections, if any, and with his own opinion and recommendation on the whole case. The Government may, thereupon, either grant the license applied for, either in accordance with the recommendation of the District Magistrate, or with the addition of any additional restrictions and pre-

cautions as may be deemed proper, or may refuse the license.

(f) If the Government grant a license, it shall forward the same to the District Magistrate, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license; but, until so confirmed, the license shall not come into force.

19. A fee of twenty rupees shall be paid for every license granted under Rule 18.

20. Every license granted under Rule 18 shall be in Form E in the schedule hereto annexed, and shall be subject to the conditions prescribed therein.

21. If any person commits a breach of any condition subject to which a license under Rule 18 is granted, he shall be punished with fine which may extend to one thousand rupees.

(f) Licensing of the sale of explosives.

22. Licenses for the sale of explosives may be granted by the District Magistrate to any person licensed to possess the same.

23. A fee of twenty rupees shall be paid for every license granted under Rule 22.

24. Every license granted under Rule 22 shall be in Form F in the schedule hereto annexed, and shall be subject to the conditions therein prescribed.

25. If any person commits a breach of any condition subject to which a license under Rule 22 is granted he shall be punished with fine which may extend to five hundred rupees.

(g) Supplementary.

26. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that in connection with his magazine or licensed premises he fills for sale or otherwise any cartridge for small arms with the said explosive, provided that he observes the following regulations, namely :—

(1) There shall not be in the room in which such filling is being carried on more than 5 lbs. of gunpowder or 3 lbs. of any other explosive, except it be made up into safety cartridges; and

(2) any work unconnected with the making of the cartridges shall not be carried on in the room while such filling is being carried on;

(3) there shall not be in the room while such filling is being carried on any fire or any artificial light except a light of such construction, position and character as not to cause any danger of fire or explosion;

(4) the room in which the filling is carried on shall be detached from the magazine, but in the immediate neighbourhood thereof, and at such distance therefrom as may be specified in the endorsement hereinafter referred to;

(5) the licensee shall previously give notice to the authority which grants his license that he intends to carry on such filling of cartridges as is allowed by this rule and have the license endorsed by such authority.

27. A person licensed to possess an explosive shall not be required to take out a license for manufacture by reason that in connection with his magazine or licensed premises, he, by filling cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the said explosive for use exclusively in his mine or quarry or in some excavation or work carried on by him, or under his control, provided that he observes the following regulations, namely :—

(1) There shall not be in the workshop in which such adaptation or preparation is carried on more than 100 lbs. of gunpowder or 25 lbs. of any other explosives.

(2) Any work unconnected with such adaptation or preparation shall not be carried on in the said workshop while such adaptation or preparation is being carried on.

(3) The said workshop shall be detached from the magazine, but in the immediate neighbourhood thereof and at such distance therefrom as may be specified in the endorsement hereinafter referred to.

(4) An explosive of one description shall not be converted into an explosive of another description and shall not be unmade or resolved into its ingredients.

(5) The licensee shall previously give notice to the authority which grants such license that he intends to carry on such adaptation or preparation as is allowed by this rule and have the license endorsed by such authority.

TRANSPORT.

(*a*) *Licensing.*

28. No explosive need be transported under license except where such license is required under the Mysore Arms Regulation 1890, and the rules made thereunder.

(*b*) *Packing.*

29. The following regulations shall be observed with respect to the packing of explosives for conveyance :—

I. Each class of explosive shall be separately packed.

II. An explosive not being an explosive of the 2nd and 3rd divisions of the 6th (ammunition) class or of the 1st division of the 7th (firework) class, shall, if not exceeding 1 lb. in the case of explosives of the 3rd (nitro-compound) class or the 4th (chlorate-mixture) class, and in the case of other explosives not exceeding 5 lbs. in quantity, be contained in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping.

III. In every other case, the explosive shall be contained in a double package. The inner package shall be a substantial case, bag, canister, or other receptacle, made and closed so as to prevent the explosive from escaping, and the outer package shall be a box, barrel, or case of wood or metal or other solid material and shall be of such strength, construction, and character that it will not be broken or accidently opened, or become defective or insecure whilst being conveyed, and will not allow the explosive to escape. Provided as follows :—

(*a*) If the explosive is of the 1st (gunpowder) class or the 2nd (nitrate-mixture) class or the 2nd division of the 3rd (nitro-compound) class, the quantity of explosive in any one outer package shall not, in the case of explosive of the first two classes, exceed 100 lbs., and in other cases 50 lbs. If the explosive is picric acid, the inner package must be of such a nature as to effectually prevent any picric acid from coming into contact with any basic metallic oxide.*

(*b*) If the explosive belongs to the 1st division of the 3rd (nitro-compound) class or to the 4th (chlorate-mixture) class, the inner package shall be without any metal in its construction, and the inner or outer package or both shall be thoroughly water proof. No one of the inner packages shall contain more than 10 lbs., and the aggregate quantity of the explosive in any one outer package shall not exceed 50 lbs. But water-proof packing will not be required in the case of (i) explosives of the 2nd division of the 4th (chlorate mixture) class or of (ii) ballistite, blasting gelatine, camphorated gelatine, cordite, gelatine dynamite, gelignite and such other explosives

* NOTE.—This rule is intended to prevent picric acid being packed in a case lined with certain metals, such as zinc or lead, which would result in danger arising from the formation of a picrate. Water-proof bags inside powder-barrels are suggested as a simple and safe method of packing picric acid for transport or storage.

which do not yield up the nitro-glycerine in contact with water, as the Government of Mysore may hereafter notify in the Official Gazette.

(c) 1. If the explosive belongs to the 1st division of the 6th (ammunition) class, it shall be contained in a box, barrel, or case of wood, metal or other solid meterial and of such strength, construction, and character that it will not be broken or accidently opened or become defective or insecure while being conveyed and will not allow any explosive to escape.

2. If the explosive belongs to the 2nd division of the 6th (ammunition) class, the following rules shall apply, *viz*:—

(i) A shell or torpedo containing any explosive material, whether such shell or torpedo be separate or form part of a rocket or other appliance, shall be packed in such manner as may be specially directed by the Government of Mysore or by a person specially authorized by that Government to inspect explosives.

(ii) Any explosive material when made up into a cartridge or charge for cannon, shells, mines, blasting, or other like purposes, shall be packed in the manner required for the same explosive material when not so made up.

Provided that where a double package is required, the enclosing case of such cartridge or charge, if it satisfies the conditions required for the inner package, may be held to be such inner package.

(iii) Any other explosive of the 2nd division shall be packed in a box, barrel, or case of wood, metal or other solid material, and of such strength, construction, and character that it will not be broken or accidentally opened, or become defective or insecure whilst being conveyed, and will not allow any explosive to escape: and any one such package shall not contain more than 100 lbs. of ammunition except with the consent of and under conditions approved by the Government of Mysore or by a person specially authorized by that Government to inspect explosives.

(d) If the explosive belongs to the 3rd division of the 6th (ammunition) class, it shall be packed in a double package. The inner package shall not contain more than 2 lbs. of such explosive and not more than 50 lbs. shall be contained in the outer package.

(e) If the explosive belongs to the 1st division of the 7th (firework) class, it shall be contained in a double package. The inner package shall be a substantial canister, case or other receptacle hermetically closed, and containing no more than 1 lb. of explosive, and no more than 20 lbs. shall be contained in the outer package; and

(f) If the explosive belongs to the 2nd division of the 7th (firework) class it shall be contained in a box, barrel or case of wood, metal or other solid material, and of such strength, construction and character that it will not be broken or accidentally opened or become defective or insecure whilst being conveyed, and will not allow any explosive to escape, and the quantity of explosive in any one package shall not exceed 100 lbs.

IV. Whatever be the amount of the explosive and to whatever class or division of a class it belongs, the following conditions shall be observed:—

(a) The interior of every single, or inner or outer package, shall be kept free from grit and otherwise clean;

(b) Every package, whether single or double, when actually used for the packing of an explosive, shall not be used for the packing of any other explosive of the same or any other class or for any other purpose, except with the consent specially obtained from and under conditions approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives;

(c) There shall not be any iron or steel in the construction of any single or inner or outer package unless the same is effectually covered with tin, zinc, or other suitable material;

(d) On the outermost package there shall be affixed, in conspicuous characters, by means of a brand or securely attached label or mark, the word "Explosive" followed by the name of the explosive or other description of the contents, and the name and address of the owner or sender, and a red circle 1½ inches in internal and 3 inches in external diameter or as nearly that size as the dimensions of the package permit.

(e) The amount of explosive in any single package, or, if there is a double package, in any one inner or outer package, shall not exceed the amount specified in the foregoing regulations, except with the consent of and under conditions to be approved by a person specially authorised by the Government of Mysore to inspect explosives.

V. In special cases the Government of Mysore or any person specially authorised by that Government to inspect explosives may allow explosive to be transported when packed according to the packing rules of the country where it was manufactured.

30. If any person commits a breach of any of the foregoing regulations relating to the package of explosives for conveyance, he shall be punished with fine which may extend to one thousand rupees.

(c) Mode of conveyance.

31. The following regulations shall be observed with respect to the conveyance of explosives —

I. No explosive shall be conveyed from place to place unless packed in the manner provided for in Rule 29.

II. There shall not be conveyed in any carriage or boat, which is being used for the conveyance of an explosive, any explosive of a different class and division of whatsoever nature, which contains its own means of ignition unless it be sufficiently separated therefrom to prevent any fire or explosion which may take place in one such explosive being communicated to another.

III. No explosive shall be loaded or unloaded except between sunrise and sunset, but this regulation does not apply to explosives which fulfil the conditions laid down in Rule 32, Regulation I.

IV. Whilst the explosive is being loaded on, or unloaded out of any carriage or boat, no fire or artificial light nor any article which is liable to cause or communicate fire or explosion—such as charcoal, lucifer matches, articles for striking a light, petroleum, or any spirit or oil or substance liable to give off an inflammable vapour at a temperature below 125° Fahrenheit—shall be, or shall be allowed to be brought, had or used dangerously near to such carriage or boat, and no smoking shall be allowed in, on or dangerously near to the same; provided that when the use of a light for the purpose of such loading or unloading is unavoidable, a lamp of such construction, position and character as not to cause any danger from fire or explosion may be used, and no person while handling any explosive—except explosive of the 1st division of the 6th (ammunition) class or the 2nd (manufactured firework) division of the 7th, (firework) class, if packed in accordance with the packing rules—shall wear boots or shoes with iron or steel nails, heels or tips.

V. In loading or unloading any explosive, the casks and packages containing the same shall be passed from hand to hand and not rolled upon the ground; they shall not be thrown or dropped down, but shall be carefully deposited and stowed.

VI. The explosive shall not be conveyed except in the interior of a carriage so enclosed on all sides with wood or metal, or in the hold of a boat having a deck so closed as effectually to protect the explosive against accident by fire from without. If the explosive

cannot be so secured, it shall be completely covered with painted cloth, tarpaulin or other suitable material so as to effectually protect it against communication of fire.

VII. There shall not be any iron or steel in the interior of the portion of the carriage or boat with which the case containing the explosive is or may become in contact, unless the same be effectually covered with leather, wood, cloth or other suitable material.

VIII. In stowing of explosive due precautions shall be taken by means of partitions or otherwise and by careful stowing to secure such explosive from being brought into contact with, or endangered by any other article, or substance conveyed in such carriage or boat which is liable to cause fire or explosion; and if the explosive is dangerously affected by water, due precautions shall be taken to exclude water from coming into contact with such explosive.

IX. The amount of explosive conveyed in any one carriage or boat at any one time shall not exceed 2,000 lbs., unless the carriage be so enclosed on all sides with wood or metal, or the boat have a deck so closed, as effectually to protect the explosive against accident by fire from without, in which case the amount of explosive conveyed shall not exceed the following:—

In any one carriage on a railway	10 tons.
In any one other carriage	2 tons.
In any one boat	10 tons.

This regulation must be read subject to Regulation XVI contained in Rule 33 dealing with the conveyance of explosives by railway.

X. Nothing in Regulations III, VI, VII, and IX, contained in this rule shall apply to any explosive of the 1st division of the 6th (ammunition) class, provided all due precautions are taken for the prevention of accidents.

32. The following regulations shall be observed with respect to the conveyance of explosives otherwise than by railway:—

I. No explosive shall be conveyed in a carriage or boat whilst carrying or plying for public passengers, unless the quantity be less than 20 lbs. of explosive of the 1st division of the 6th (ammunition) class, 10 lbs. of explosive of the 2nd division of the 7th (firework) class, or 5 lbs. in the case of other explosives, and notice has been given beforehand to the person in charge of such carriage or boat: provided that there shall not be conveyed in any such carriage or boat, any explosive of the 3rd (nitro-compound) class, the 3rd division of the 6th (ammunition) class or the 4th (chlorate-mixture) class except—

i. Detonators packed in sawdust or other similar material to the number of 200, provided that the amount of explosive of the 5th (fulminate) class in the detonators shall in no case exceed in the aggregate 3 ozs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.

ii. Blasting gelatine, camphorated gelatine, gelatine dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as the Government of Mysore may hereafter notify in the Official Gazette, which may be carried in the form of cartridges up to the limit of 5 lbs.

II. The person in charge of carriage or boat containing explosive shall not drive or conduct the same in a dangerous or reckless manner and shall take all due precautions to avoid fire and explosion and no person shall do any act or thing in relation to the explosive which tends to cause fire or explosion, and is not reasonably necessary for the conveyance of the explosive or for work immediately connected with such conveyance, and a person who is intoxicated

to consignor, at his risk and expense, keeping the package pending such return in the manner prescribed in the preceding rule.

VI. All gunpowder under despatch or receipt by a Government arsenal depôt or factory shall be loaded or unloaded in the railway vans by Government servants employed in such arsenal, depôt, or, factory.

VII. Subject to the exceptions provided for in clause (*e*), no explosive shall be conveyed by passenger train except of the kinds and in the manner hereinafter specified in this Regulation.

(*a*) Safety cartridges for small arms and percussion caps for small arms and safety fuzes for blasting, also fog-signals for railway use may be conveyed by passenger train in ordinary waggons or carriages.

(*b*) Detonators packed in sawdust or other similar material to the number of 200 may be carried, provided that in no case the amount of explosive of the 5th (fulminate) class in the detonators exceeds in the aggregate 3 ozs. (a certificate to this effect being given by the person by whom the detonators are tendered for transport); provided also that no other explosive is carried in the same compartment.

(*c*) Blasting gelatine, camphorated gelatine, gelatine-dynamite, gun-cotton and such other explosives of the 3rd (nitro-compound) class as are notified under the provisions of Regulation I of Rule 32 may be carried in the form of cartridges up to the limit of 5 lbs.

(*d*) Sporting gunpowder or non-safety cartridges packed in the double cases as before provided, so long as the gunpowder is contained in one-pound tin canisters packed in a stout wooden case with an outer covering of tin or zinc completely spark proof; or in metal-lined cases of a pattern approved by the Railway Administration. But no outer cases shall contain more than 25 lbs. of gunpowder, and the total consignment of gunpowder or non-safety cartridges by one train shall not exceed 80 lbs.

(*e*) Explosives may be carried by mixed trains on any line on which purely goods trains are not running subject to the following conditions:—

(1) that not more than one vehicle containing explosives is forwarded at any one time by a mixed train;

(2) that the precautions prescribed for conveyance by goods train are observed;

(3) that the waggon containing the explosives is always placed behind the carriages for passengers and separated from them by at least four intervening waggons;

(4) that immediately a waggon containing explosives arrives at a section more than 5 miles in length on which purely goods trains are running, it is detached from the mixed train.

VIII. Every waggon used by a railway for the transport of explosive shall be furnished with sufficient means for firmly securing the packages from movement during transit.

IX. Not more than five carriages containing explosives shall be loaded or unloaded at any railway station, or be conveyed by any one train at any one time; and the quantity of explosive to be contained in any one carriage shall not exceed two-thirds of the normal load, unless the carriage shall be specially built for the conveyance of explosives and approved of by the Government of Mysore or a person specially authorized by that Government to inspect explosives But nothing in this clause shall be held to apply to separate consignments of safety cartridges for small arms.

X. There shall not be conveyed in the same carriage with any explosive, any lucifer or other matches, fuzees, pipe-lights, acids, naphtha paraffine, petroleum or any other volatile spirit or substance liable

shall not have charge of any carriage or boat conveying explosive and shall not be permitted to be in or on or attending the same.

III. With respect to the conveyance by carriage or boat of explosive of the 2nd or 3rd division of the 6th (ammunition) class or of the 1st division of the 7th (firework) class or of larger quantities than 20 lbs. of explosives of the 1st division of the 6th class or 5 lbs. of explosive of the 2nd division of the 7th class or than 2 lbs. of any other explosive, the following regulations shall be observed :—

(1) A person shall not forward to any warehouseman or a carrier a consignment of explosive, unless he has given notice to such warehouseman or carrier beforehand stating the name and quantity of the explosive proposed to be conveyed, and the name and address of the proposed consignee, and has had an intimation that the warehouseman or carrier is prepared to receive the consignment; and a warehouseman or carrier shall not make such an intimation, nor receive such consignment, unless he is prepared to receive it, and forthwith to despatch the same or to deposit it in a magazine or at a place at which a person is licensed or authorized to possess the same.

(2) The carriage or boat conveying the explosive shall be in charge of, and constantly attended by, some competent person, or by a sufficient number of competent persons, and such persons shall not stop or delay on the way except in such cases and for such periods as are actually necessary and in no case where such stopping would be attended with special public danger.

33. The following regulations shall be observed with respect to the conveyance of explosives by railway :—

I. No person shall send for carriage upon any railway any consignment of an explosive unless he has given to the officer in charge of railway station previous notice in writing, which at the option of the Railway Administration may extend to 48 hours, of his intention to send such consignment, and stating the true name, description, quantity and mode of packing of the explosive proposed to be conveyed and his own name and address and also the name and address of the proposed consignee, and unless he has had an intimation in writing from an authorized officer of the railway that such consignment will be received.

II. No explosive which a Railway Administration shall by any notice or regulation, for the time being in force, notify that they will not receive, shall be brought, sent or forwarded to, or upon any railway of the said Railway Administration.

III. Consignments of explosives shall be sent to the forwarding station and shall be received by the railway servants, only at such times, between sunrise and sunset, as the Railway Administration may appoint; and every package containing any explosive proposed to be conveyed on any railway shall immediately on arrival at the station be unloaded and placed in a safe place under the special direction of the officer in charge of the station.

IV. An explosive shall be removed by the consignee from the receiving station during the twelve hours of daylight after arrival; if this condition is not strictly complied with, the Railway Administration may return the consignment to the consignor at his risk and expense. And it shall in the meanwhile be kept as far away from the station buildings as possible, in the waggon it was conveyed in, or if unloaded, shall be completely covered with tarpaulins or other suitable material, and, if necessary, shall be protected by a police guard.

V. The Railway Administration may refuse to receive any package which they suspect to contain any explosive packed or sent in contravention of the regulations contained in these rules. And in caseany pack age, which the Railway Administration suspect, shall be upon any railway, they may open or require to be opened any such package, to ascertain the fact, at the risk and expense of the consignor, and may return the explosive contained in the package

to give off an inflammable vapour at a temperature below 125 degrees Fahrenheit, or otherwise liable to spontaneous ignition, or to cause or communicate fire or explosion.

XI. The consignor shall attach to the consignment note a certificate or, provided the original is produced for verification, a copy of a certificate signed by a person authorized by the Government of Mysore in this behalf or by any person authorized to give such a certificate in British India that the explosive, if it is an explosive of the 3rd (nitro-compound) class or the 4th (chlorate-mixture) class, is of the standard purity and has undergone no deterioration since its manufacture; and further, in the case of explosives of the 1st division of the 3rd class, that the cartridges have been examined and show no signs of exuded nitro-glycerine or other liquid nitro-compound or of liquifaction. The consignor shall also certify that the explosive has been packed in accordance with the packing rules of Mysore or of the country where it was manufactured.

The certificate above mentioned shall contain sufficient information to admit of all packages being easily recognised.

XII. In the case of explosives belonging to the 3rd (nitro-compound) class, or the 4th (chlorate-mixture) class, the outer package shall be marked with the dates of the manufacture, packing and examination of the explosive.

XIII. The certificate referred to in Regulation XI shall be valid for six months after date; but nevertheless any Railway Administration which accepts the explosive for transport may demand a fresh certificate for explosive presented for conveyance between the 1st of April and the 15th of October (both inclusive).

XIV. Packages containing explosives of the 3rd (nitro-compound) class, the 4th (chlorate-mixture) class, the 2nd and 3rd divisions of the 6th (ammunition) class or the 1st (firework composition) division of the 7th (firework) class shall be stowed in one layer only and secured so as to prevent movement during transit. The gross load in any one waggon shall not exceed 3 tons. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit, they may be stowed in any number of layers not exceeding five and the gross load in any one waggon shall be limited to 5 tons.

XV. No explosive belonging to the 3rd division of the 6th class shall be carried in the same train with any explosive belonging to the 3rd class or the 4th class.

XVI. Packages containing explosives of other than those referred to in Regulation XIV shall not be stowed in more than three layers one above the other. But if the packages are in rectangular form and are properly secured so as to prevent movement during transit they may be in any number of layers not exceeding five. In the case of safety cartridges packed in tin-lined service-pattern boxes there is no restriction.

XVII. Waggons used for the carriage of explosives shall be examined to see that they are spark-proof, and have been cleaned out before they are loaded. Hair-cloth, hides, or other suitable material shall be spread on the floor of the waggon and between each layer of packages, except when the packages are covered with gunny or felt, or contain safety cartridges for small arms, packed in tin-lined service-pattern boxes.

XVIII. Waggons containing explosives shall be loaded and unloaded on sidings distant as far as possible from the station buildings.

XIX. The loading and unloading of explosives when once begun shall be diligently proceeded with between sunrise and sunset until the same is completed.

XX. When the train is being marshalled, waggons loaded with explosives may be shunted by a locomotive, provided that they are separated from the engine by not less than three waggons containing no explosive, nor easily inflammable substance; this precaution is not necessary with waggons specially constructed for the carriage of explosive. The speed of these movements shall be restricted to 5 miles an hour, they shall be superintended by a duly authorized officer, who will be held responsible for the observance of these orders. Flying shunts are strictly prohibited.

XXI. Waggons containing explosives shall be placed at the end of the train, away from the locomotive, and shall be close coupled to one another, as well as to the adjoining waggons, and must be preceded and followed by three waggons not loaded with explosive or other traffic of an inflammable nature.

XXII. If the waggons employed in the transport of explosive or immediately adjoining them, are provided with brakes, the brakes shall on no account be worked while such waggons are running.

XXIII. Waggons must in every case be locked when loaded with explosives.

XXIV. All operations connected with the transhipment of explosives at junction stations shall take place during daylight.

34. If any person commits a breach of any of the foregoing rules relating to the mode of conveyance of explosives, he shall be punished with fine which may extend to one thousand rupees for each such offence.

GENERAL.

35. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

36. If a person licensed to manufacture, possess or sell an explosive, die or become bankrupt, or become mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Regulation or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

37. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall, if not otherwise provided, be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; the licenses themselves being issued on plain paper. But when the licenses themselves are written or printed on impressed stamps, the application may be on plain paper. When an application for a license is written on an impressed stamp, and the license is refused, the value of the stamp will on application be refunded to the applicant.

38. All licenses, except licenses to manufacture an explosive under Rule 13, shall expire on the 31st of December of the year for which they are granted. Licenses granted under Rule 13 shall be current for the term therein specified. But a license may, unless the circumstances have so changed that the grant of a new license would either not be authorized under the Regulation and rules or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

39. When a license granted in accordance with these rules is lost, or accidentally destroyed, a duplicate may be granted to the licensee on payment of a fee of 8 annas.

40. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate, or by any Police officer in charge of a police station, or by any Police officer of higher rank or by any person authorized by the Government of Mysore to inspect explosives.

41. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Government.

42. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Mysore Arms Regulation 1890.

43. It shall be lawful for the District Magistrate or for any subordinate Magistrate or Police Officer not below the rank of an Inspector deputed in this behalf by the District Magistrate, or any person authorized by the Government of Mysore to inspect explosives,

(a) to enter, inspect and examine any house, erection or other place or any cart, truck, boat or other vehicle in which explosive is being manufactured, possessed, used, sold, or transported, or in which they have reason to believe that explosive is being manufactured, possessed, used, sold, or transported;

(b) to search for explosives therein;

(c) to take samples of any explosives found therein on payment of the value thereof;

(d) at their discretion to seize, detain, remove and, if necessary for the public safety, destroy any explosive found therein in respect of which there is reason to believe that the provisions of the Regulation or of these rules have been contravened.

SCHEDULE.

FORM A.

(See Rule 9.)

(Fee Rs. 20, 10 or 5 according to the quantity mentioned in columns 3 & 4.)

License to manufacture, possess, and sell gunpowder or an explosive of the 1st division of the 6th (ammunition) class or of the 7th (firework) class.

Name, &c., of license-holder, and place of residence.	Place of business factory, or shop.	Description and quantity to be manufactured during the year.	Description and quantity to be possessed and sold during the year.	Maximum quantity of explosive to be kept at any one time.	Date on which license expires.

H

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured, of all stock in hand, and of all sales in such form as the Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books and records of manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector, or any person authorized by the Government of Mysore to inspect explosives, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a tent or any lightly constructed building exclusively appropriated for the purpose and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or any place where explosive is stored, by the distance :—

(a) in the case of gunpowder or an explosive of the 1st division of the 7th (firework) class, of 100 yards,

(b) in the case of an explosive of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, of 50 yards,

and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. Explosive shall not be sold to any child apparently under the age of 13 years.

7. Explosive possessed by the license shall be kept in a substantially constructed uninflammable building or fire-proof safe approved by the licensing officer and separated from any dwelling house, highway, street, public thoroughfare or other public or frequented place or other place where explosive is stored, by the distances laid down in condition 4, and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 50 lbs. of gunpowder or explosive of the 1st divisoin of the 7th (firework) class, or in lieu of each pound of gunpowder or of such explosive 2 lbs. of explosive contained in ammunition of the 1st division of the 6th class, or in manufactured fireworks belonging to the 2nd division of the 7th class, may be kept in a dwelling house, or other building, which does not satisfy the preceding conditions, in a secure receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 1st division of the 6th class made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive nor the fire-proof safe or receptacle referred to above shall have any exposed iron or steel (except machinery necessary for the manufacture) in the interior thereof and persons entering such building or place shall not have any iron or steel in their possession or attached to or on their boots or shoes.

10. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th class or of the 2nd division of the 7th class, and all other explosive exceeding 1 lb. in amount, shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost package or receptacle containing such explosive shall have affixed the name of the explosive and the word "Explosive,, in the following languages .... in conspicuous characters with a red circle $1\frac{1}{2}$ inches in internal

and 3 inches in external diameter or as nearly that size as the dimensions of the package or receptacle will permit.

11. Each description of explosive, which may be kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other. Explosives of the same class however may be kept together and gunpowder may be kept with safety fuzes.

12 *The license-holder shall affix to his shop or place of business a signboard as required by rule 7 of the rules framed under the Mysore Arms Regulation 1890, and shall post up in his shop a copy of Section 23 of that Act in the languages above mentioned.

13 *The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form IV, V, VI or VII of the forms prescribed under the Mysore Arms Regulation, 1890, or Form C or D in the schedule to the rules under the Mysore Explosives Regulation, 1888, the following particulars :—

(*a*) the name and address of the person who takes delivery of the articles sold ;

(*b*) the nature and amount of the articles sold ;

(*c*) the date of sale ;

and shall append his signature to the endorsement.

*These conditions are to be added only when the authority granting this license directs, by an order written thereon, that it shall have the effect of a like license granted under the Mysore Arms Regulation, 1890.

(Extracts from the rules defining the classes and divisions of classes of explosives referred to will also be printed on the license.)

FORM B.

(See Rule 9.)

[Fee Rs. 10, 5, or 2½ according to the quantity mentioned in column 3.]

(*b*) in the case of an explosive of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, of 50 yards,

and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 50 lbs. of gunpowder or explosive of the 1st division of the 7th (firework) class or, in lieu of each pound of gunpowder or of such explosive, 2 lbs. of explosive contained in ammunition of the 1st division of the 6th class, or in manufactured fireworks belonging to the 2nd division of the 7th class, may be kept in a dwelling house, or other building which does not satisfy the preceding conditions, in a secure receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 1st division of the 6th class made with gunpowder shall be kept in a fire-proof safe.

7. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fior proof safe or receptacle containing the same.

8. Neither the building exclusively appropriated for the purpose of keeping the explosive, nor the fire-proof safe or receptacle referred to above, shall have any exposed iron or steel in the interior thereof and persons entering such building or place shall not have any iron or steel in their possession or attached to or on their boots or shoes.

9. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th class or of the 2nd division of the 7th class, and all other explosive exceeding 1 lb. in amount, shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost package or receptacle containing such explosive shall have affixed the name of the explosive and the word "Explosive" in the following languages .....
..... in conspicuous characters with a red circle 1½ inches in internal and 3 inches in external diameter or as nearly that size as the dimensions of the package or receptacle will permit.

10. Each description of explosive which may be kept under this license shall be separated by an intervening partition of such substance and character, or

187

by such intervening space as will effectually prevent explosion or fire in the one communicating with the other. Explosives of the same class may however be kept together and gunpowder may be kept with safety fuzes.

11. *The license-holder shall affix to his shop or place of business a signboard as required by rule 7 of the rules framed under the Mysore Arms Regulation, 1890, and shall post up in his shop a copy of Section 23 of that Act in the languages above mentioned.

12. *The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under Form IV, V, VI or VII of the forms prescribed under the Mysore Arms Regulation, 1890, or Form C or D in the schedule to the rules under the Mysore Explosives Regulation, 1888, the following particulars:—

(a) the name and address of the person who takes delivery of the articles sold;

(b) the nature and amount of the articles sold;

(c) the date of sale;

and shall append his signature to the endorsement.

---

*These conditions are to be added only when the authority granting this license directs, by an order written thereon, that it shall have the effect of a like license granted under the Mysore Arms Regulation, 1890.

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives regulation, 1888," and the rules framed thereunder.

2. The explosive shall be kept in a substantially constructed uninflammable building or fire-proof safe approved by the licensing officer and separated from any dwelling house, highway, street, public thoroughfare, or other public or frequented place or any place where explosive is stored, by the distance:—

(*a*) in the case of gunpowder or an explosive of the 1st division of the 7th (firework) class, of 100 yards;

(*b*) in the case of an explosive of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, of 50 yards;

and made and closed so as to prevent unauthorized persons from having access thereto and to secure it from danger from without.

Provided that a quantity not exceeding 50 lbs. of gunpowder or explosive of the 1st division of the 7th (firework) class or in lieu of each pound of gunpowder or of such explosive, 2 lbs. of explosive contained in ammunition of the 1st division of the 6th class, or in manufactured fireworks belonging to the 2nd division of the 7th class, may be kept in a dwelling house, or other building which does not satisfy the preceding conditions in a secure receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 1st division of the 6th class made with gunpowder shall be kept in a fire-proof safe.

3. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe or receptacle containing the same.

4. Neither the building exclusively appropriated for the purpose of keeping the explosive nor the fire-proof safe or receptacle referred to above shall have any exposed iron or steel in the interior thereof, and persons entering such building or place shall not have any iron or steel in their possession or attached to or on their boots or shoes.

5. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th class or of the 2nd division of the 7th class, and all other explosive exceeding 1 lb. in amount shall be kept in a substantial case, bag, canister, or other package or receptacle made and closed so as to prevent the explosive from escaping.

6. Each description of explosive which may be kept under this license, shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other. Explosives of the same class however may be kept together and gunpowder may be kept with safety fuzes.

7. The license-holder shall at the time of purchase have the following particulars endorsed upon his license by the vendor from whom he purchases and under the vendor's signature:—

(*a*) the name and address of the person who takes delivery of the article purchased;

(*b*) the nature and amount of the articles purchased;

(*c*) the date of purchase.

CONDITIONS.

1. This license is given subject to the provisions of "The Mysore Explosives Regulation, 1888," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools, or implements for work connected with, the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel, or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean: and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor the conductivity of which shall be tested at least once a year.

6. Before repairs are done to or in any room or part of the magazine, it shall, as far as practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part; and after such cleaning, these conditions shall cease to apply to such room or part of the magazine until explosive is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and other similar means, for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, and character, as not to cause any danger of fire or explosion and which shall be approved by a person specially authorized by the Government to inspect explosives.

9. No person shall smoke in any part of the magazine.

10. Any person under the age of 16 years shall not be employed in or enter the magazine except in the presence and under the supervision of some grown up person.

11. Two or more descriptions of explosive which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications :—

(*a*) The various explosives of the 1st (gunpowder), 2nd (nitrate-mixture) 3rd (nitro-compound), and 4th (chlorate-mixture) classes, safety fuze belonging to the 1st division of the 6th (ammunition) class, and such of the various explosives of the 2nd division of the same class as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.

(*b*) The various explosives of the 1st division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.

(*c*) Such of the various explosives of the 2nd division of the 6th (ammunition) class, as contain any exposed iron or steel may be kept with each other without any intervening partition or space.

(*d*) The various explosives of the 3rd division of the 6th (ammunition) class, may be kept with each other without any intervening partition or space.

(*e*) the various explosives of the 7th (firework) class may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The licensee and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons from having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

GENERAL AND REVENUE.

No. 15326—*Legis.* 88, *dated* 23*rd May* 1898.

CORRIGENDUM.

In Section 16 of the Mysore Merchandize Marks Regulation, 1892, as published in the issue of the *Mysore Gazette*, Part III, dated the 5th May 1892, the figure "10" shall be substituted for the figure "12," the entry of which latter was due to an error. As corrected, the said Section 16 will read as follows:—

"For the purposes of Section 10 of this Regulation, the Government of Mysore may, by Notification in the Official Gazette, declare what classes of goods are included in the expression 'piece-goods, such as are ordinarily sold by length or by the piece'."

No. 15392—*J.* 1571, *dated* 25*th May* 1898.

Mr. A. Rangaswamaiengar, Inspector General of Police in Mysore, having availed himself of the privilege leave granted to him in Notification No. 13860—J. 1445, dated 26th April 1898, with effect from the 2nd May 1898 and returned to duty on the forenoon of the 15th idem, the unexpired portion of the leave, *viz.*, two days, is hereby cancelled.

No. 15395—*J.* 1568, *dated* 25*th May* 1898.

Under Article 188 of the Mysore Service Regulations, Mr. D. A. Ballard, Superintendent of Police, Kolar Gold Fields, is granted privilege leave of absence for one month and twenty seven days, with effect from the 14th May 1898 or such other date as he may avail himself of the same.

2. Mr. C. Haudin, Superintendent of Police, Kolar, will, in addition to his own duties, be in charge of the Kolar Gold Fields Police during the absence of Mr. D. A. Ballard on leave or until further orders.

This locality chosen for improvement is very congested; has no drains, during rains every house in it will be damp and its well overflowing, and the many narrow tortuous lanes in it will be so many streams of water all emptying into the big stream, Nala street, which will be almost impassable during rains. Hence this part is proposed to be thoroughly opened out and provided with drains. The amount of compensation is estimated to be Rs. 7,749.

No. 11170—*R.* 3728, *dated* 25*th May* 1898.

D. Subba Rao, Amildar of the Nagamangala Taluk, Mysore district, is granted casual leave of absence for ten days, with effect from the 24th May 1898 or such other date as he may avail himself of the same, the Taluk Sheristadar being in charge of the current duties of the taluk during the absence of the Amildar on leave or until further orders.

No. 11197—*R. F.* 42-97, *dated* 27*th May* 1898.

The five days' casual leave of absence granted to Baily Srinivasa Rao, Amildar of the Anekal taluk, (now at Seringapatam) in Notification No. 4143—R. F. 42-97, dated 10th November 1897, is hereby cancelled at his own request.

No. 11200—*R. F.* 96-95, *dated* 27*th May* 1898.

Under Article 171 of the Mysore Service Regulations, Sira Srinivasa Rao, Amildar of the Sidlaghatta taluk, Kolar district, is granted casual leave of absence for five days, with effect from the 1st June 1898, the Taluk Sheristadar being in charge of the current duties of the taluk during the absence of Sira Srinivasa Rao on leave or until further orders.

No. 11203—*R F.* 85-97, *dated* 27*th May* 1898.

The privilege leave of absence for two months granted to R. Shama Rao, Amildar of the Kunigal taluk, in Notifications Nos. 9626—R. 3145 and 10042—R. 3318, dated 5th and 20th April 1898 respectively, is hereby extended by fifteen days.

No. 11211—*R. F.* 33-96, *dated* 27*th May* 1898.

Under Article 171 of the Mysore Service Regulations, Mr. K. Srinivasa Row, Assistant Commissioner, Chitaldrug district, is granted casual leave of absence for four days, with effect from the 24th May 1898.

No. 11214—*R. F.* 109-96, *dated* 27*th May* 1898.

The five days' casual leave of absence granted to T. Chokkanna, Amildar of the Bowringpet taluk, in Government Notification No. 10714—R. F. 109-96, dated 12th instant, is hereby extended by five days.

No. 11217—*R. F.* 143-96, *dated* 27*th May* 1898.

Under Article 171 of the Mysore Service Regulations, J. Srinivasa Rao, Amildar of the Goribidnur taluk, Kolar district, is granted casual leave of absence for five days, with effect from such date as he may avail himself of the same, the Taluk Sheristadar being in charge of the current duties of the taluk during the absence of the Amildar on leave or until further orders.

No. 11220—*R. F.* 70-97, *dated* 27*th May* 1898.

Under Article 188 of the Mysore Service Regulations, Mr. A. Hayes, Deputy Amildar of the Alur sub-taluk, Hassan district, is granted privilege leave of absence for twenty-five days, with effect from the 21st May 1898 or such other date as he may avail himself of the same.

2. S. Krishnappa, Judicial Head Munshi, Hassan Deputy Commissioner's office, will act as Deputy Amildar and 3rd Class Magistrate of the Alur sub-taluk during the absence of Mr. A. Hayes on leave or until further orders.

No. 11228—*Ft. F.* 119-95, *dated* 28*th May* 1898.

Under Article 188 of the Mysore Service Regulations, Mr. H. Muttappa, Assistant Conservator of Forests, Bangalore district, is granted privilege leave of absence for one month and twenty days, with effect from the 2nd June 1898 or such other date as he may avail himself of the same.

Mr. Y. Sitaramaiya, Assistant Conservator of Forests on special duty in the Kadur district, will act as District Forest Officer, Bangalore, during the absence of Mr. Muttappa on leave or until further orders.

No. 11231—*Ft. F.* 92-95, *dated* 28*th May* 1898.

Mr. Y. Sitaramaiya, Assistant Conservator of Forests on special duty in the Kadur district, having availed himself of the privilege leave granted to him in Notification No. 10907—Ft. F. 92-95, dated 16th May 1898, from the 20th April 1898 and returned to duty on the afternoon of the 12th May 1898, the unexpired portion of the leave (namely, 7 days) is hereby cancelled.

No. 11234—*Ft. F.* 39-95, *dated* 28*th May* 1898.

It is hereby notified for general information that the *Kelgane Udave Sandal Reserve* comprising Survey Nos. 50, 67 and 69 (124 acres and 25 guntas) in the Kelgane village, Chikmaglur taluk of the Kadur district, which was classed as a State Forest and the boundaries of which were notified by Government in Notification No. 2573—Ft. 140 of 4th September 1895, is disafforested.

No. 11240—*R.* 3763, *dated* 28*th May* 1898.

Under Article 171 of the Mysore Service Regulations, Mr. K. P. Puttanna Chetty, Officiating Deputy Commissioner, Kolar district, is granted casual leave of absence for one day, *viz.*, the 2nd June 1898.

No. 11244—*R.* 3768, *dated* 30*th May* 1898.

Under Article 188 of the Mysore Service Regulations, K. R. Subba Rao, Amildar of the Hunsur taluk, Mysore district, was granted privilege leave of absence for ten days, with effect from the 12th May 1898, the Taluk Sheristadar being in charge of the current duties of the taluk during the absence of the Amildar on leave.

No. 11247—*R. F.* 92-97, *dated* 30*th May* 1898.

Under Article 171 of the Mysore Service Regulations, M. Lakshman Sastri, Amildar of the Arsikere taluk, Hassan district, was granted casual leave of absence for five days, with effect from the 15th May 1898, the Taluk Sheristadar being in charge of the current duties of the taluk during the absence of the Amildar on leave.

No. 11251—*R. F.* 139-96, *dated* 30*th May* 1898.

Mr. B. G. Krishnaiengar, Deputy Commissioner, Hassan district, having availed himself of the leave granted to him in Notification No. 10413—R. F. 139-96, dated 28th April 1898, on the forenoon of 16th May 1898 and returned to duty on the forenoon of 18th May 1898, the unexpired portion of the leave, *viz.*, two days, is hereby cancelled.

No. 11265—*R.* 3785, *dated* 30*th May* 1898.

Mr. K. P. Puttanna Chetty, Officiating Deputy Commissioner, delivered over, and Mr. H. Ramanujaiengar, Sub-Division Officer, French Rocks, received. charge of the Mysore District and Treasury on the afternoon of the 18th May 1898.

No. 11270—R. 3789, *dated* 30*th May* 1898.

Under Article 171 of the Mysore Service Regulations, Mr. M. Narain Rao, Deputy Commissioner, Tumkur district, is granted casual leave of absence for five days, with effect from the 2nd June 1898.

2. The Senior Assistant Commissioner at head-quarters will, in addition to his own duties be in charge of the current duties of the district during the absence of Mr. M. Narain Rao on leave or until further orders.

The petition box kept at the Dewan's Office, Bangalore, will be cleared at 12 noon every day by the Secretary to Government, General and Revenue Departments, and, in his absence from Bangalore, by the Under-Secretary.

No. 277—*M.*, *dated* 16*th May* 1898.

The Draft Rules under the Mysore Explosives Regulation, 1888, which are set out in the Schedule hereto, are published for general information, as required by Section 15 of that Regulation, and will be taken into consideration on and after the 15th of June 1898.

2. Objections and suggestions with respect to the Draft Rules received before that date will be duly considered.

3. For the purpose of Section 3, Clause I, of the said Regulation, all substances falling under any of the classes defined in Rule 1 of the Draft Rules, set out in the Schedule hereto, are hereby declared to be explosives.

By Order,

W. F. SMEETH,

Offg. Secy. to Govt., Geol. Dept.

GOVERNMENT OF MYSORE.

GEOLOGICAL DEPARTMENT.

In exercise of the powers conferred by Sections 4, 5 and 6 of the Mysore Explosives Regulation 1888, Her Highness the Maharani-Regent is pleased to make the following rules to regulate the manufacture, possession, sale and transport of explosives in the Territories of Mysore.

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely:—

Class 1	...	.. Gunpowder.
Class 2	...	... Nitrate-mixture.
Class 3	...	... Nitro-compound.
Class 4	...	... Chlorate-mixture.
Class 5	...	... Fulminate.
Class 6	...	... Ammunition.
Class 7	...	... Firework.

And when an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

Class 1.—Gunpowder Class.

The term "gunpowder" means exclusively gunpowder ordinarily so called.

Class 2.—Nitrate-mixture Class.

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Fortis explosive,	Pyrolithe,
Poudre saxifragine,	Safety blasting powder,
Pudrolithe,	

and any preparation coming within the above definition.

Class 3.—Nitro-compound Class.

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mixed or combined with other substances or not.

The nitro-compound class has two divisions:—

Division 1 comprises such explosives as—

Amberite No. 1,	Gelatine dynamite,
Ballistite,	Gelignite,
Blasting gelatine,	Glyoxiline,
Camphorated gelatine,	Lithofracteur,
Carbonite,	Methylic nitrate,
Cordite,	Nitro-glycerine,
Dualine,	Stonite,
Dynamite,	

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Amberite No. 2,
Ammonite,
Bellite,
Cotton gunpowder,
E. C. Powder,
Gun-cotton, ordinarily so called,
Gun-paper,
Nitrated gun-cotton,
Nitro-mannite,
Picrates,
Picric acid (except in solution in water),
Picric powder,
Roburite,
Sawdust and Gun-cotton powder,
Schultz's powder,
Tonite (or cotton powder),
Xyloidine,

and any nitro-compound as before defined, which is not comprised in the first division.

Class 4.—Chlorate-mixture Class.

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions :—

Division 1 comprises such explosives as—

Brain's blasting powder,
Horsley's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Chlorated gun-cotton,
Erhardt's powder,
Hochstadter's blasting charges,
Horsley's original blasting powder,
Reichen's blasting charges,
Reveley's powder,
Teutonite,

and any chlorate-mixture as before defined, which is not comprised in the first division.

Class 5.—Fulminate Class.

The term "fulminate" means any chemical compound or mechanical mixture whether included in the foregoing classes or not, which, from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which, from its extreme sensibility o explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions :—

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorus compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphide (suphuret), with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Class 6.—Ammunition Class.

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting, or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog-signal, a shell, a torpedo, a war-rocket or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such

quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of one fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms, of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other catridges. The term also includes rifle calibre machine-gun cartridges if they are of the above description, whether they are for use with machine-guns having chambers identical with those of rifles or with machine-guns which have special chambers:—

The ammunition class has three divisions:—

The maximum gauge at which a small-arm cartridge can be accepted as "safety" is one inch.

The following are the gauges of the machine-gun cartridges which may be accepted as "safety":—

·303 inch cordite.

Martini-Henri rifle, solid case.

·45 inch Gardner, Gatling and Nordenfeldt, except Martini-Henri chambered guns ·4-inch.

Cartridges of larger gauge are not safety cartridges.

Division 1 comprises exclusively—

Safety cartridges.

Safety fuzes for blasting.

Fuzes for shells and friction tubes for guns provided there be no more than five fuzes or 25 tubes in one package and that the package be a hermetically sealed metal cylinder.

Railway fog-signals.

Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in division 1, such as—

Cartridges for small arms, which are not safety cartridges.

Cartridges and charges for cannon, shells, mines, blasting, or other like purposes.

Shells and torpedoes containing any explosive.

Fuzes for blasting, which are not safety fuzes (including electric fuzes which are not detonator fuzes).

Fuzes for shells.

Tubes for firing explosives.

War-rockets, which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in division 1 such as—

Detonators.

Cartridges for small arms, which are not safety cartridges.

Fuzes for blasting, which are not safety fuzes (including detonator fuzes).

Fuzes for shells.

Tubes for firing explosives, which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

Class 7.—Firework Class.

The firework class has 2 divisions.

Division 1.—Comprises "firework compositions", that is to say, any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and any "star" and any colored fire composition which is not included in division 2.

Division 2.—Comprises "manufactured fireworks", that is to say, any explosive of any of the foregoing classes and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, toy-cap or amorce, serpent, rocket (other than a war-rocket), maroon, lance, wheel, Chinese fire, Roman candle, or any other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals.

A substantially constructed and hermetically closed metal case containing not more than 1lb. of colored-fire composition shall be deemed to be a manufactured firework and included in this division.

The 7th (firework) class shall not include any explosive or composition which is liable to ignite spontaneously whether it forms part of a manufactured firework or not or any manufactured firework which contains its own means of ignition but shall include amorces as herein defined.

Amorces (whether in the form of toy caps or igniting tapes) must consist of dots of one or other of the undermentioned compositions enclosed between two pieces of paper or separated by a sheet of paper or cardboard, in a proportion not exceeding seventy grains of such composition to every one thousand dots.

Composition (*a*).—A mixture of chlorate of potassium and amorphous phosphorus, with or without the addition of (1) nitrate of potassium, sulphide of antimony and powdered sulphur (free from acid), or (2) chalk, rye, flour and resin (sandarak), or (3) manganese and glue; provided that the amount of amorphous phosphorus present in the mixture shall in no case exceed the proportion of ten grains in one thousand dots.

Composition (*b*).—A mixture of chlorate of potassium and ferrocyanide of lead.

PROHIBITED EXPLOSIVES.

2. The manufacture, possession or importation of the following explosives is hereby prohibited under Section 5 of the Regulation, except under a license from the Government of Mysore, but the manufacture and possession of such explosives at any place is permitted so far as is necessary, in the course of the manufacture at such place under license of the Government of Mysore, of other explosives.

List of prohibited explosives—

(1) Nitro-glycerine and all other liquid explosives.

(2) All explosives belonging to the 3rd (nitro-compound) class which are of inferior quality or have become deteriorated in any way.

(3) Fortis explosive and ammonite.

(4) All explosives belonging to the 4th (chlorate-mixture) class (except such as the Government of Mysore may hereafter notify in the Official Gazette and which have not become deteriorated in any way).

(5) All explosives belonging to the 5th (fulminate) class.

(6) All explosives belonging to the 6th (ammunition) or 7th (firework) class which contain prohibited explosives (except explosives of the 6th class containing explosives of the 5th class for the purpose only of developing detonation and except amorces).

MANUFACTURE, POSSESSION AND SALE.

(*a*) *General Rules.*

3. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.
